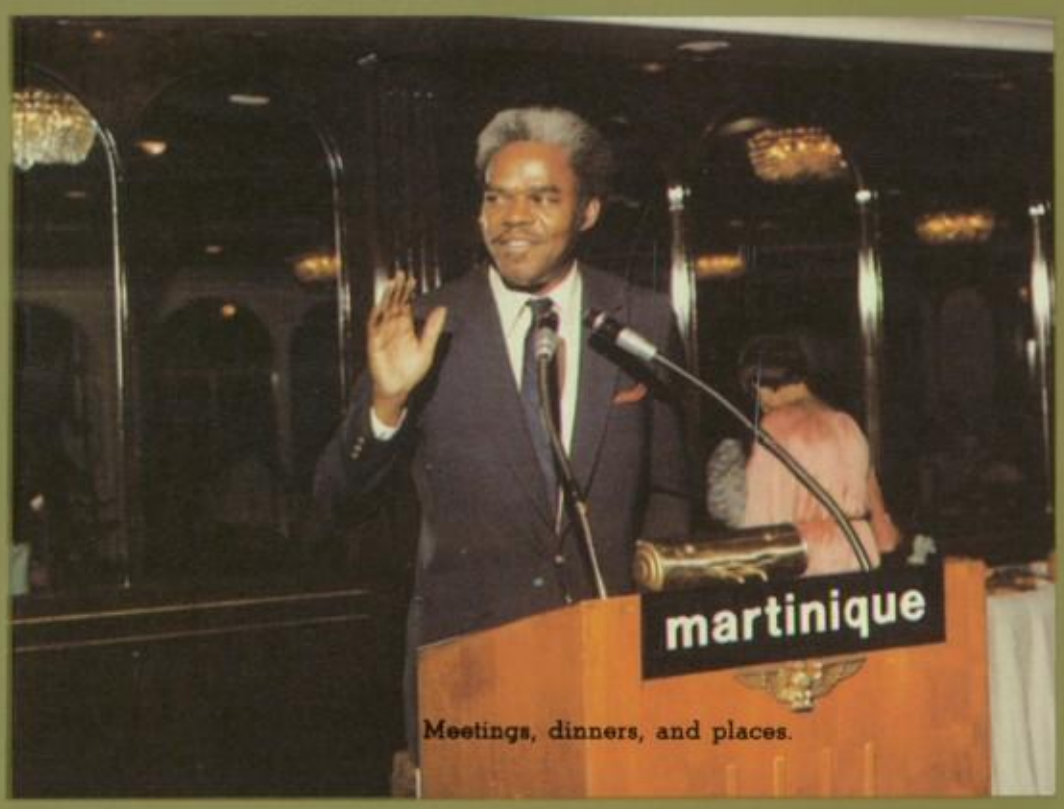
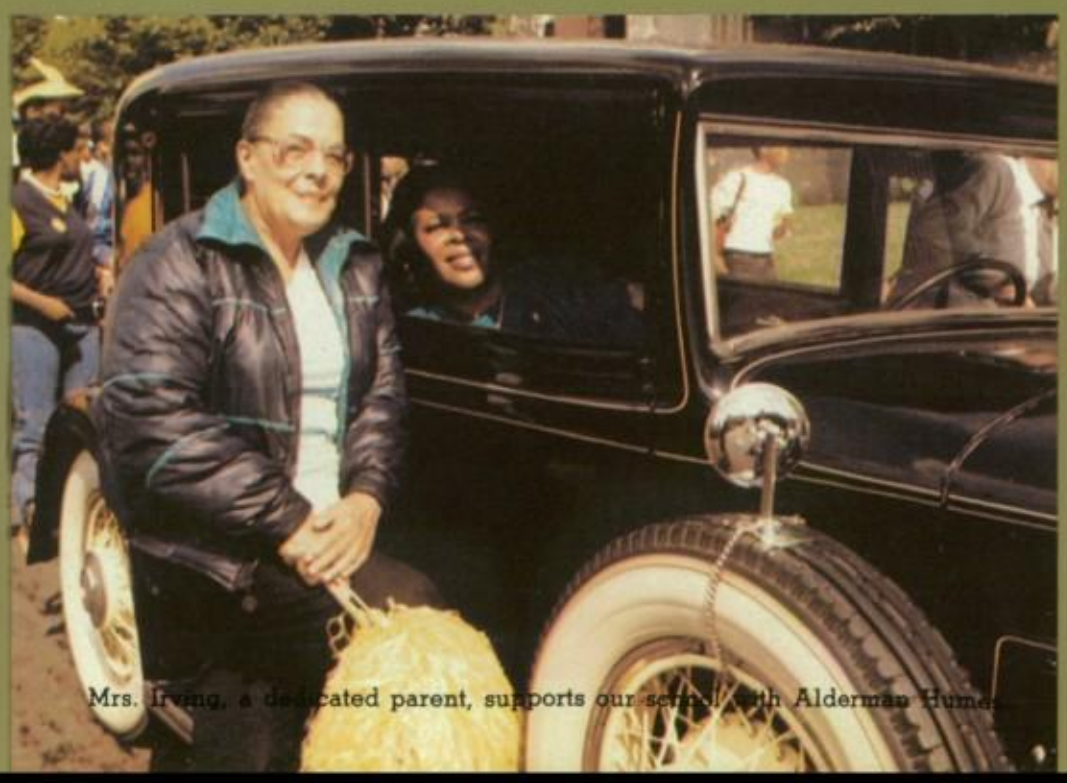
## Rain or Shine
## Dr. Burnett Is At
## The CVS Activities

Dr. Burnett gives diploma to graduate Donna Dawson.

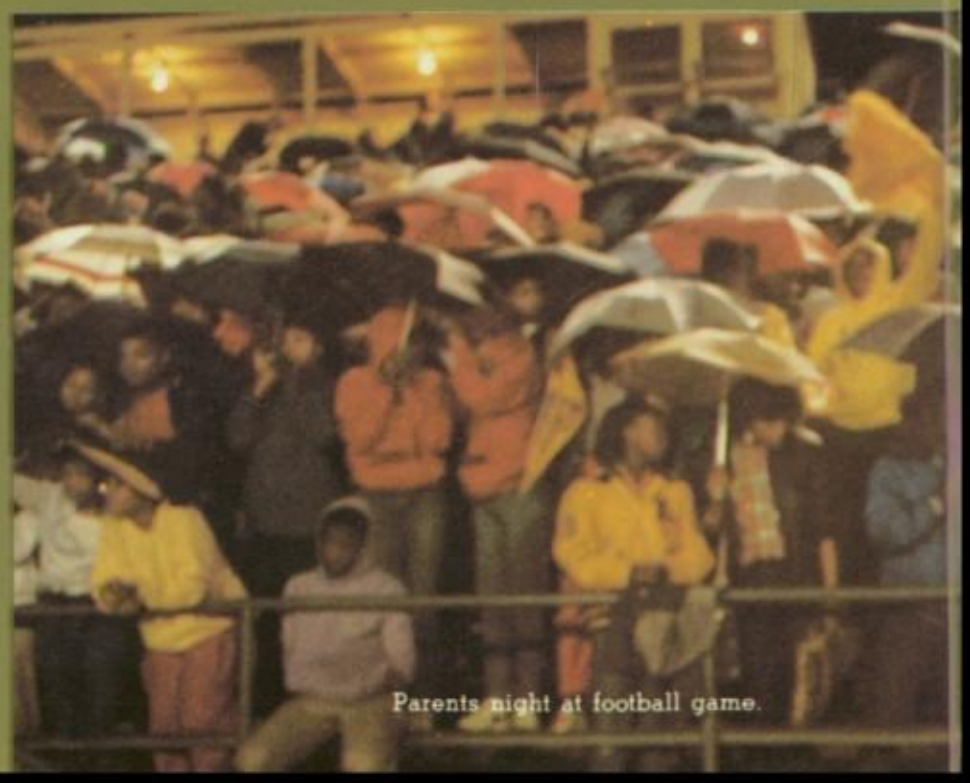


Meetings, dinners, and places.

Faculty function.



Mrs. Irving, a dedicated parent, supports our school with Alderman Humes.



Parents night at football game.

# ADMINISTRATION

Monarch

Dynasty

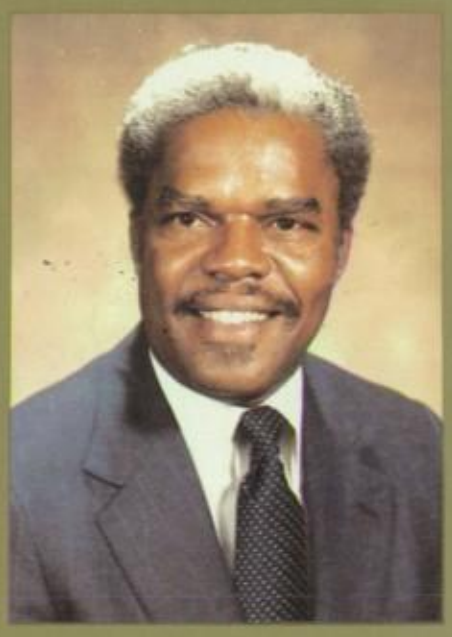
Democracy

CVS has it all!

Our first assistant principal, Mr. Leodis Arburtha, supervises teacher aides, disciplinary problems, student activities and a trouble shooter for everyone.

Mr. Bruce Erling oversees the vocational shops. He is referred to as the "shop superintendent."

Our Administrative Staff has dedicated many hours of work to CVS in order to provide students with a proper educational environment. Their goals are many. Their jobs entail a variety of time consuming paper work, frequent meetings, and important decisions.



Dr. Roosevelt Burnett, CVS principal, is the unifying force behind the operation of faculty and student body, working together. He can be found in his office conferring with visitors, parents, teachers and students at all hours of the day or evening. One might see him in the corridor clearing students out of the hallways, attending special events or presiding over assemblies.

Mrs. Leona Brady supervises the program office. She is responsible for the master programs of the teachers and students. A modern computer recently installed in the program office makes her job easier.

Mr. Robert Tofilski is in charge of teacher personnel. He is responsible for making sure absent teachers have substitutes, which is not an easy job after the teacher cut backs.

Security personnel is handled by Dr. John Hayes who makes certain that our building is safe for everyone. He also oversees the departure of students at the bus stops and in the immediate area.

# "THE FEW . . . THE YOUNG . . . THE PROUD . . ."

## Top Ten

These seniors represent CVS and are chosen by votes by their peers for their involvement in clubs, organizations and activities while maintaining their academic standings.

Congratulations are in order to them.

## Notables

The notables are chosen by nomination and then voted on by the entire senior class. They represent the students who stood out during their four years at CVS. It's not easy to be best dressed or funny for four years.

# AMERICAN DREAM

Victory Gardens Theatre brought "American Dreams" to Chicago Vocational High School on February 7, 1986 and presented it to some selected students at no charge to the students.

Peter Frisch has taken Studs Terkel's best-selling **American Dreams; Lost and Found** and culled from it some of its most passionate and telling statements, and divided it into six segments of theatrical concert: fantasies, nightmares, hallucinations, sweet dreams, broken reveries and visions.

What emerges from this fabric is a strong sense of the individuality of the American and you walk away feeling privileged to have been in their company.

# GRADUATION

"Pomp and Circumstance" was in order for the climax of four years of high school. The 1985 class of 600 plus seniors and their parents and guests filled the Pavillion at the University of Illinois-Chicago to witness the rewarding of the well-earned and deserved diplomas. This was the day that the graduates had worked for—GRADUATION DAY! High school was over. For many it was the end of part-time jobs, of homecoming assemblies, of cramming for exams, and worrying about the homework that wasn't done. It was the end . . . and the beginning.

Mr. George Munuoz, the president of the Board of Education, delivered the graduation address while the valedictorian Dawna Dawson, salutatorian Thomas Sloan and honor students shared the platform with the other dignitaries.

The 1985 class had to deal with changes graduation requirements. They had to more math and science to their curriculum and there will be even more changes in 1988.

# ROTC—MILITARY BALL

Everyone danced on some numbers played.

Sgt. Smith and Sgt. Schlicter with Noynesa Kind and date after her winning as Queen.

The annual City Cabet Corps Staff Commissioning Ceremony was held Thursday, 27 1986 at 1000 hours. The location will be rooms 3, 4, and 5 of the Professional Development Resources Center, Fourth Floor, Center, Fourth Floor, Center Building, Chicago Public Schools, Administration and Service Center, 1819 West Pershing Road.

Those cabets who have been appointed Commander, Deputy Commander, the members of the Commander's Staff (S-1, S-2, S-3, S-4 and Assistants) and the members of the City Cabet Corps Color Guard were honored at this ceremony and will receive their commissions and warrants.

Cadets wore their issue uniforms as described in paragraph 2 and 3, Annex M. CHS JROTC SOP.

a. Authorized service and achievement ribbons were worn; however, **no medals or Sam Browne Belts were worn.**

b. Female cabets wore coat, women's serge AG 344 and no head gear. Male cabets wore the Garrison cap, serge AG 344.

All cadets appointed to the City Cadet Corps Staff and the Color Guard reported to 1SG Jerry Hogston, Administrative Assistant to the DAI, in the PDRC lobby area at 0830 hours, 27 February 1986.

SAI's of the City Cadets Corps Staff members were present at the ceremony.

Ushers, furnished by Dunbar High School, reported to LSG Jerry Hogston in the PDRC Lobby area (4th Floor) at 0800 hours.

It was a very formal and beautiful ceremony.

Courtland C. Bivens, Jr. and Colonel was in charge of this reception along with Sgt. Smith.

Sgt. Johnson, U.S. Marines; Capt. Mercado, U.S. Army; Sgt. Maddox, U.S. Army; Sgt. Merrell, U.S. Army

# SENIOR GIRL'S AND BOY'S COUNCIL

The Senior Girls and Senior Boys Council are service clubs of the school. When guests are in the building, these clubs serve as ushers and information stations for them. The traditional red and white uniforms for the girls and the handsome gold wool blazers for the boys are standards at CVS and demand respect. Underclassmen know when they see these groups in uniform, there is something important happening at the school. The induction of new members is very similar to college initiation into a fraternity or sorority with all of the fanfare. Yes, the new inductees have to dress in funny clothes with each thing being a symbol for something, that is, socks meaning childish ways and stockings meaning growing into man or womanhood. They have wigs, lipstick, shorts, old clothes, war paint, braids, and extra pounds added in special places to produce laughter and wonder from the rest of the world.

This ceremony lasts two days in the spring. If they survive it, then they have made the group. After this, they have training sessions for both. The sponsors, Mr. Doyle and Mrs. Daane meet at 7:00 am with their groups once a month to go over activities. This month they will talk about initiation for next year!

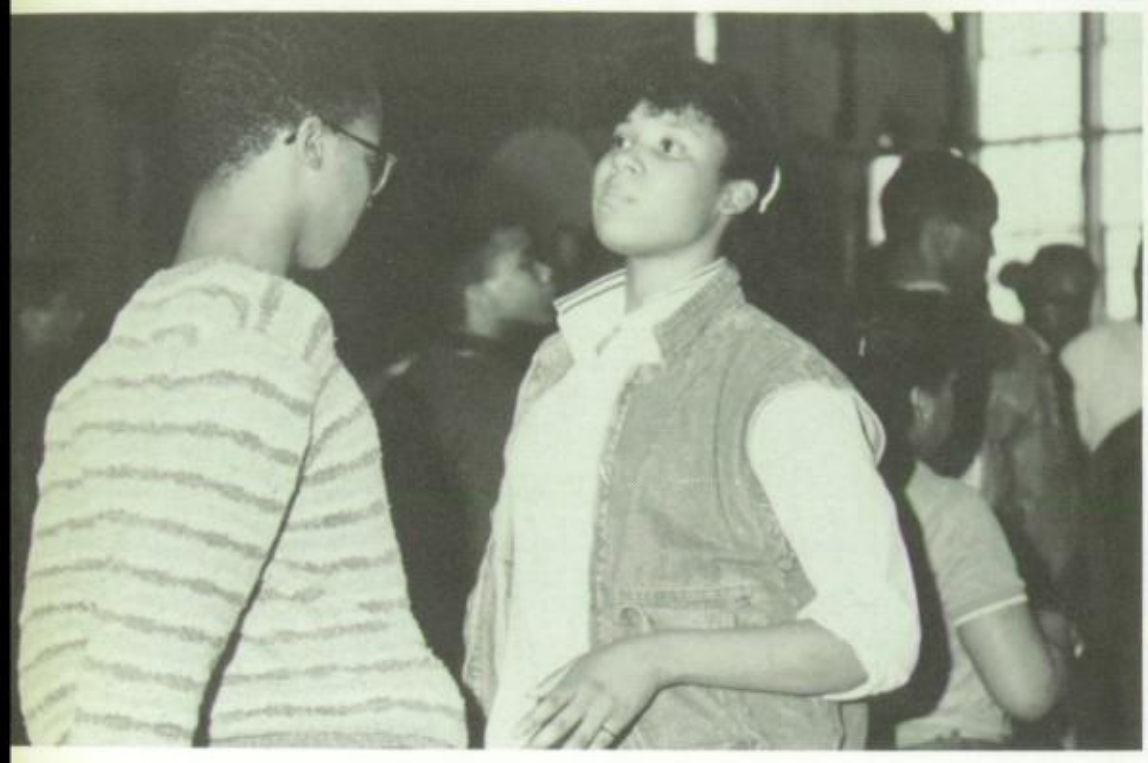
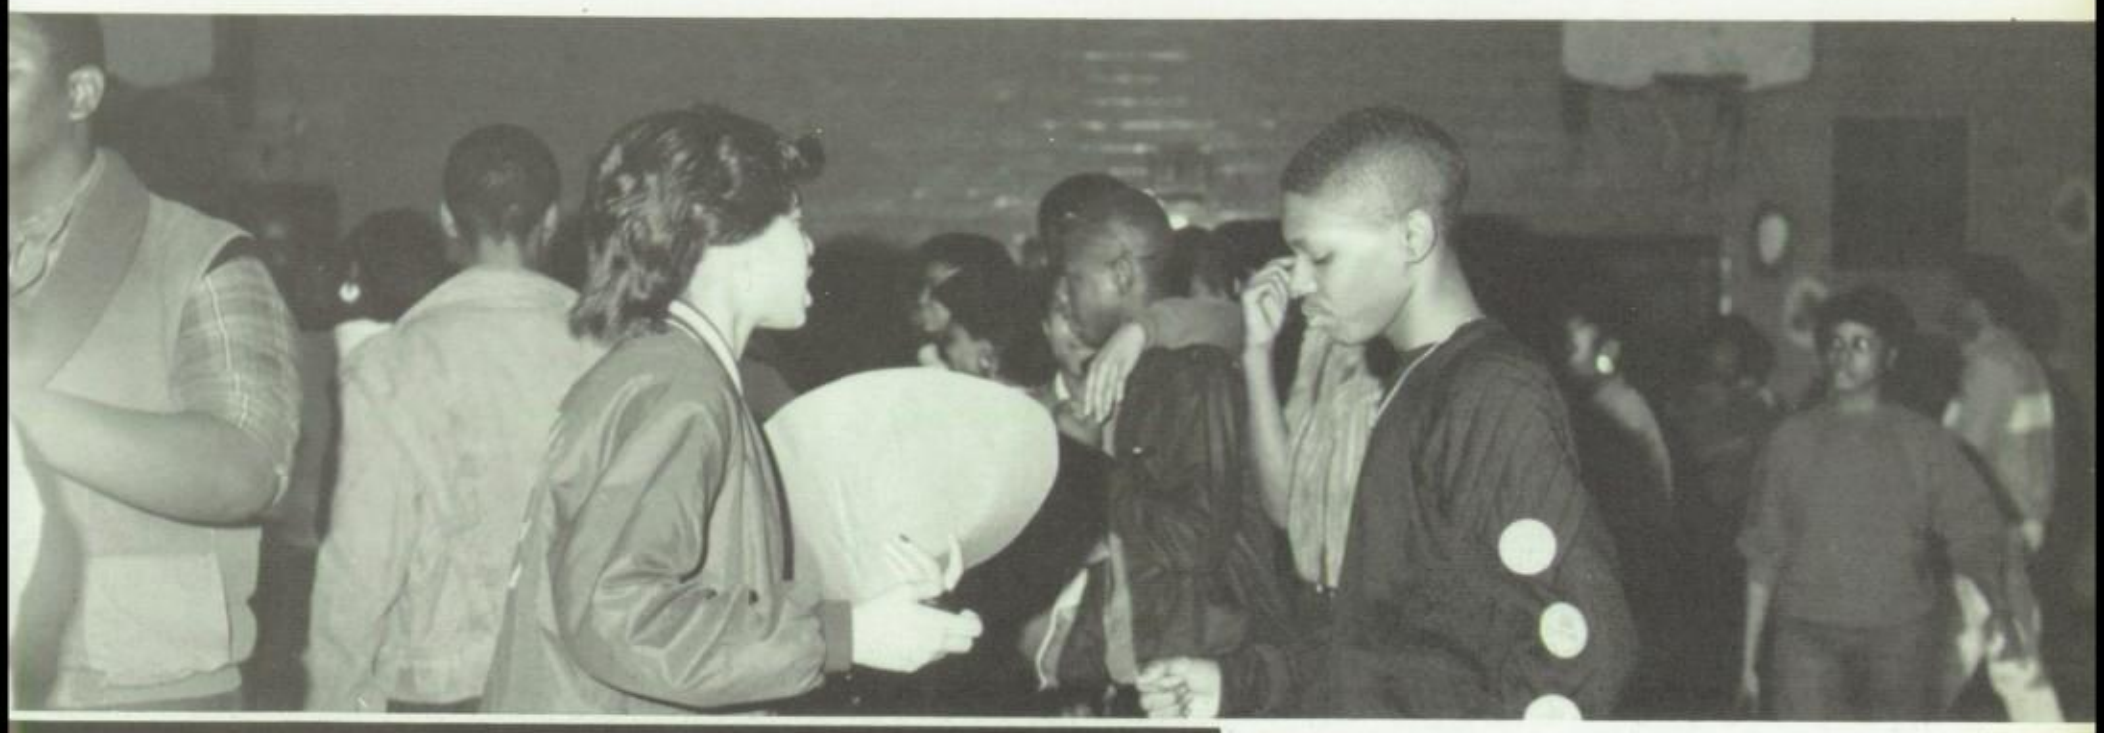
# SENIOR DANCE



The Senior Get Acquainted Dance was a hit! It was held in September and was to help Freshmen get acquainted. About 1000 students attended and the $1.00 charged went to help reduce Senior fees for graduation. Most of the students danced and some were outrageously wild, while others were very cool. The music was 'live.' If you didn't know the song, all you had to do was listen to the students as the D.J. played. The dance was supervised with faculty members walking around to make sure everything was under control. Ms. Roedel and Ms. Czaja were the sponsors this year.

If you didn't go, don't miss it next year.

# HOMECOMING DANCE—GET ACQUAINTED!



On September 27, 1985 the Homecoming activities ended with a dance in the big gym. The best parade in years, preceded the game which we won over Hyde Park. In our gracious celebration, we did some serious 'jacking to classic house music.'

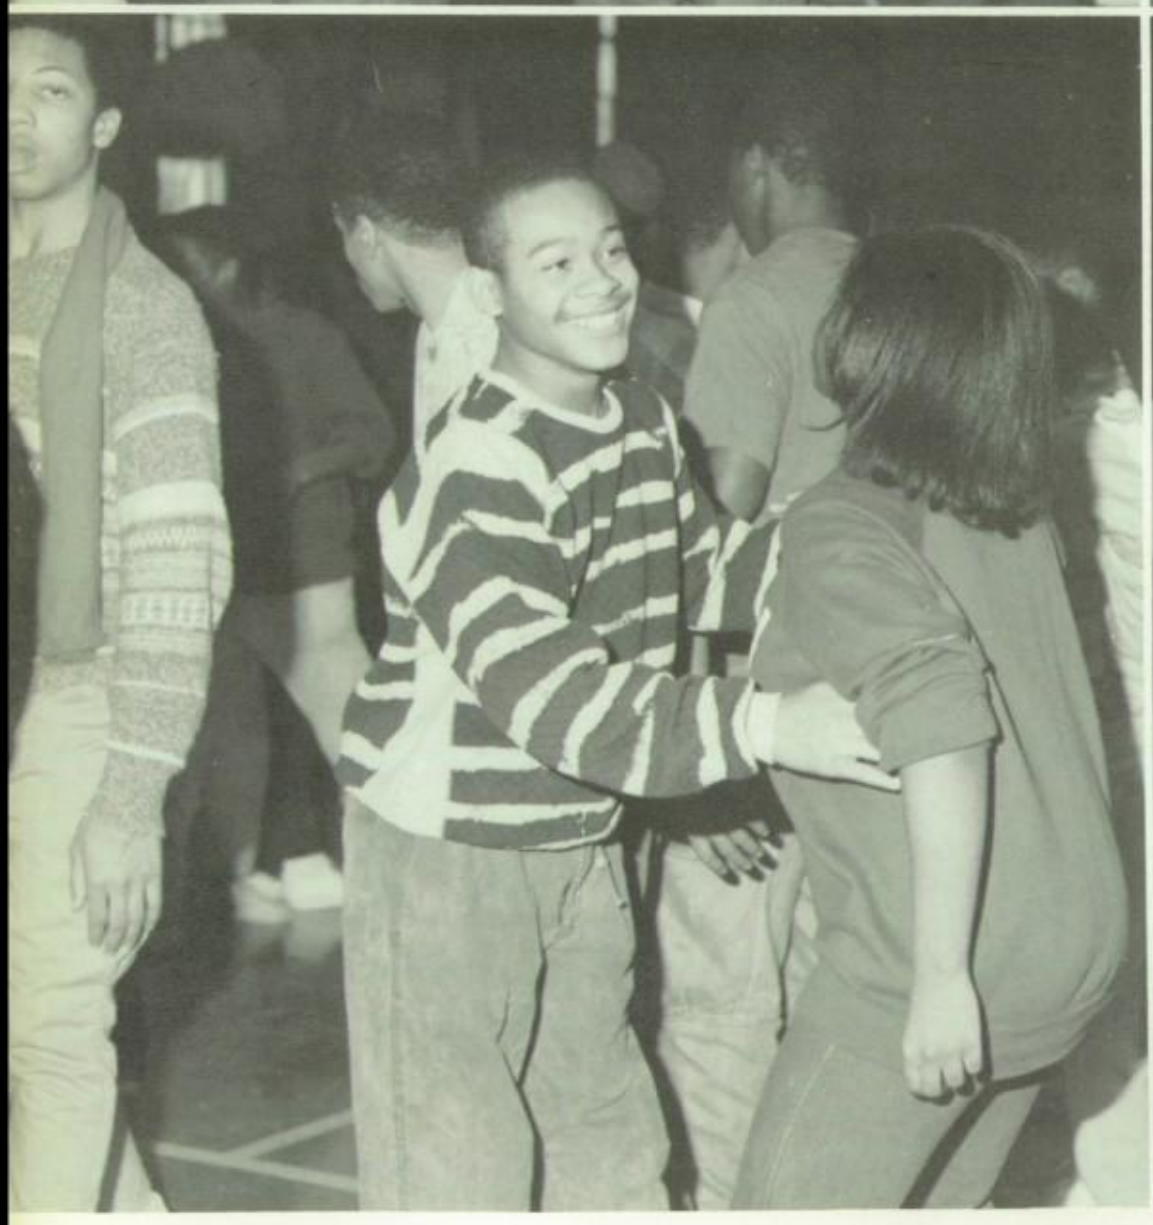
Some of the various 'house cuts' played were 'I Can't Turn Around', 'You're Just a Bad Boy,' 'It's Not Over,' 'Time to Jack,' 'Like This,' and many, many more played and produced by the guest D.J. Chip Easley.

As usual at the dance, the Homecoming King and Queen were honored again. They were crowned and marched down the isle with the ROTC standing as honor guards. Curtis Walden and were striking royalty. Although the dance ended at 11:00 pm, the party lasted all night in everyone's mind; the glorious sensation went on and on.

FLASH DANCE!

DANCE FEVER!

# SENIOR GET ACQUAINTED DANCE



# MOVIE

THE LAST DRAGON—Vanity—PG-13 ****
A black Bruce Lee seeks a special glow and helps a beautiful disco queen from the bad guys.

Krush Groove—Shiela E.—R ***½
Talented rappers try to make it big on a new record label.

# ACADEMICS

# ENGLISH

## Learning the Language.

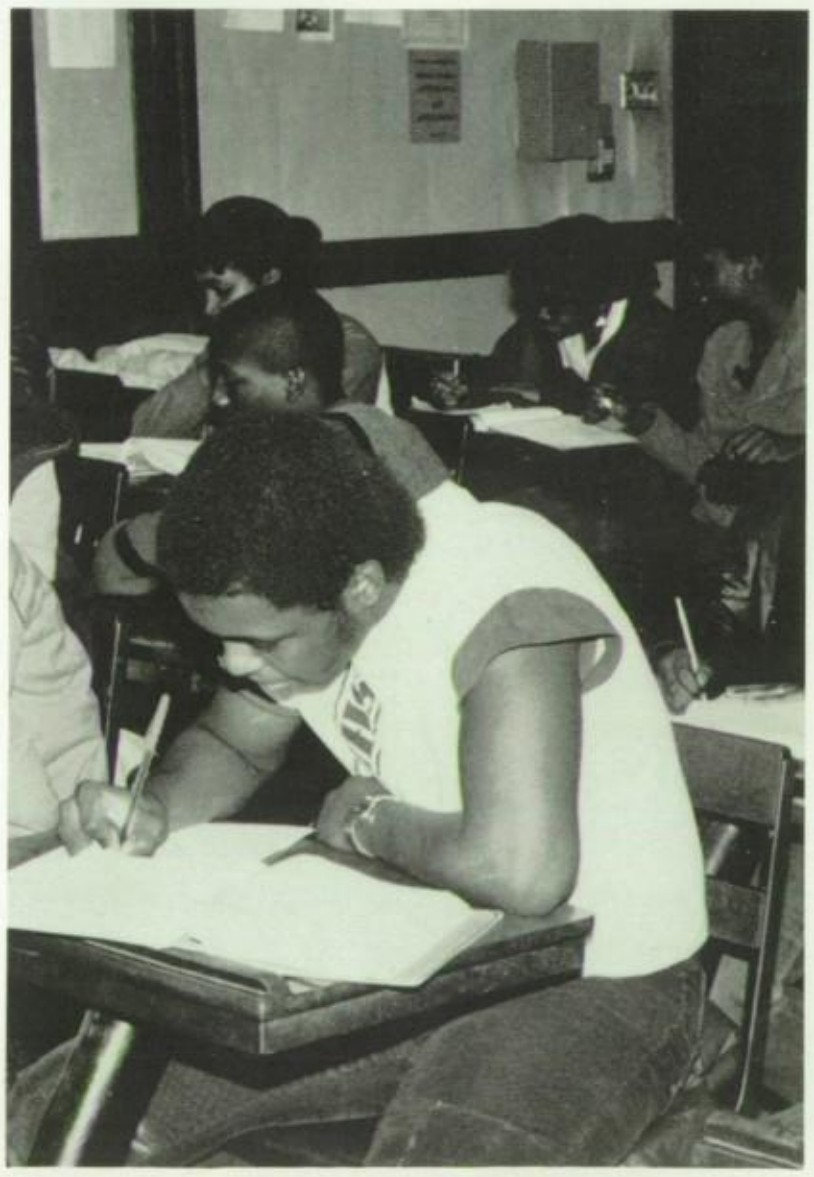
Regardless to your major or future job plans, four years of English is required of each graduate. Although some substitutes can be taken at different levels, the student is expected to grasp the essentials of the four year course.

Students may take Journalism instead of English II or Drama instead of English III. There are mini-courses which feature one specific subject such as Shakespear for ten weeks.

Freshmen are required to pass the paragraph test and sophomores the essay test. At the junior level, they are required to pass a Macbeth test. The seniors are required to write a term paper.

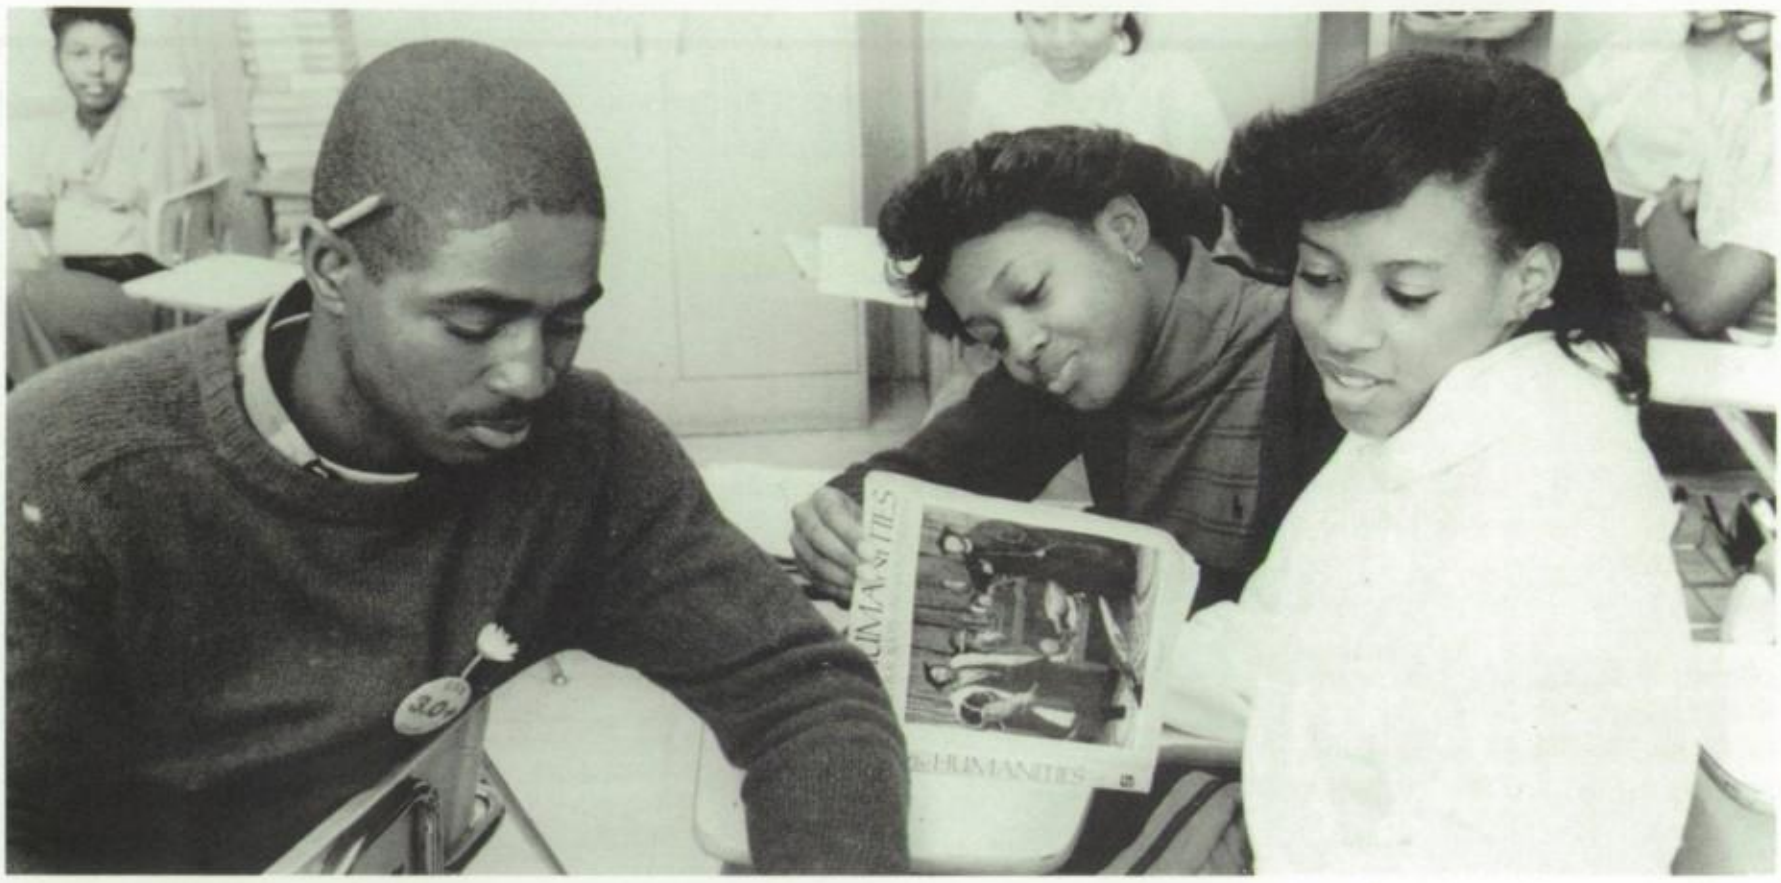
Movies, plays and fairs make the English requirements more likeable. Field trips are arranged by various teachers to theaters or other educational resourses.

Writing compositions will always be a part of high school.



How do you make it interesting?

# "THE MIND IS A TERRIBLE THING TO WASTE"



Humanities takes group discussion sometimes.

Drama is a part of the department.

Novels are a part of the senior English classes with Mrs. Roedel.

## STUDY!

# "LEARNING THE LANGUAGE"

## Math

### Math, the fear of the Midway

Can I remember and will I pass this test? Math is like a foreign language that you must remember in order to achieve and go on to the next step. This year, everyone has been trying to get better grades in mathematics because of the college entrance examinations. Students must make a better showing in order to get into the college of their choice.

Homework and a patient teacher is the answer to the above questions. Students must apply themselves and want to do well in math. The Chicago Board of Education has made it manditory for more math to be in the curriculum this year. Some of our students are enrolled in college math classes which will aid them in their future courses. Algebra and trigonometry are the courses taught after school. Some students take the subject duirng Saturdays or during the summer on scholarship.

Many students must learn the language of math and make it a part of their daily lives. Failure should not be a part of their life.

An explanation by the teacher makes it easier for gets the right answer.

Laronda Myles and LaShawn Freeman discuss the angles.

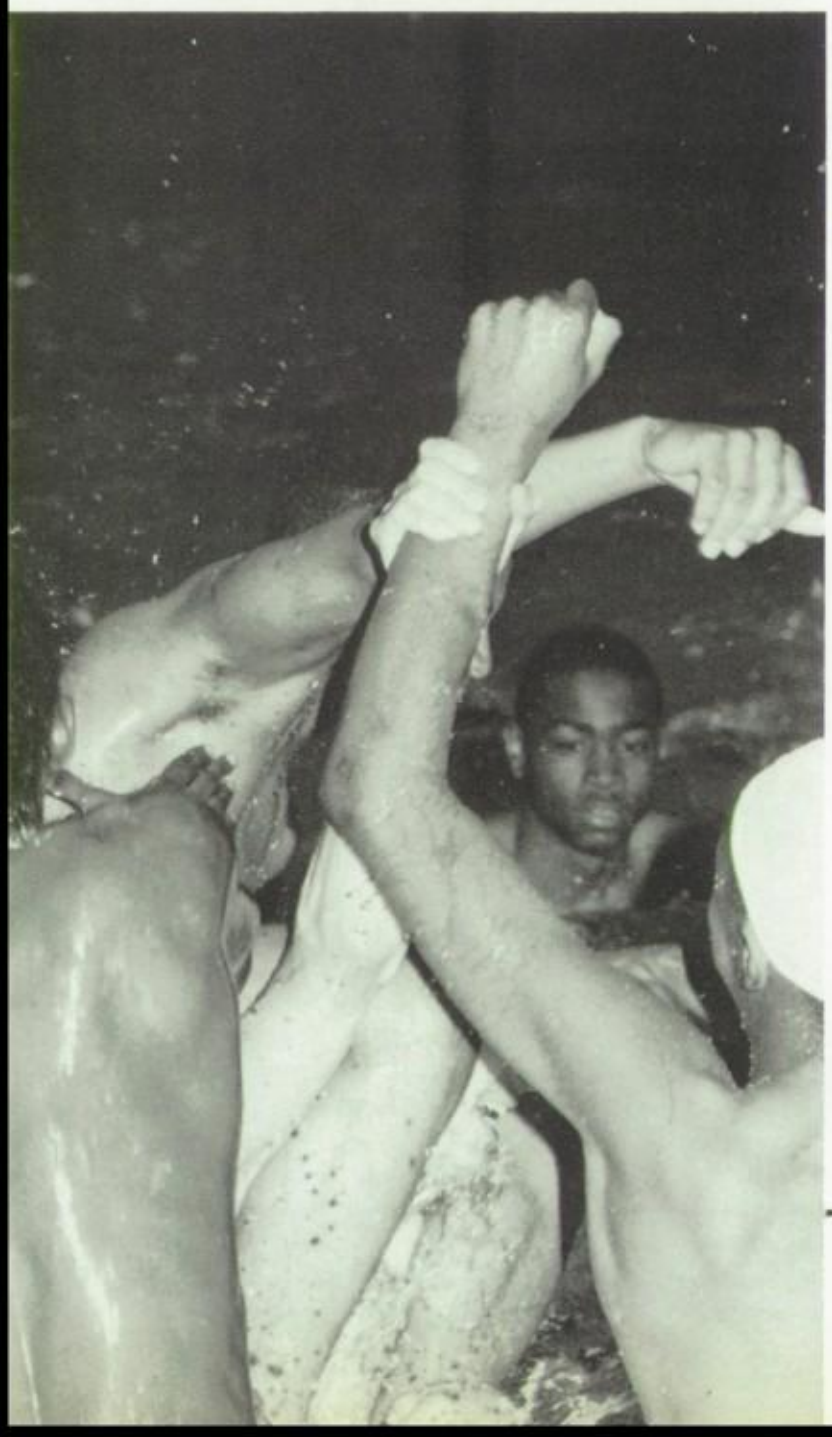
# PHYSICAL EDUCATION

Physical Education is one minor course that requires of all students for four years to meet graduation requirements. The students enjoy P.E. because they learn and participate in so many sports that otherwise they wouldn't get the opportunity.

In addition to getting daily exercise and keeping physically fit, they are introduced to a sport or dance every five weeks. Health, hygiene and sex-education are also components of the P.E. program.

Students consider physical education easy because it is such an enjoyment and something new and exciting all the time. P.E. doesn't give the students enough time to get bored before going to a new phase of the program. It also allows the students to relieve tension that might have built up.

The highlight of physical education is when you get your license in your second year of high school.



Swimming during gym classes keeps students fit.

Exercise is important for a performing body.

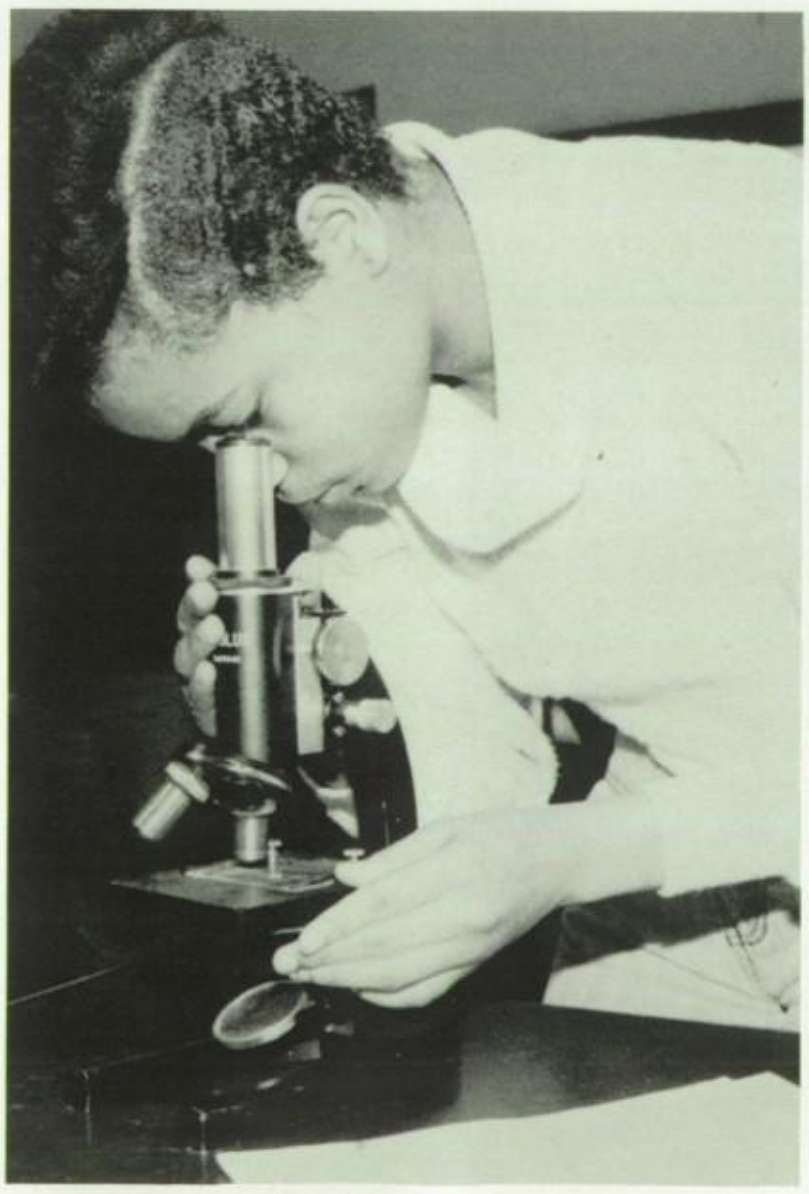
Darryl Crutchfield watches classmates play in swim-gym.

# SCIENCE

## Biology . . . Chemistry . . . Physics . . . They are all hard!

All students, freshmen to seniors, will need two years of lab sciences to graduate. CVS offers biology, chemistry, and physics and college chemistry. Taking the science classes gives the student time to explore and a chance to prepare himself for college. The sciences are always a prerequisite for many other things a student might want to do. Some of the jobs offered in the sciences carries with it another chance for the student to get a college education free. Yes, labs like Baxter and Roche will pay for a masters and doctors degree when you agree to work for them. Today, there are scholarships offered to students who want to teach the sciences. There are interesting jobs becoming available in marine biology, disease control and agricultural mutations. Yes, science can be exciting and not just hard.

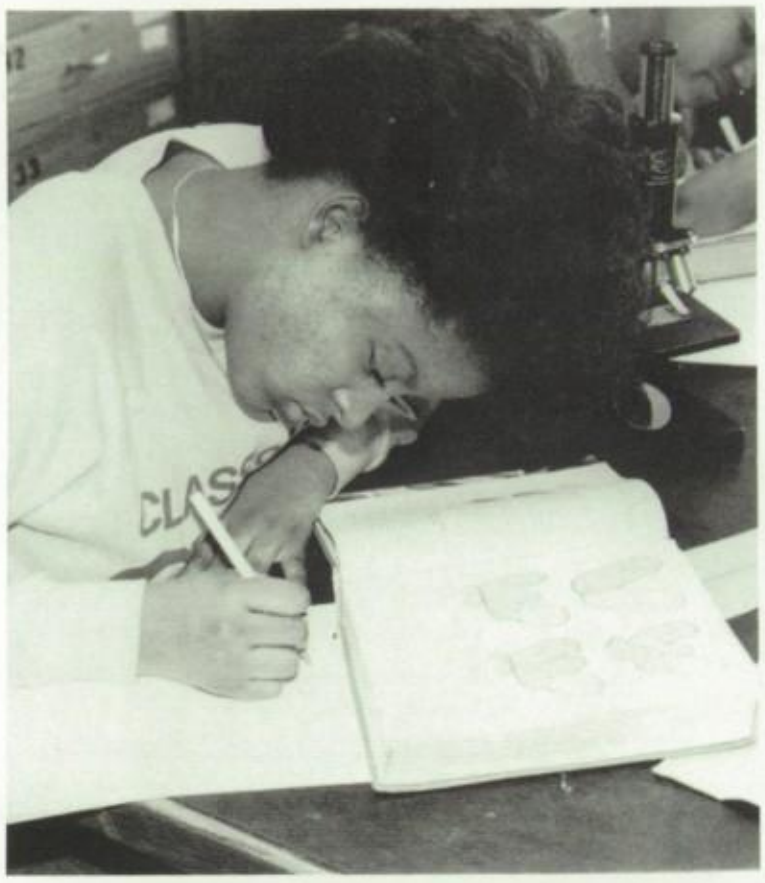
Frogs are the favorite of all work in biology.

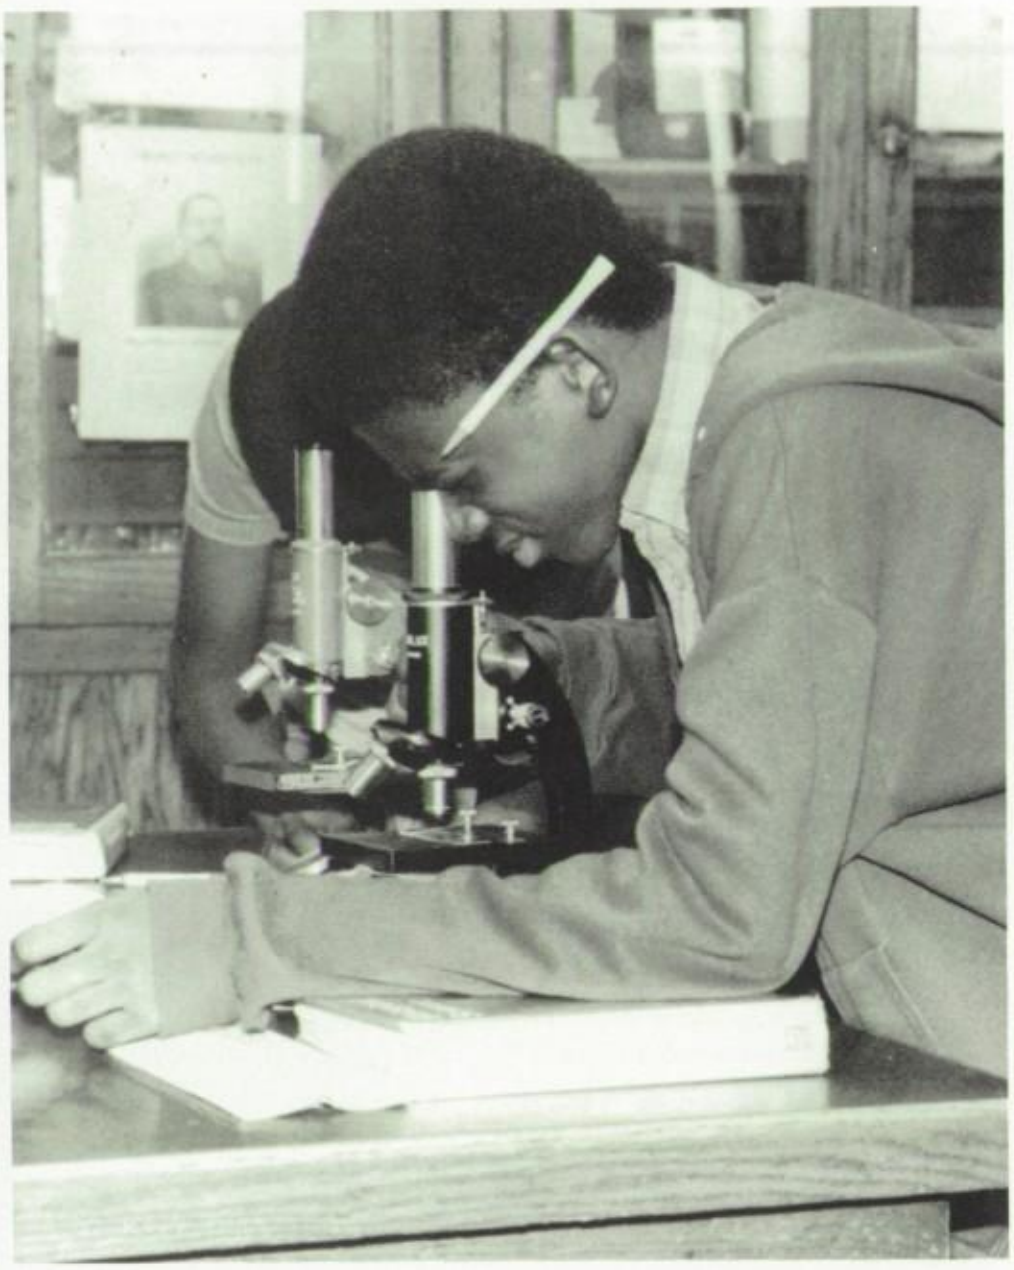


Science is the backbone of a well-rounded student.

There is a different world under the microscope.

# BIOLOGY





Biology is the study of living plants and animals. Biology is a most vital subject for persons interested in majoring in a field revolving around science. It will help any student who is entering the following fields: medical secretary, physician, technicians, medical assistants, and etc.

Here at CVS there are plenty opportunities to enroll in Biology. There are two levels in Biology, these are regular and honors. In order to take Biology you must have at least regular English essential will not be acceptable. In Biology you can anticipate on becoming familiar with your body and how it functions. Biology can open a new door of exploration to you. It will help you to understand life and the significance of it. If you choose to take biology you might find it is very refreshing and is satisfying to your intrigued mind. Many unanswered questions of years can all be found in the day-to-day experiments.

If I'm lucky, my answer matches the one in the book.

Microrganisms may have the key to many of the problems of the medical world.

Disection is the best part of biology.

# ART EDUCATION WEEK IS MARCH 10-14

## ART CLASS VISIT ORIENTAL & DuSABLE

The first ten weeks of each year is devoted to design projects in all art classes. The reason is be ·ause all projects must be designed or an orderly plan for the process developed.

In addition to the stitchery, weaving, sculpture and printmaking, the first year art students were able to do many projects with clay. A large donation of firing clay was received in the Art Department and the results were wall plaques of houses, planters and a tea pot with cups. Students were not eager to start with clay at first, but soon saw results of their classmates and delved right in with them.

The art classes in Mrs. Vance's room went to the Oriental Institute and the DuSable Museum this year to study the Egyptian and African Art works. Slides and movies in the classroom reinforced what they saw during their visit and some material was included on the final exam.

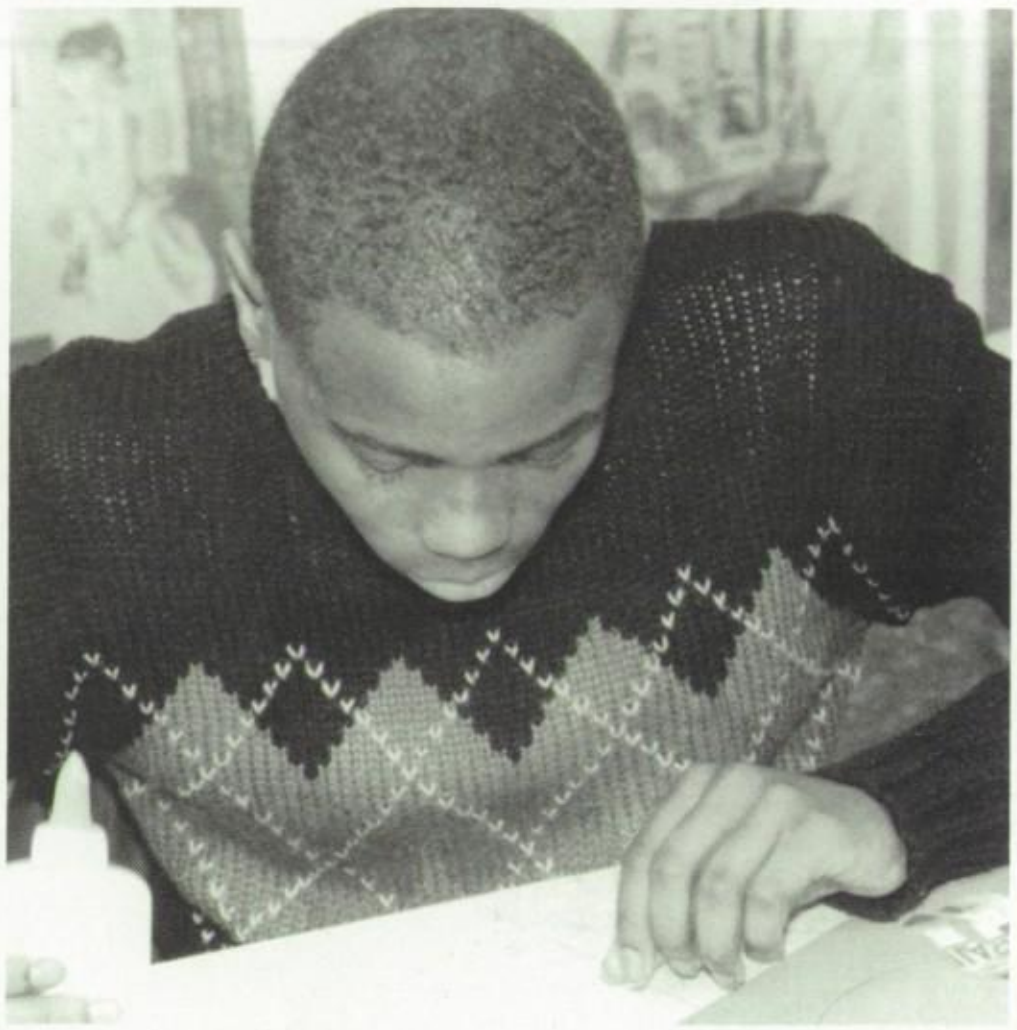
The art one curriculum is a survey or an appreciation course which includes many short projects. Students have a chance to decide which project they really like; the one they would like to keep as a life time hobby. Rug hooking and model plane making or even jewelry making might be the hobby or avocation of some of our Art I students. Mrs. Vance, Mr. Messiah and Mr. Spann teach the Art I classes.

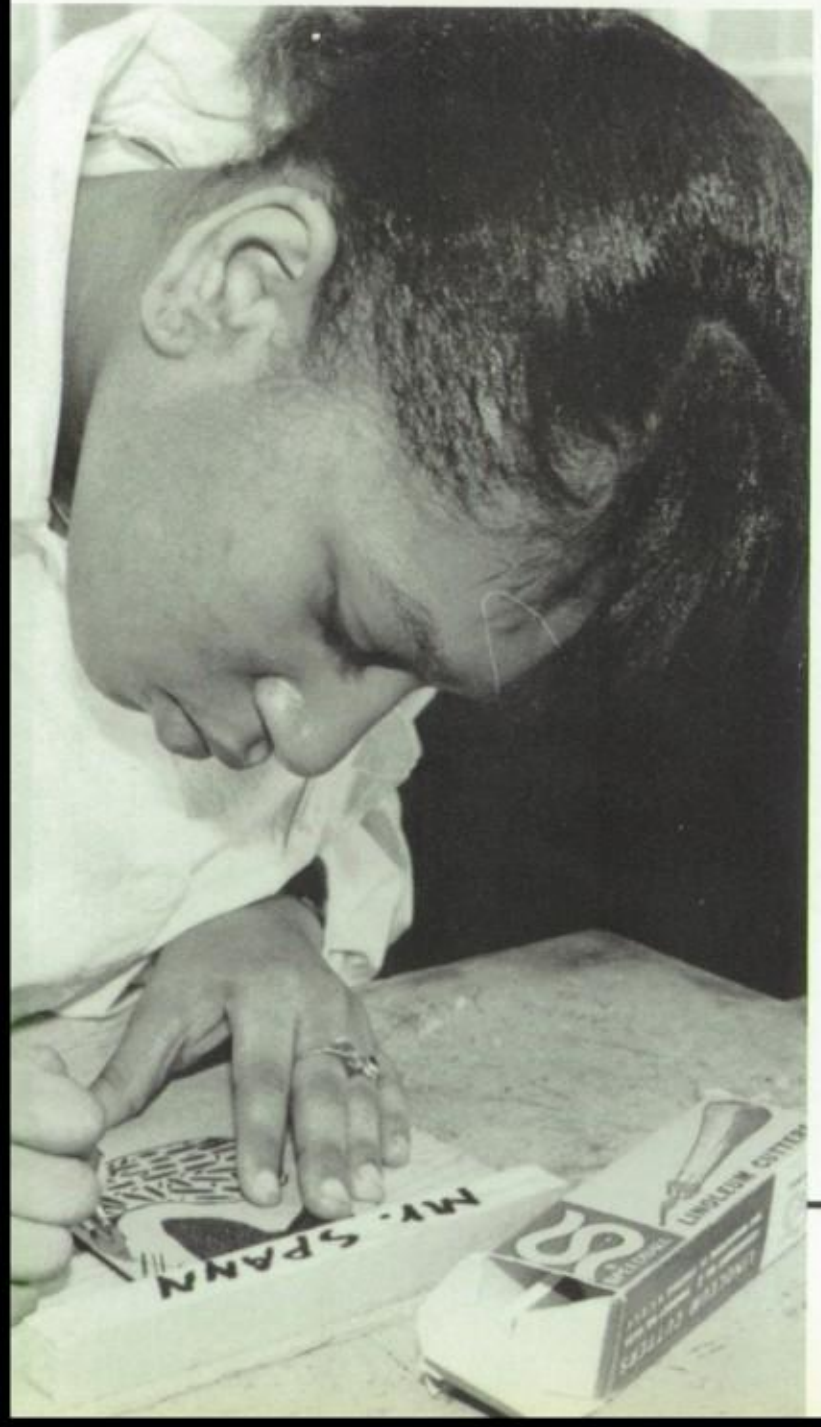
Gail Hight and get instructions on latch hooking from Mrs. Vance.

Linoleum block cutting is easy for LaShan Sheppard in Mr. Spann's art class.

Cutting out designs is the beginning of art instruction for Tawatha King, Misty Thurman and

# ART FOR EVERYONE





Designing is an important part of all projects for

D. Powell tries to make his design neat.

Linoleum block printing is time consuming but fun.

Rugs latch hooked in Mrs. Vance's art classes.

Color schemes and harmony, complementary, and abstract are a few of the terms students in Art I should know. The art classes are really a survey of many different types of art with the study of history placed within the framework. Trips to the Art Institute, Oriental Institute, DuSable Museum and other locations around Chicago are on the agenda. Learning how to draw, paint, sculpt, weave, stitch, construct, print, paste-up, design, latch hook, and appreciate are all taught.

Have you ever seen a car that was built fifty years ago. If you have then you can understand and respect the ever changing auto and the inventor. Someone had to design these new cars. It was the artist. Art is all around us and the students in the art classes experience art in many forms to better understand this. We tend to overlook the obvious things in our lives, but someone had to think they were important. Talent is everywhere in everyone.

Students interested in majoring in art must go on into Commercial Art where they will have extensive training in drawing and painting.

Mrs. Vance, Mr. Messiah and Mr. Spann are always looking for new students and ideas.

# MUSIC

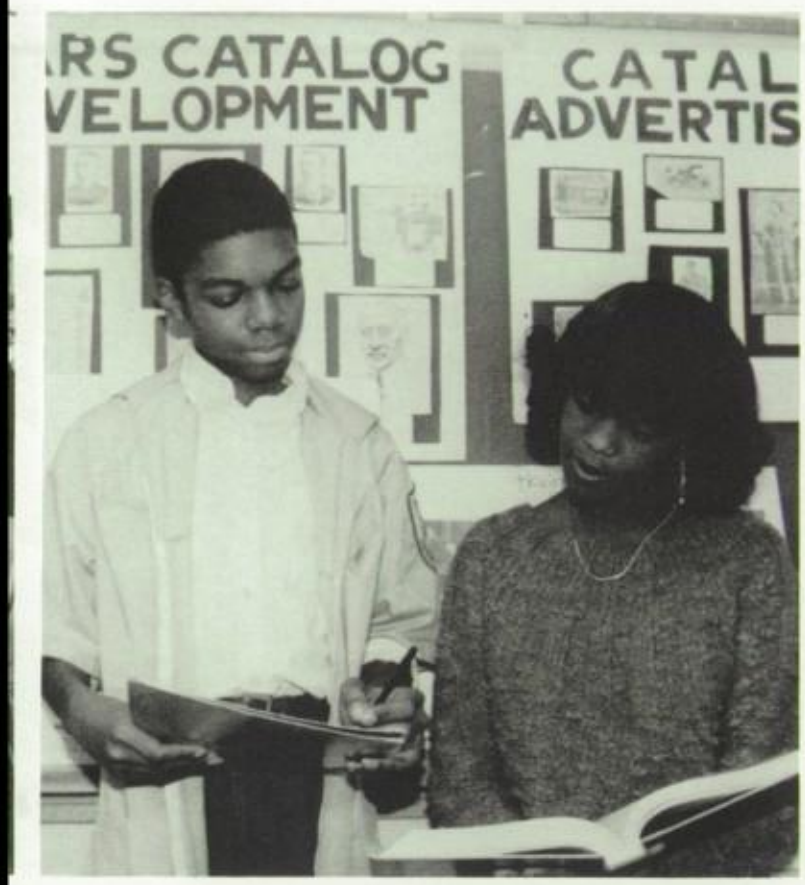
The general music department, under the direction of the new department chairman, Dr. Naylor, is looking toward revision and increased enrollment this year. Some of the areas have increased 100% and enthusiasm has tripled. Music students study general music, history of music and practical application on the flute. Students have one year of general music and talented students are invited to the Vocademic Department where they can major in subject. Mrs. Bolin and Mr. Keys are the instructors for music.

Easy tunes on recorder and the scale are learned first.

Dr. Naylor instructs students in guitar.

'Me and My Shadow' sounds good in this music class.

# HISTORY



Knowledge of the past helps us understand the present and future. Three years of History is required of the CVS students. They may also take electives in their third year which are either Law or Afro History. In the US History Class, students are required to pass the Public Law or Constitution Test to get credit for the class.

Sophomore History electives are Area Studies which includes Americas, Asia, Europe. World Georgraphy or Early World History, and Modern World History. Juniors may take United States History were they must take the Public Law Test.

Senior Electives are Consumer Economics, Law in American Society, Economics, Contemporary American History, Afro American History, Humanities, and Future Studies.

The History Department also sponsors a History Fair that has the theme of 'Chicago' each year. Winners go to the city competition.

# VOCAL

The Vocal Department under the direction of Mr. Woods has progressed a long way. They now have a Mixed Chorus, Boy's Chorus, and a Girl's Chorus. These groups practice independently of each other and give performances at different times. They sing outside of school for concerts and programs at churches, festivals, and invited occasions for the Mayor or the superintendent of Schools, Dr. Byrd.

The vocal department develops not only the voice, but the breathing ability of the vocalist.

One of the competitions the Vocal Department has represented CVS in has been the Choral Festival where we always receive a superior rating.

The Vocal Department participates in the Fall Talent Show, MLK Association, Christmas Show, Solo Festival in February, Ensemble Festival in March, Chorale Festival in April and this year the first Broadway Musical, 'Purlie,' in May.

Mr. Woods is proud of his wonderful voices and the student participation this year. He is also the director of the world famous 'Push Choir.'

Vocal entertains as a Christmas special.

Patrick Walker takes special interest in the male chorus.

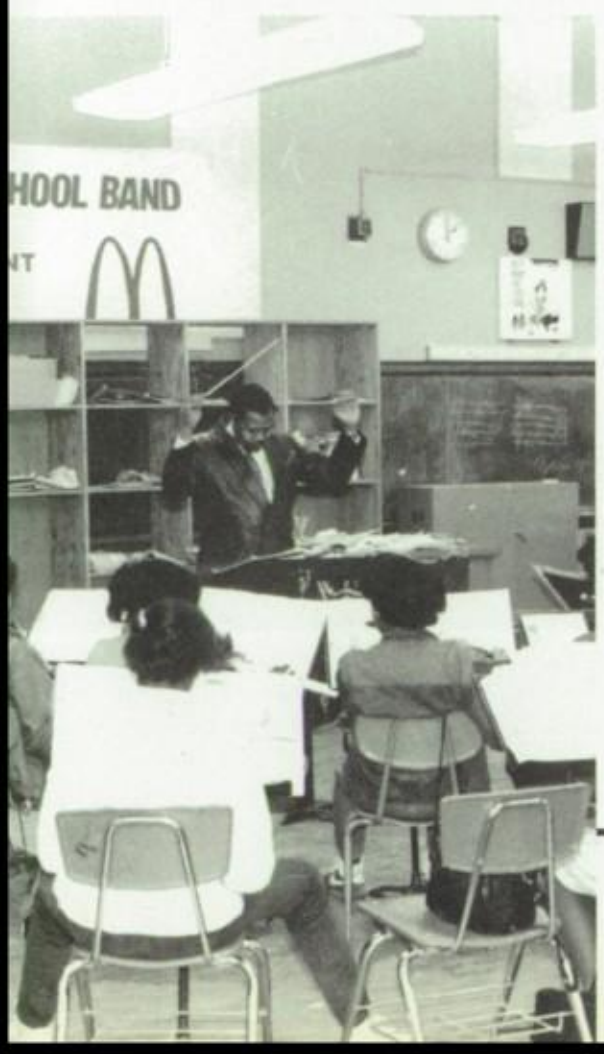
Members of vocal took part in competition and received a superior rating.

# Band

The Pride of Chicago

The band remains always on the move. If Chicago is not enough to keep them busy, then Detroit, Michigan will employ some of their time. The band traveled to Detroit on Friday, November 1, 1985 for 'Battle of Bands' at 8:00 p.m. on Friday, spent the night and on Saturday November 2nd, went to Tiger Stadium to play for Southern University vs. Tennessee State football game at 2:00 p.m.

Under the auspices of Mr. Michaelangelo Taylor, the director, the band has to perform for school functions also such as football games, assemblies and its major event in the school—the Christmas Concert. They also play at the senior graduation in June. In addition to being on the move, they play well. They received the highest grade a band can get, a superior, during the last grading concert. Students think highly of their band and perform to show us it is number one in the city of Chicago and in the hearts of all Cavaliers.



Band Director Michael Angelo Taylor.

The clarinet section with Patrica Tripp, Linda Bennet and Delitha Lanier.

The flute is played by Kimberly Crosby to perfection.

McDonald's donates time and money to the band.

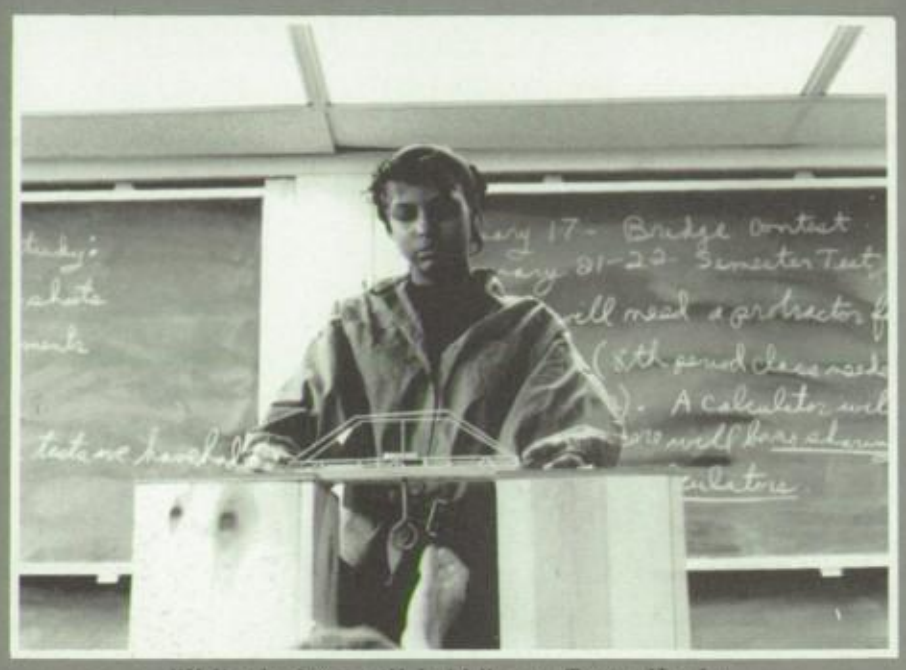
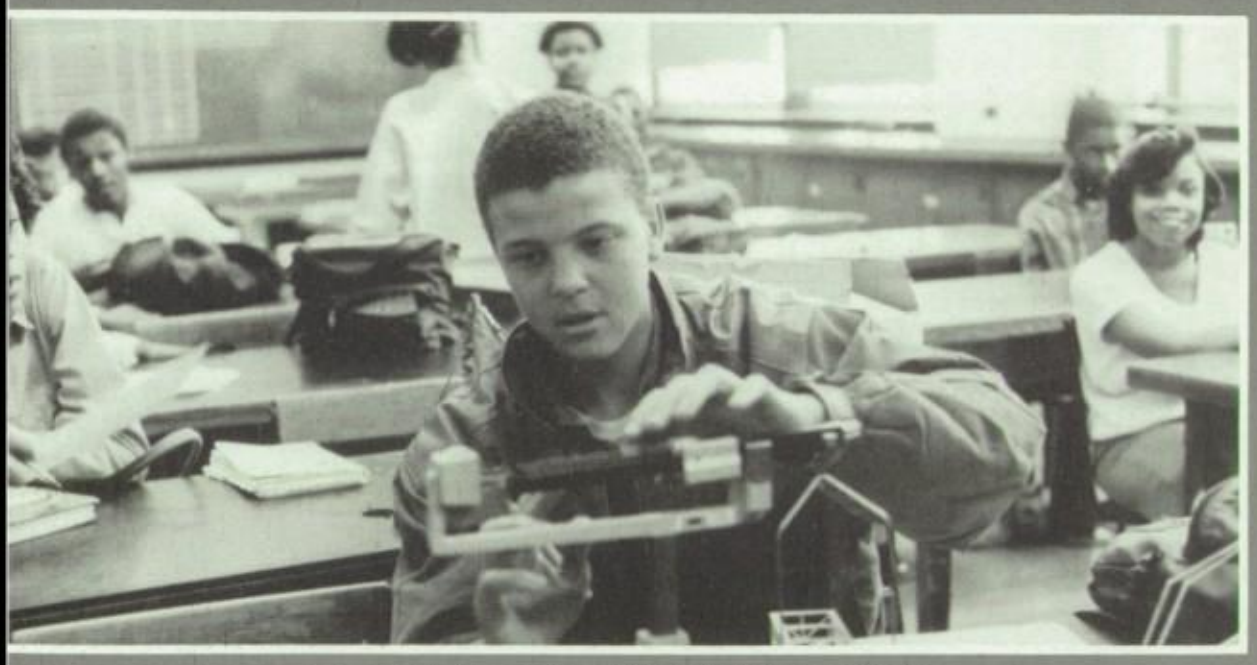
# BRIDGE BUILDING CONTEST

The bridge building contest is a new experience for many students like Kirk Brown.



"If I'm lucky it will hold," says Tonya Newby.

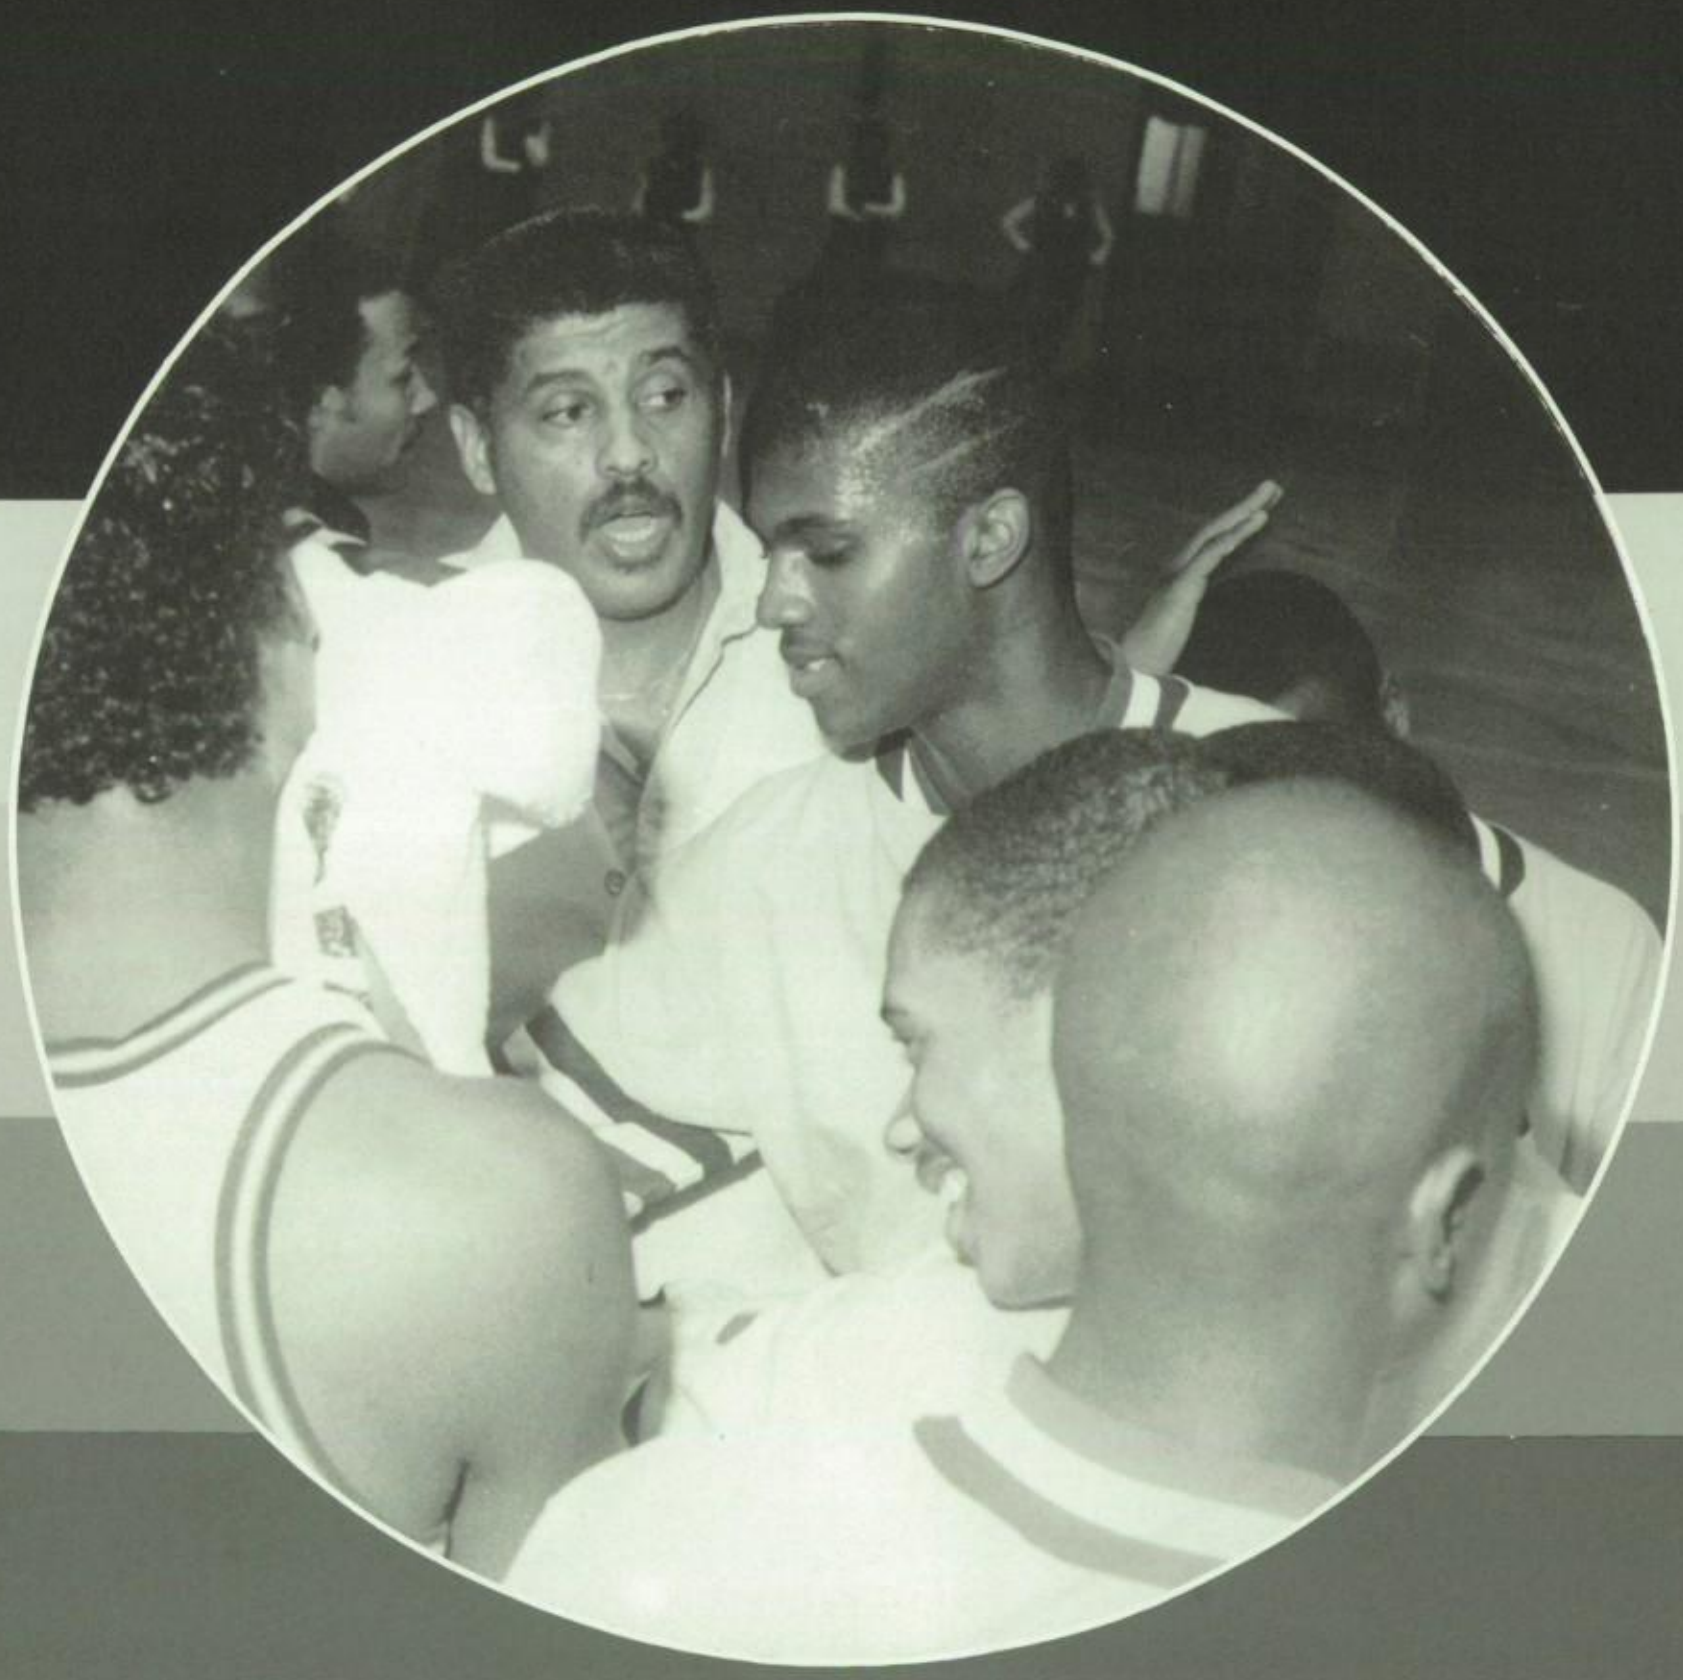


"I hope it isn't over 30 grams," says Tyrone Wadley.

The CVS Bridge Building Contest was held on January 17th. Entrants were asked to build a bridge according to certain specifications. The bridge which held the most mass before collapsing was declared the winner. The bridge itself could not have a mass greater than 30 gm. Masses were placed on a mass holder which was supported by the bridge. The testing continued until the bridge collapsed.

The winner of the contest was George Scott of division #847. Second place went to Kirk Brown of division #703.

Murray!!!!! It works!!!!! Great George Scott!



# SPORTS

# CAVALIERS OPENS WITH A VICTORY (BASEBALL)

This swing made a homer!

You're out!

On Friday, April 12th, the CVS Baseball Cavaliers opened their 1985 season with a 2-0 victory over Bowen.

This game between two neighbors has been considered a grudge match throughout recent years.

The Cavs drew first blood, when DeAndrew Hill tripled to left, and later scored on a sacrifice fly.

CVS scored again when Manny Sanchez of Bowen Walked Deon Tate, Cavs second baseman, with the bases loaded.

The Cavs were led by sophomore William "Fatty" Stewart who pitched 7 innings of standout ball to record his first victory.

The game was played at 3:15 at Stony Island Park.

Home Run!

Coach Haas can't believe it!

# (VARSITY) BASEBALL TEAM

The baseball team has had a very tough season this year with a record of 20-13. The team showed that the ability was their as a team but they couldn't produce very many wins. Although the team didn't take state or section it still hasn't affected their team spirit and their outgoing attitudes toward success. The team's goal for "85" and "86" is to take the public league championship and play in the state tournament. The captains are Otis Robinson and Jeff Spices. Coach Haas chose William Stewart and Terrill Hill as the most valuable players. The most improved player is Antione James and the best newcomer is Terrill Hill. The team has come a long way and we are very confident that the cavaliers will be more successful next season in their drive towards the top.

# FROSH SOPH BASEBALL TEAM 1985-86

A hand shake starts the game off right.

This play led to a win and second place in the Southeast Division.

Front: M. Liggins, V. Palmer, S. Oliphant, S. Roberts, S. Sloan 2nd Row: M. Nathaniel, KA. Walter, D. Sigers, T. Haire, L. McKeever, K. Giles
3rd: V. Drogula, Ass't Coach, K. Warner, A. Peeples, M. Grady, P. Macros, Head Coach.

S. Roberts tries for a homer!

M. Liggins is ready to stop that runner.

# Softball

The 1984-85 girls softball was really on a winning roll. This talented group won the South-Sectional Championship and advanced to the quarter finals. They placed 8th in the city rankings. Requirement for joining this exuberant group are maintaining a 'C' grade point average, being able to hit, catch, throw, and run well. These girls must have a desire to play to best of their abilities individually and as a team. See Ms. Macros, the coach for joining this vibrant team.

# GIRL'S SOFTBALL TEAM

The Girl's Softball Team has been a part of the CVS athletic department for seven years. They were the 1985 Champions of the South Section. Tryouts for the team are held in March of each year. The requirements are good skills in batting, running, throwing and catching. Students must have a 'C' average or better to make the team or remain playing.

The team is confident they can make a repeat of 1985 in 1986. Anyone who wants to be a part of it, get in touch with the coach Ms. Macros. You might become the South Section Champion or most valuable player like Valerie Palmer, or have the most team spirit like Denise Sigers.

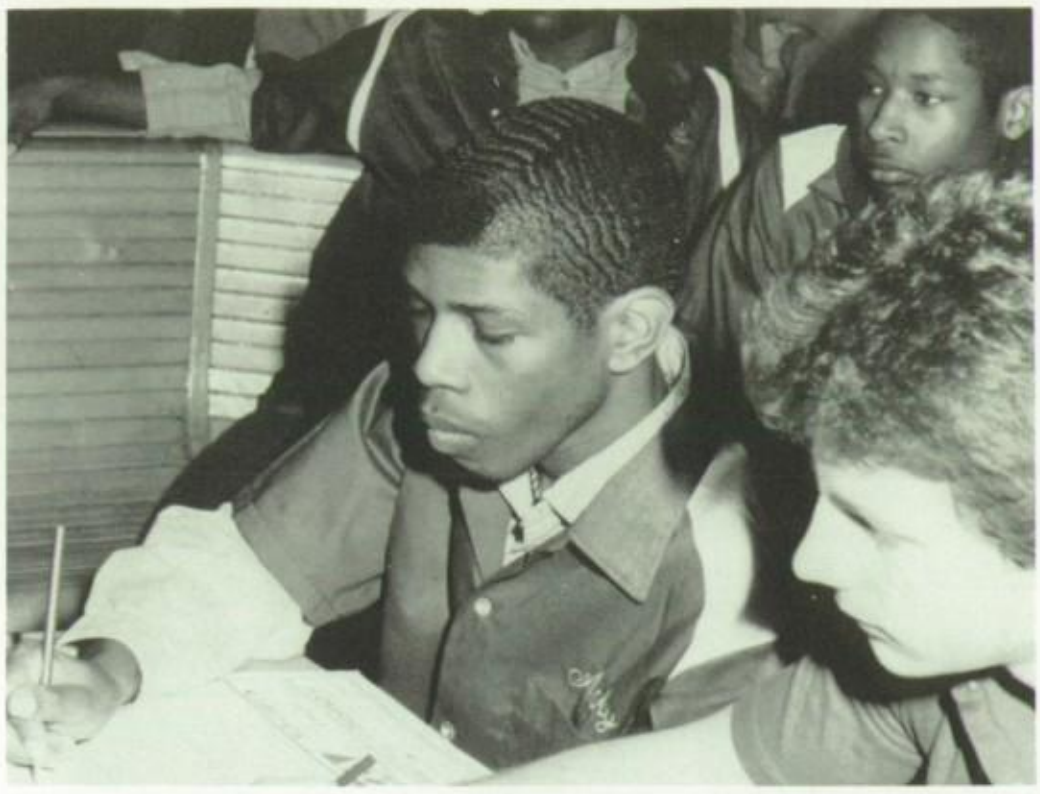
# TRACK

Running, jumping, throwing, competition, and having fun is Mrs. Jenkins', the CVS track coach, definition of track and field events. It is a year round sport that never stops. In the fall, the team runs cross country; from winter to spring they run track. In cross country running, the boys run a tiring three on rough terrain, and the girls run two miles. From the short time the CVS track team has been running, they have already won a second place trophy in the Southeast Competition. The field events consist of sprinting, middle and long distance, shot put, discus, long, high and triple jumping, and relay races. Coach Jenkins thinks that the best teams are composed of dedicated players, team spirit, and lots of practice. Runners must be reliable, hard-working, obedient, and ready for action.

The usual day of practice is composed of an eight mile jog, thirty minutes of an exercise, and hours of practicing running form, speed and strategy. The managers inspire the team at races and practice. They record all information on time and winnings. They get their point across says Sharon Rupert, one of the stars. Practice takes place after classes so that it does not interfere with school work. 'School comes first,' announced coach Jenkins. Students must maintain at least a 'C' average to run track. This year's team is really making it a great season already!

# SPORTS AUTOGRAPHS

# C.V.S. Boys Bowling Team



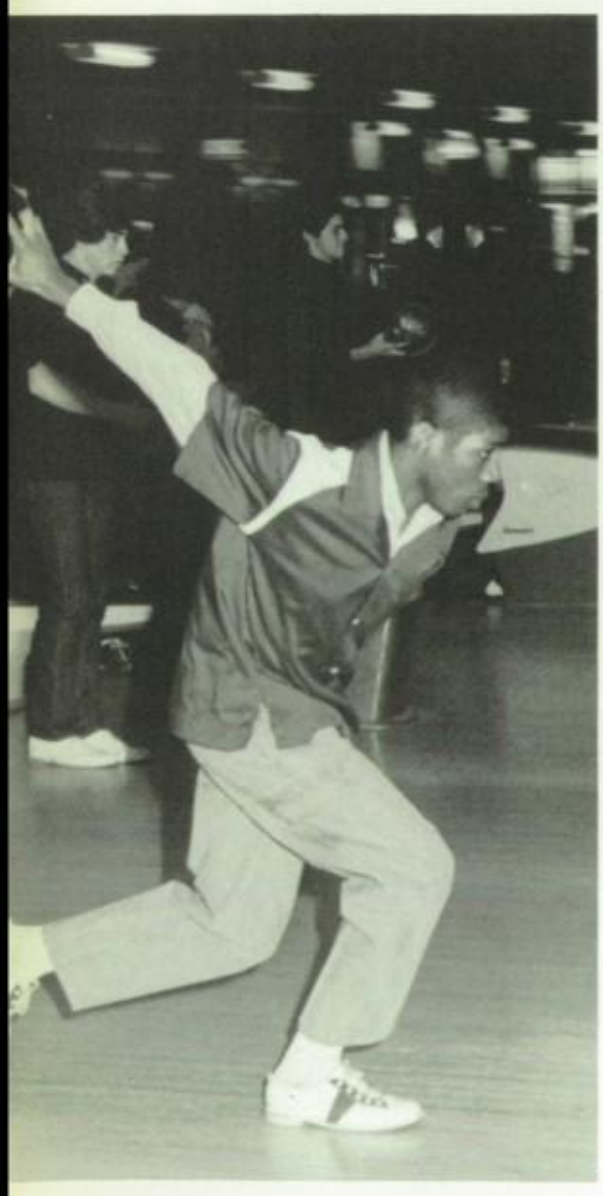
Because we C.V.S. didn't have a bowling team during 84-85 our team was not included in the South Central section which bowls at Starlite so we could only get into the South West Section which bowls at Miami Bowl on 51 street and Archer ave. The teams in our section are, Curie, Kennedy, Hubbard, Logan, Kelly, and Juarez. This is a very competitive section.

C.V.S. started out the season in last place and has since been fighting for second or third place. Our current record is 19 wins 7 losses and the 1st place team Curie is 22 wins and 5 losses.

On 12/9 George Young won the individual championship in the city taking 1st place.

On 12/12 Wesley Epps and Devon Rice teamed up to take 3rd place in the city in the two-man tournament.

C.V.S. is now headed for the play-offs and we hope to do well. This is a pretty good team for only one season together.



Sponsor Mrs. D. Lyons, Team Members, Marchello Delano, Wesley Epps, Erric Lawrence, Deron Rice, Jerome Thomas, Donald Yarbrough and George Young

**Team Members:** Denise Holt, Jarrese Wilson, Yolanda Smith, Latonia Harley, Traci Nesbit, Nicole Boswell and Coach: Ms. J. Sterling

Strike time at Skyway Lanes.

Spares take concentration.

# PLACED 20TH IN CHICAGO

## 1985-86 GIRLS' VARSITY BOWLING SEASON SOUTH SECTION CHAMPIONSHIPS

TEAM* RECORD 42-0
Team 3rd Place City-Championship

State Qualifiers for State Championships in Peoria

Individual—City Singles Championship
6th Place—Denise Holt
7th Place—Jarese Wilson

State Qualifiers
Individual City Double Championships
3rd Place—Jarese Wilson and Yolanda Smith

Swimming Team: Bottom Row: F. Delano, J. Young, K. Collins, D. Clifton 1st Row: L. Rollins, S. Brown, P. Moncure, Angie, E. Edwards

Class of Eighty-seven can swim, how about "86"?

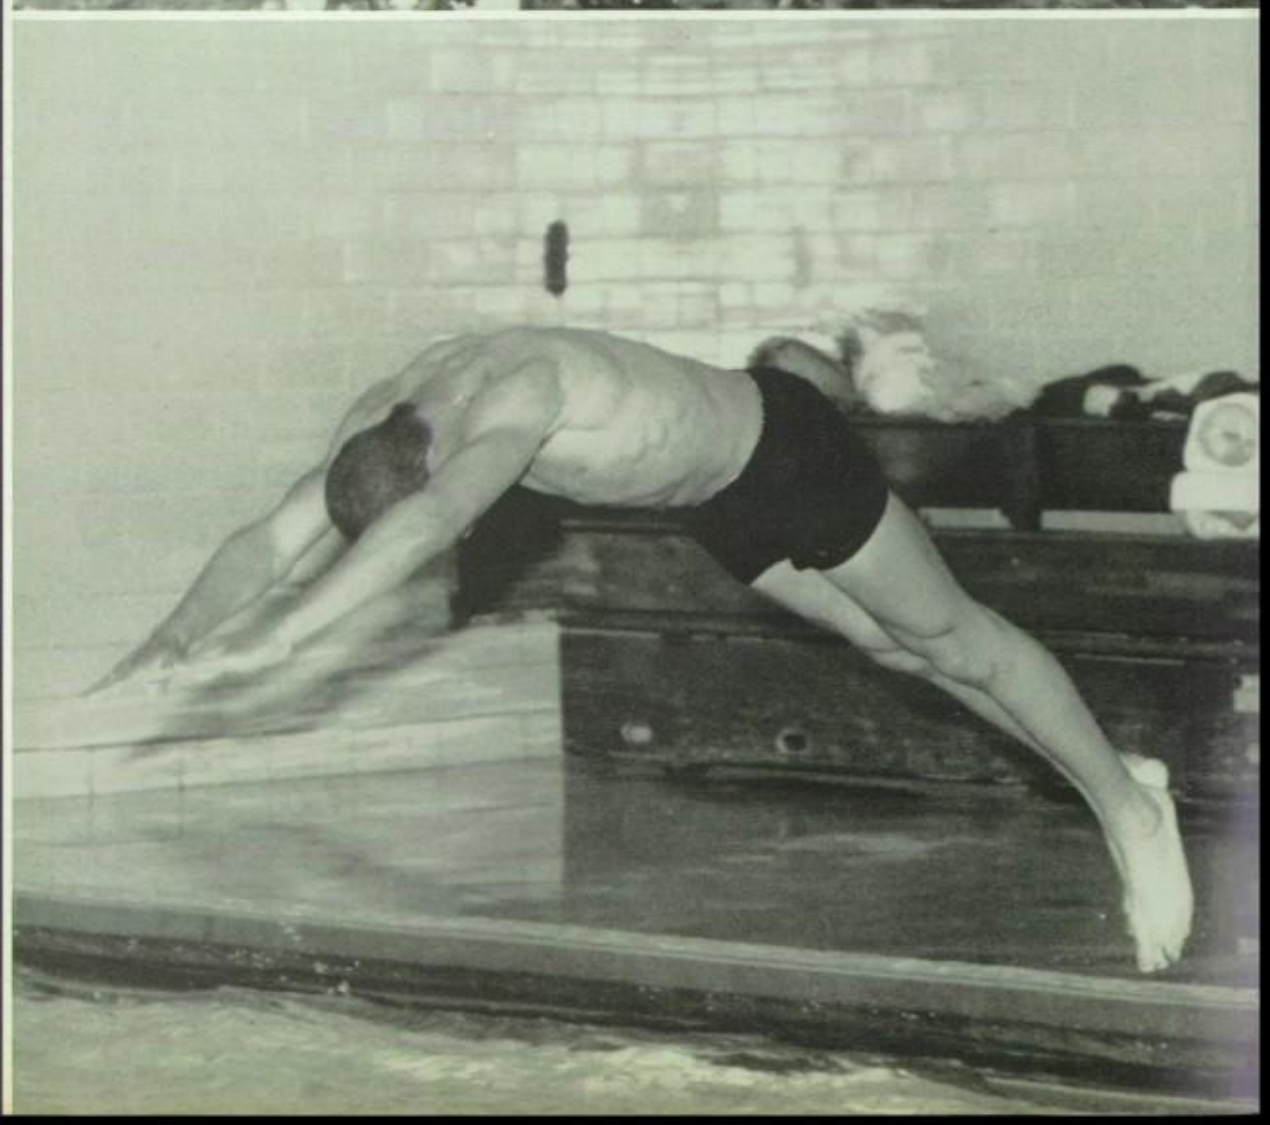
If only we still had our swim team . . .

# SWIMMING TEAM

Splash! It's started after four years. The new swimming team has been formed after years of no strokes. Mr. Leroy Brown is the new coach and has formed a male and female team for competition. They practice at least three days a week to get into the swing of things. They are interested in building a strong team so Chicago Vocational will have medals to display.

Most of the members plan to return in the '86-87 season armed with more experience and a better chance to win in the meets.

Even though we did not have a state qualifier this year, next year should prove to be a winning season. The students are very happy to be performing for the school and welcome new interested swimmers.



# C.V.S. TENNIS *85-86 SEASON

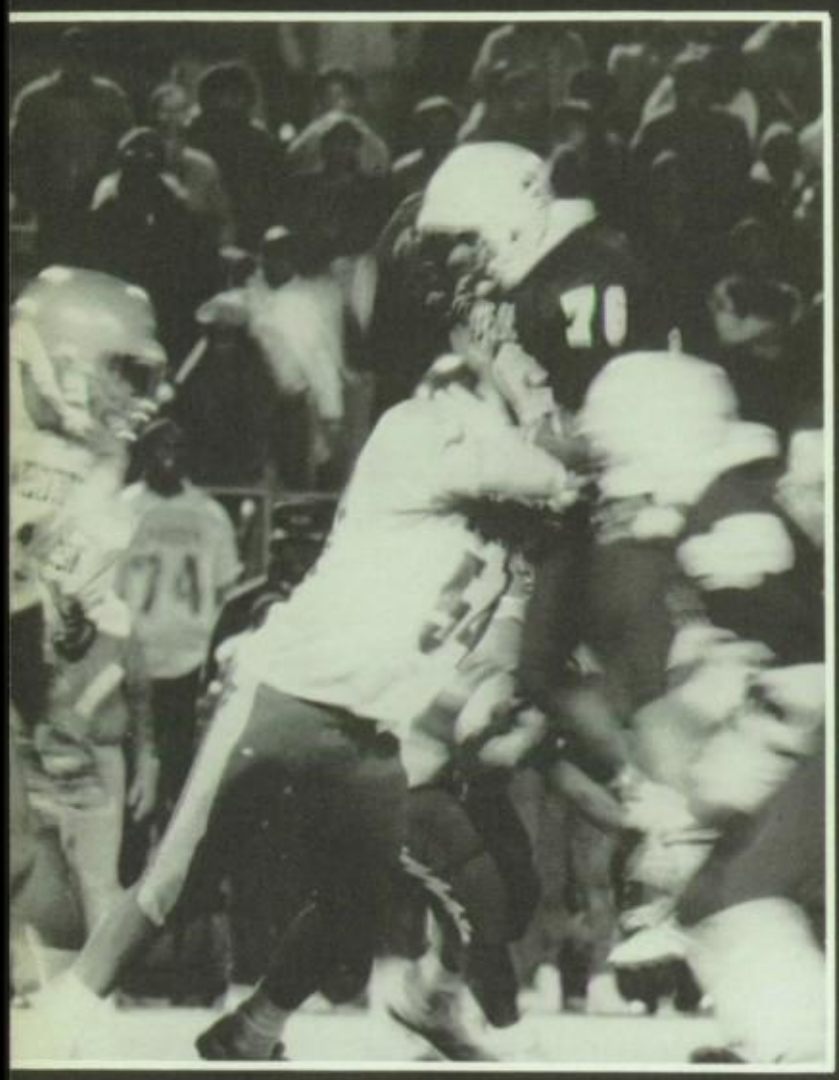
Here another slam for the final point.

# TENNIS (BOYS)

The tennis team had an astonishingly successful season, under the coaching of William Owens. These talented young men were able to defeat their competitors. The team has a record of 5 and 1 and they took second place in city. The team has been in existence for eleven years. The Cavaliers have done a magnificent job this year. We are proud of their performance and are certain of their future success.



# VARSITY FOOTBALL SEASON

The C.V.S. varsity football team had an excellent 1985/86 season. Beating such schools as Simeon, King, and Hyde Park the Cavaliers were on their way to the Prep Bowl. After winning the Division Championship the varsity team was brought screeching halt by Lane Tech. This defeat ended their chance for entering the Prep Bowl. With support from the Cavalier family and determination of the players, the varsity football team made it to the 2nd round of the state playoffs. Brother Rice stopped the team with an upsetting defeat which the whole family had to endure. But with such great varsity players and the new players who will come in the 1986/87 season and the great effort on the part of the coaches, the varsity football team will go all the way.

# SOCCER LEAVES A WINNER

Although this is the last year for soccer, they have been winners every year. The CVS Soccer team placed 1st in the South Section competition. Coach Desco reported three outstanding players, Robert Graham, who placed #1 in the Public League. He played mid-field and was one of two players from the Public League to be selected on the All State Team. Christopher Grant was also selected to the Chicago Public League team. The team's most valuable player was Larry Amoah with 31 goals. CVS has been playing for the last seven years.

## The Mayor's Tournament

CVS Boys Varsity basketball team had participated in the annual Mayoral Tournament over the two week vacation.

The Cavaliers made it through the first round of the tournament with a big help from their center David Ingram. Ingram scored 26 points in their 71-69 victory over Englewood. Ingram was also a big factor in the second round of the tournament in which Ingram scored 18 points in the 74 to 51 victory over Hyde Park.

The team made it to the third round of the tournament, but it took a 80 to 54 defeat from Marshall which eliminated them from the tournament.

When asked how Coach Cook would grade his team in the Marshall game, Cook graded them a "D" because their loss was caused by mistakes on their part.

The Cavs sometimes played man to man defense or zone which all depends on the team they play. Coach Cook said, "we still need improvement in defense and offense, but with a lot of effort and hard work, CVS' Varsity basketball team was back on track for the season opening game against South Shore.

## (Varsity) Basketball

Mr. Cook has put together an astonishingly great team this year. The Varsity basketball team is a combination of masculine style, effective and hard-driving lay ups. The spirit and dedication of these talented young men have led them on their way toward success. On numerous occasions the boys have crushed their opponents as they scored continuously.

# VARSITY BASKETBALL PLAYERS

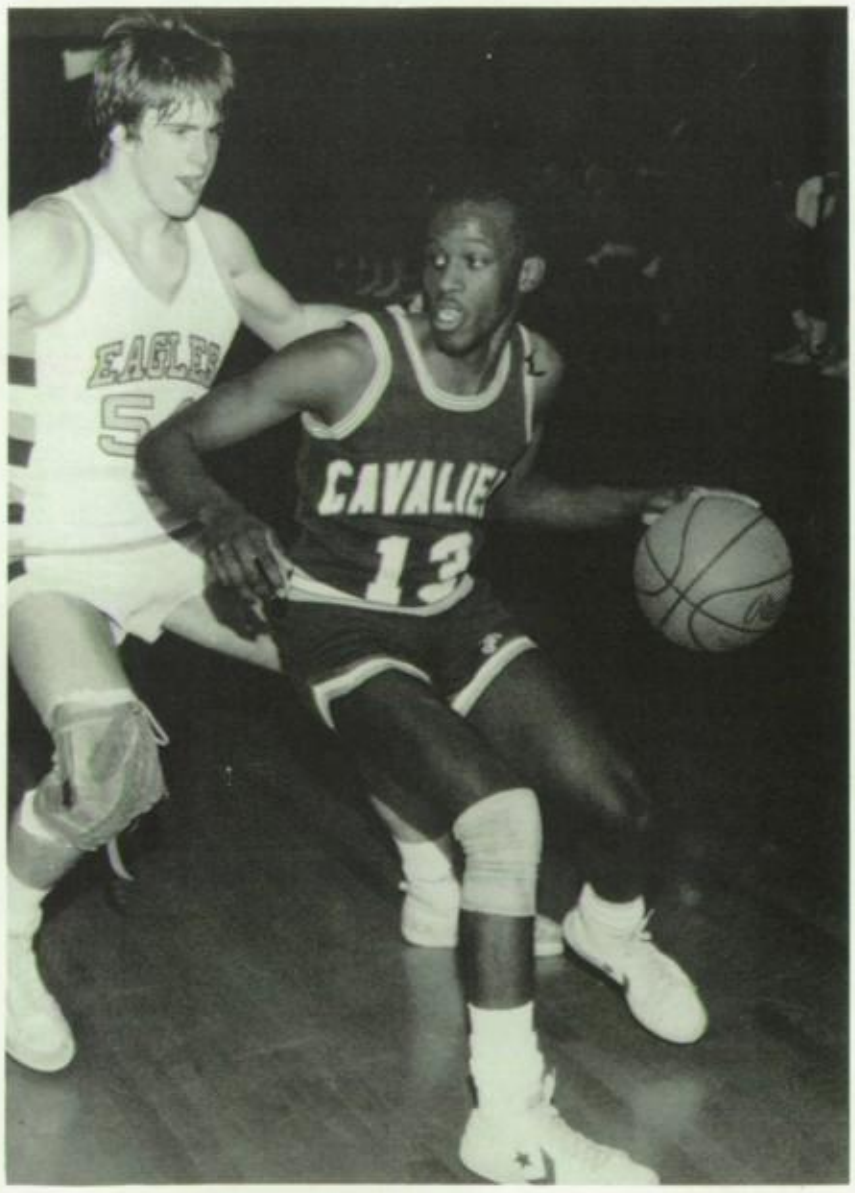
"Go mighty cavaliers"



Varsity ball game before Frosh-Soph

# FROSH-SOPHS POST WINNING SEASON

FROSH-SOPH takes the floor after varsity.

Coach Cook, Coach Saunders, Verdell Hinkley cheer on the team.

The Cavalier frosh-soph basketball team was off to a great start in February, with a record of 5-2.

Mr. Milan, the coach, said, "The Cavaliers have improved, but not enough for my satisfaction."

He also said that the team is making too many turnovers and silly mistakes. They must believe in themselves and must put more team effort in the sport to make it to the play-offs.

Mr. Milan said he coached the team because he played for Dunbar as a point guard, and he had a good experience with his coach; so he felt he could return the favor by coaching young ballplayers. He said a coach must help his team learn to deal with winning and losing.

He said that two of his standouts were Sean (Buck) Buchanan, center, and William (Fatty) Steward, point guard, because they are advanced in their field.

### 1984-85 FROSH-SOPH ROSTER

#23—Tonita Haire, #35—Narrior Davenport

#15—Kimberly Carter

# GIRL'S BASKETBALL

The girl's Basketball Team has proven once again that they are of star quality. The most valuable player was Correan Cowean who was also voted by her peers as the most athletic player. The best new comer was, Netice McNary. She was a very experienced player who watches the game from the bench. She was placed as guard since her freshmen year and is still more durable than ever. Coach Kimbrough has put together an excellent team which always performs to perfection. The team is ambitious and certainly will be next year.

# ACTIVITIES

# INDUSTRIAL FAIR AT THE MUSEUM OF SCIENCE AND INDUSTRY

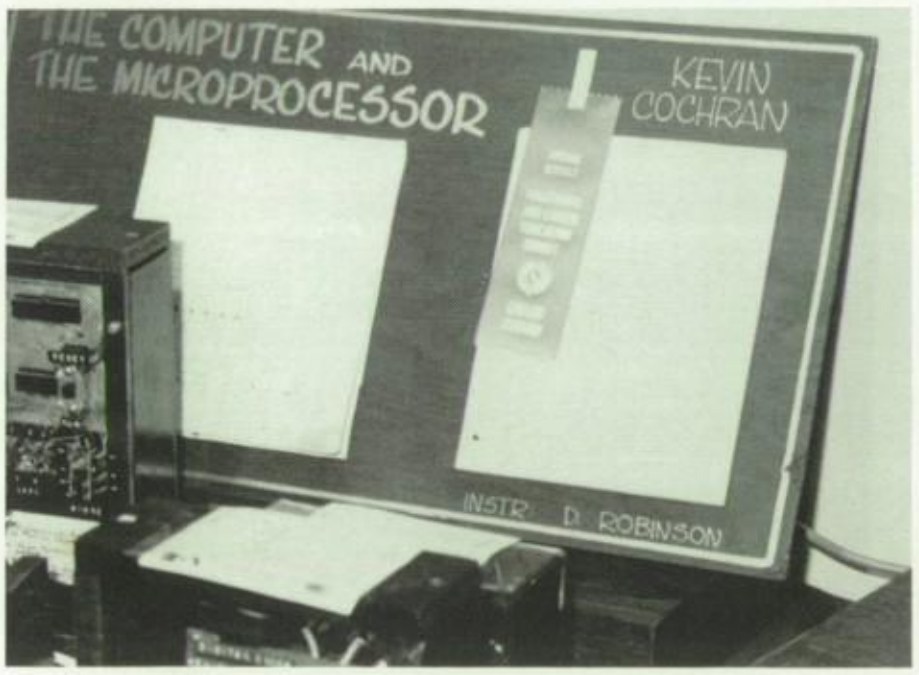
Dr. Manford Byrd, H. Washington, W. Roedel, C. White

Shawn White, Timothy Shanks, Joseph Williams, Clinton Davis

After the Craftsman's Fair at CVS, all of the students are invited to the Museum of Science and Industry for the Industrial Education Fair. They then have a chance to win more awards and recognition. It is also an opportunity for parents and teachers to view the work of students from other high schools in the city.

The awards are ribbons given by the committee who judges the projects before the show opens.

All of the shops are represented in this fair. The work is displayed each year in the section of the Museum past the Sound Exhibit. Mayor Harold Washington visited the show this year and praised the student entries from CVS. He spoke with Mr. Rodel who had five automobiles in the entrance of the Museum. They all had first place awards and one Grand Award winner. Dr. Manford Byrd, Superintendent of Schools was very impressed with the display. The microcomputer and microprocessor made by Kevin Cochran got a Grand Award. Kevin is in Mr. Robinson's computer maintenance class.



Kenneth McMillian, Charles Taylor, Rick Hobson.

James Stawley, Terrence Crawford

Industrial Ed. Fair, Museum Of Science & Industry.

Mrs. Crittendon and parents welcome Dr. Manford Byrd, Dr. to CVS.

# DR. BYRD VISITS CVS

The District Council composed of parents and interested persons in the area honored our new Superintendent of Schools, Dr. Manford Byrd, Jr., during the spring of 1985. Parents, teachers and friends gathered on the lawn in the court yard under a large umbrella for the celebration. This elegant event was catered with food and flowers. Mr. Sarantopoulos made the arrangements for the event.

The speakers included the Council President, PTA president, and of course Dr. Byrd.

This affair was one of the most beautiful ever organized in the court yards. The weather cooperated and the people did too.

Dr. Byrd mingles among the crown in a congenial manner.

# NATIONAL HONOR SOCIETY INDUCTION

Mrs. Richardson introduces Dr. Burnett for remarks.

Karen Purcell receives her award.

The National Honor Society has a membership of approximately 150 students. Every April new students who have achieved well during the past year are inducted into the society. They must display a 3.5 grade point average and good personal qualities.

Mrs. Richardson sponsors the group and tries to instill leadership and good character in addition to public service and volunteer work.

Members of the National Honor Society go to conventions in various states in the country to serve on boards and represent CVS. Both NHS and Nat'l Beta go out of state for conventions.

The inductions take place in the evening so that proud parents may attend and take part in their childs success. Refreshments or a complete dinner is served before the candlelight induction ceremony. A program with speakers to inspire the students further is usually done, and this past year was no exception.

It is very moving to be in a darkened auditorium and see the parade of candles with the top students in the school carrying them.

Students wait during the day for awards.

# AUTOGRAPHS

Tundalisa Muldrow studied hard everyday for this award.

Proud members of National Beta hold their certificates

New members of National Beta are installed.

# THE NATIONAL BETA SOCIETY INDUCTION

In a candlelit ceremony during a chosen night, the new members are inducted into the Beta Society. The inductions are held annually, and take place every spring and fall in the school auditorium. Parents are invited and there is usually a guest speaker.

Beta students are those who are symbolic of excellence. Each member has attained a 2.88 and 3.0 grade point average since.

The Beta motto is: Achievement, Character, Leadership, and Service.

Members speak about their organization.

Mrs. Brady—Administrative Advisor for Honor Society, Mrs. Richardson Sponsor of NHS and NBC, Ms. Louise Quarles Lawson—President II. Federal Savings Loan Association guest speaker.

# FASHION SHOWS

This is for dress or work.

Hit it, lets be beautiful.

Pamela Wells wears this well.

Vogue fashions create an attitude.

Lace worn by Lena Randell

Knickers are back!

Fashion shows are produced, directed and programmed by the CVS student body. Fashion Design students as well as other clothing areas each produce a show with clothes they made in class. The culmination of their learning experiences are in the form of a fashion show for parents and friends. Ms. Lee, Mrs. Greyer and Mr. Williams have their turn at showing us what they have been doing all year.

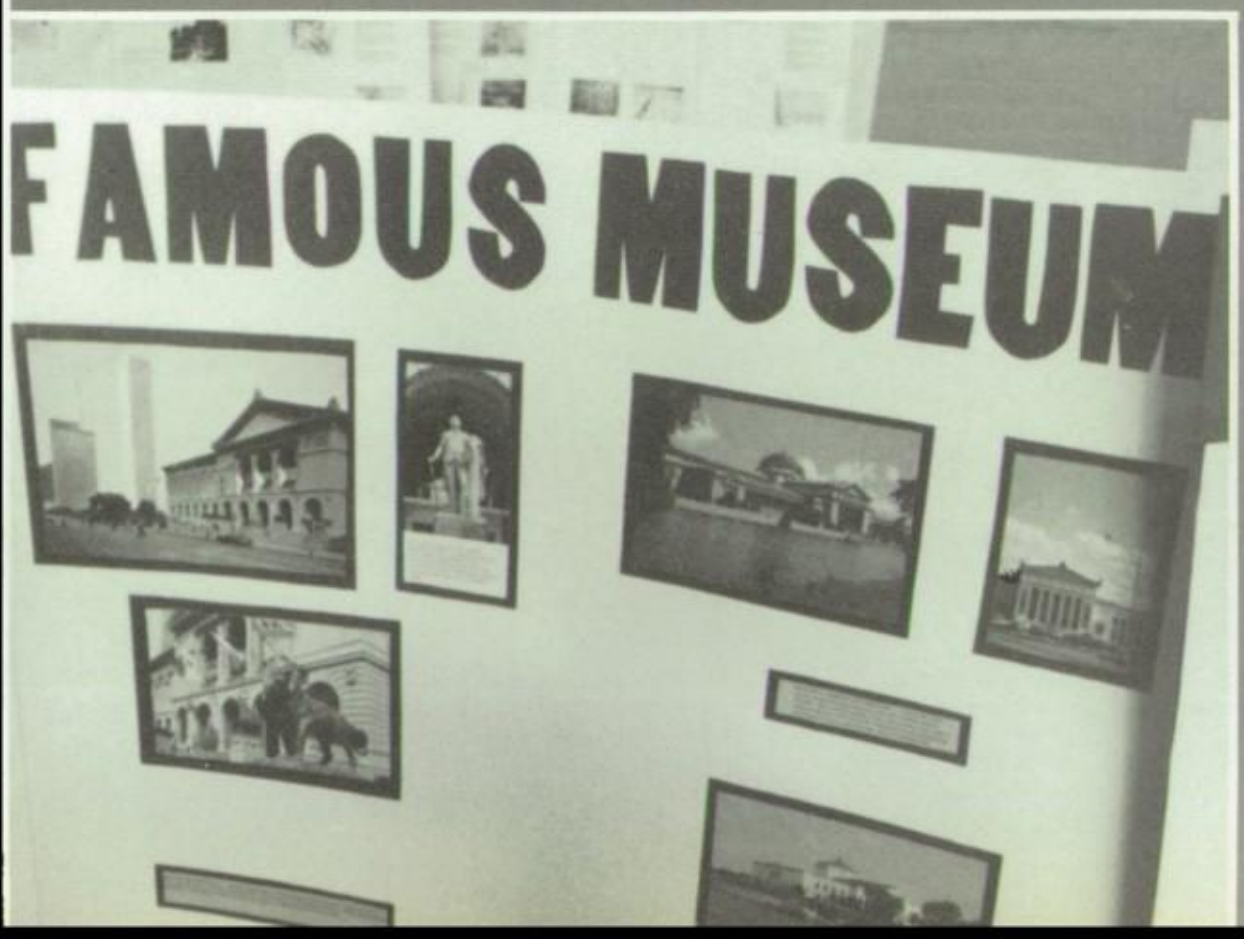
The shows usually have a theme with clothes appropriate for work, school and vacation. The model is usually the fashion designer.

This year some of the designers will have clothes for sale in the new CVS Botique which will open this spring. Vogue, McCall and Simplicity patterns are used, although in Mr. Williams classes, students learn to make their own patterns. They use ideas from 'W' Magazine and all of the major fashion designers. The shows bring in some revenue for the shops which they use to buy new equipment and supplies.

Tracey Middlebrock chose 'Sites of Chicago' for her History project.

Sears Tower was a favorite topic of the class.

Issues like segregation are good topics because there are many sources to get information.



Tabatha Norment chose Famous Museums in Chicago.

# HISTORY FAIR

Students are encouraged to submit projects and research papers dealing with some aspect of Chicago's history. Students submit exhibits and stage performances. Local winners advance to City-Wide competition and District competition. Monetary awards are given on the city level.

# CRAFTSMAN'S FAIR

Students work with electronics and the computers to demonstrate the uses.

Dr. Patrick Ahern, principal of Bowen looks for the Grand Awards at the fair.

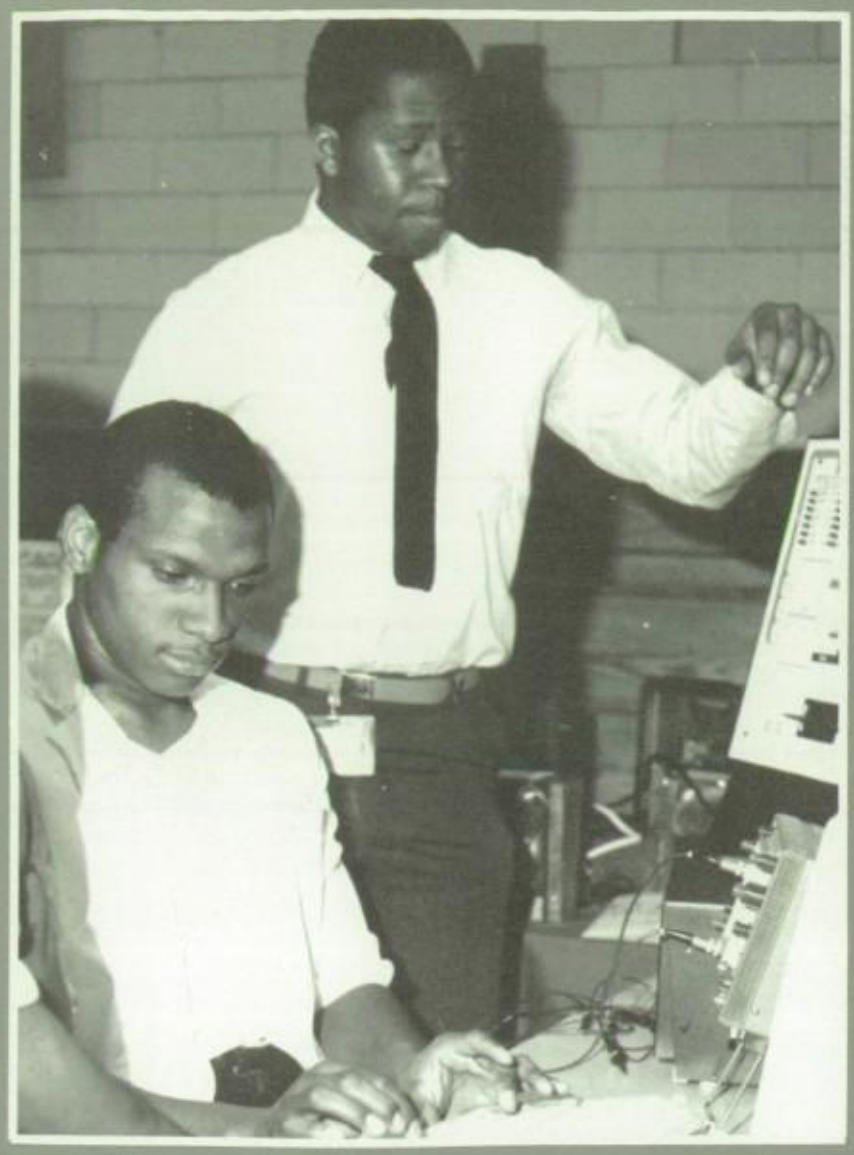
Academy Awards at CVS? This is what the Craftsman's Fair really is, rewarding students who have done a good job in their shops. Awards such as trophies, ribbons and money is given out each spring for the categories such as electronics, welding, plastics, fashion design, food service, art, and others that are a part of the shop curriculum.

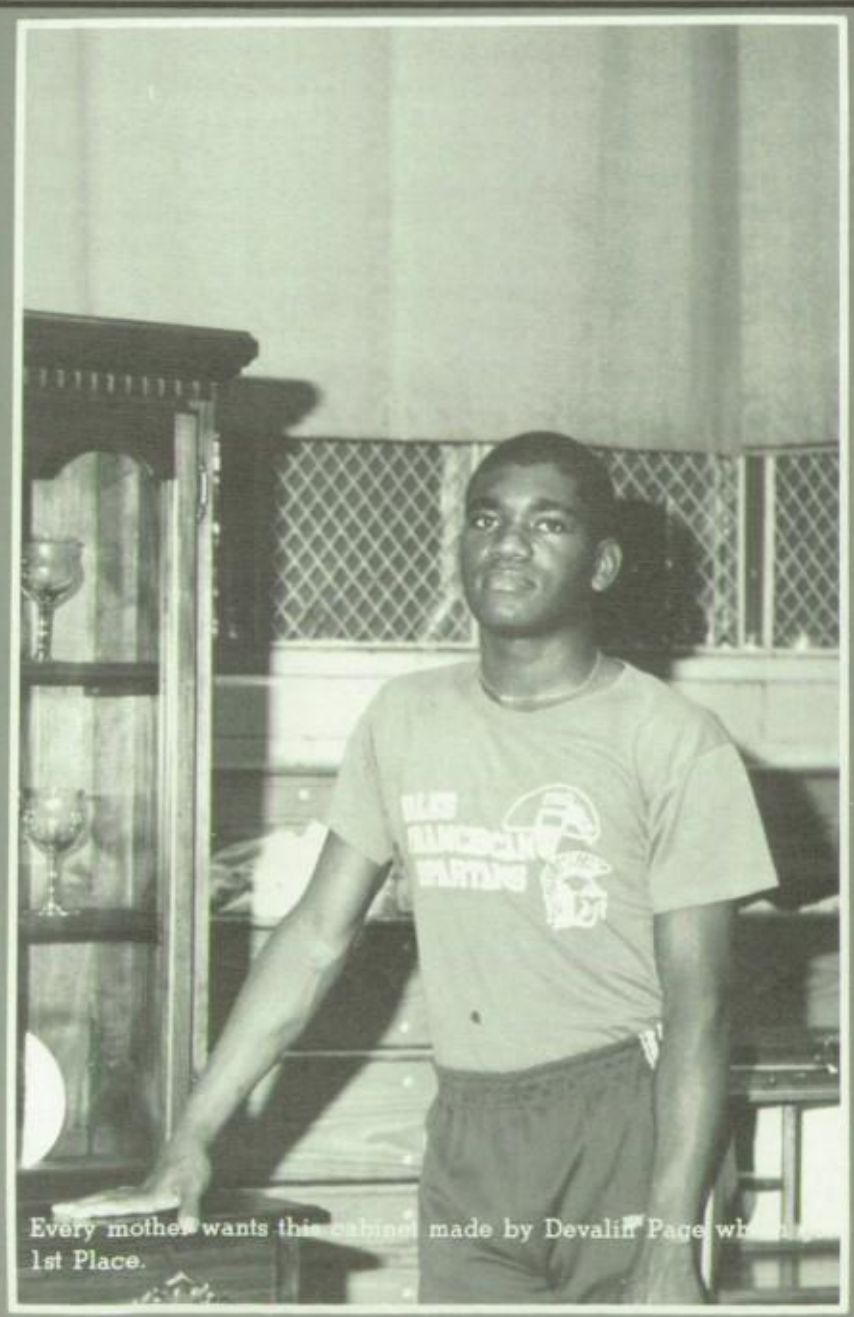
The exhibit is not only for parents, students and teachers, but for hundreds of elementary school students who come to CVS to inspect the school as one of their choices for high school.

The electronics area was quite well represented with the construction of robotics, supervised by Mr. Werner. Computer Aided Drafting was intering and won prizes. Mr. Czaja's sophomore drafting class won 1st, 2nd and 3rd place prizes. The business department had winners and fashion design produced a Grand Award winner.

The monetary prizes were $20.00 for 1st prize, $15.00 for 2nd prize, $10.00 for 3rd prize, and all other were ribbons, trophies, plaques and certificates.

The Craftsman's Fair is judged by specialist in the field of steel production, electronics, industrial supervision, and automobile production.





Every mother wants this cabinet made by Devalin Page wh[illegible] 1st Place.

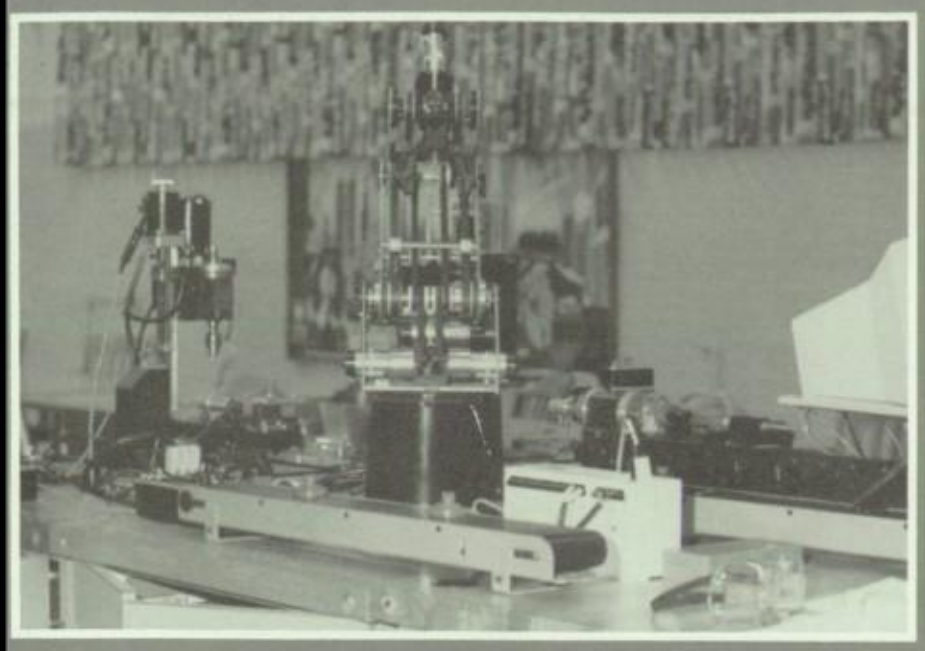
Ms. McCriston—Sponsor

Mrs. Montgomery—Sponsor

# CVS MINI-CONVENTION



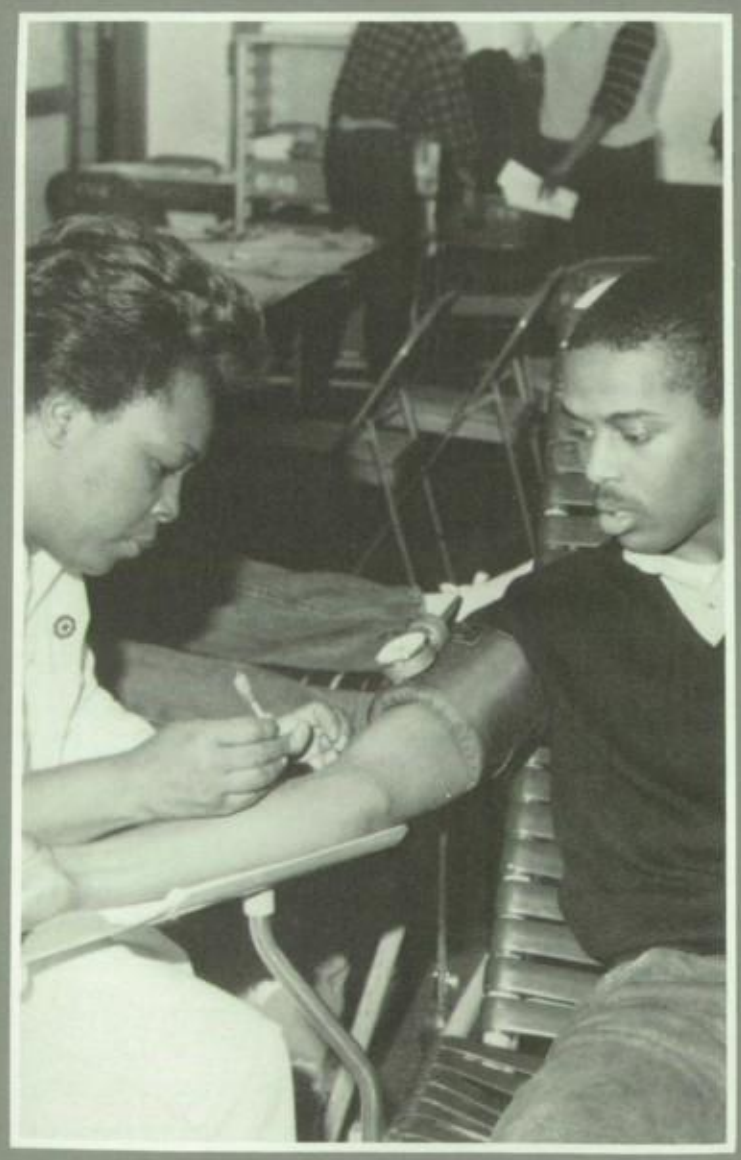
The Mini-Convention sponsored by the Chicago Board of Education and CVS featured all of the suppliers of shop equipment for the district. About thirty-five different companies brought their computers, robots, electronic equipment, powered industrial equipment and many more to the convention. They were set up in the wide hallways of the building with representatives from each company explaining how their product worked.

This convention took place during records day, so the students were not envolved, only the shop teachers. They wanted to see the latest equipment in their areas. They were treated to dinner and a few speeches and demonstrations followed. Representatives came as far away as Iowa and Michigan to participate.

One computerized drafting machine with everything to make things easy had a price tag of $10,000.

Terrence Crawford, Shival Patterson make it look easy.

Michael Davis gives blood reluctantly.



Trent Leggs, Shival Patterson do their duty.

## RED CROSS

Dracula, bat, blood suckers, or Wolfman are only a few of the names thought if not told to the Red Cross Club. VCS students know that in February, near Valentine's Day, a truck delivers the team to secure blood from them. They gave generously last year because it is for a worthy cause and because the Red Cross Club asked politely, every one they knew over sixteen years of age and healthy.

Teachers, students, administrators and friends gave blood to help disaster victims, war zones, prepare serum for communicable diseases and for hospitals with low blood supplies. The Red Cross Club makes it possible for us to help the world in our small way of one pint of blood that will not harm us. One member was quoted, 'It makes you feel good to know you have helped save a person's life without even being there.'

# OPRAH (Color Purple) WINFREY

Being a part of history in the making was exciting for faculty and students when Oprah Winfrey spoke and enjoyed a fine reception at CVS. Students in the 3.0 Club were invited to participate in the program. During the assembly, she talked about growing up and her family enforcing curfews. She stated that her grandmother had read to her and she in turn became a good student. Her grandmother dreamed of a better future for her.

She got her start in Tennesee when at the age of 17 she became an anchor for the evening news; she knew how to read!

She mentioned great Black leaders who had helped pave the way such as Martin Luther King.

Since Oprah has become more popular in Chicago, she has her own syndicated morning show which features controversial topics as well as unorthodoxed ones. January 15, 1986 was Oprah Winfrey Day at CVS. Since then she was nominated for an Oscar in her first movie, 'The Color Purple.'

James McGee was a student trainee at Needham Harper Worldwide.

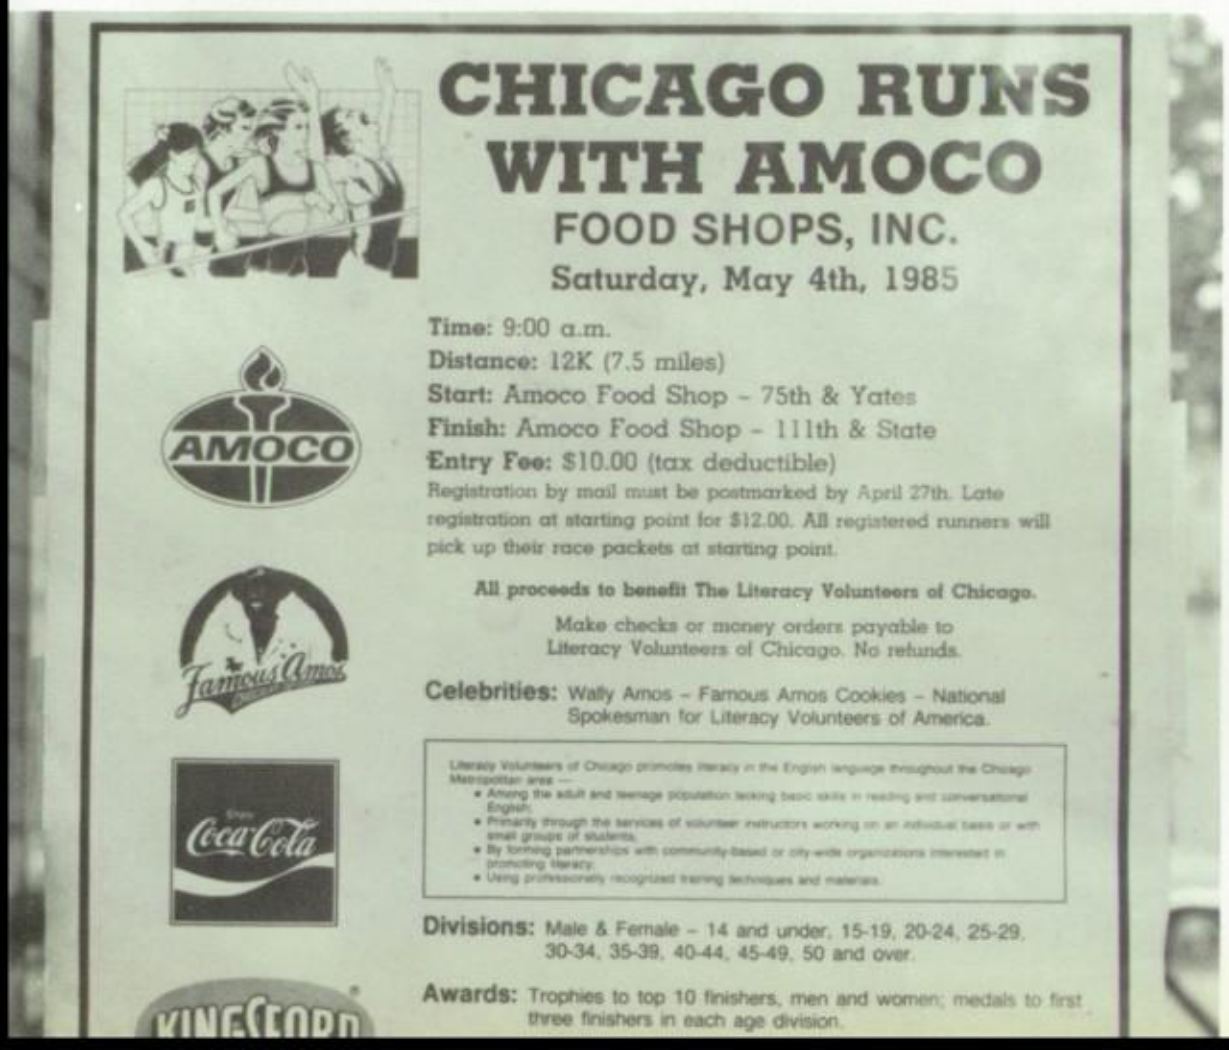
Northern Trust Bank helped Gregory Harris to decide on a business career.

## BUSINESS APPRECIATION LUNCHEON

The business community is asked each year to supply positions for apprentice from our business department. The response is terrific. About thirty-five companies take on the task of allowing our students the opportunity of working along with their regular employees and learning what this world is all about.

Mrs. Despenza-Green secures the job positions for the students and monitors them throughout the year. At the end of the term, a Luncheon is given to show appreciation to the employers. They adopted CVS years ago and are still embracing us.

# FAMOUS AMOS MARATHON



CHICAGO RUNS WITH AMOCO
FOOD SHOPS, INC.
Saturday, May 4th, 1985
Time: 9:00 a.m.
Distance: 12K (7.5 miles)
Start: Amoco Food Shop - 75th & Yates
Finish: Amoco Food Shop - 111th & State
Entry Fee: $10.00 (tax deductible)
Registration by mail must be postmarked by April 27th. Late registration at starting point for $12.00. All registered runners will pick up their race packets at starting point.
All proceeds to benefit The Literacy Volunteers of Chicago.
Make checks or money orders payable to Literacy Volunteers of Chicago. No refunds.
Celebrities: Wally Amos - Famous Amos Cookies - National Spokesman for Literacy Volunteers of America.
Literacy Volunteers of Chicago promotes literacy in the English language throughout the Chicago Metropolitan area —
Among the adult and teenage population lacking basic skills in reading and conversational English;
Primarily through the services of volunteer instructors working on an individual basis or with small groups of students;
By forming partnerships with community-based or city-wide organizations interested in promoting literacy;
Using professionally recognized training techniques and materials.
Divisions: Male & Female - 14 and under, 15-19, 20-24, 25-29, 30-34, 35-39, 40-44, 45-49, 50 and over.
Awards: Trophies to top 10 finishers, men and women; medals to first three finishers in each age division.
AMOCO
Famous Amos
Coca-Cola

Chicago Vocational runners participated in the Famous Amos Marathon May 4, 1985 with the starting point at 79th and Yates. The students were to run 7.5 miles and end up at a different location. As you probably know, Famous Amos is the great basketball player who went into the business of making chocolate chip cookies. The cookies became a hit and he opened stores all over the U.S. He has made a million dollars at selling cookies.

The Marathon was sponsored by Famous Amos and Amaco Oil Company. T-shirts and trophies were given to the winners. This race was to raise money to help people in the community who cannot read or write. The literacy program needs money, volunteers and locations for the volunteers. Even with volunteers and free library space, supplies are an added burden.

Mrs. Ruby Jackson, the sponsor from CVS was very proud of the twenty students who ran that Saturday.

Starting place.

D. Hall, J. Bradley, Famous Amos, G. Keys, A. Banister, L. Pearson, Mrs. R. Jackson (center)

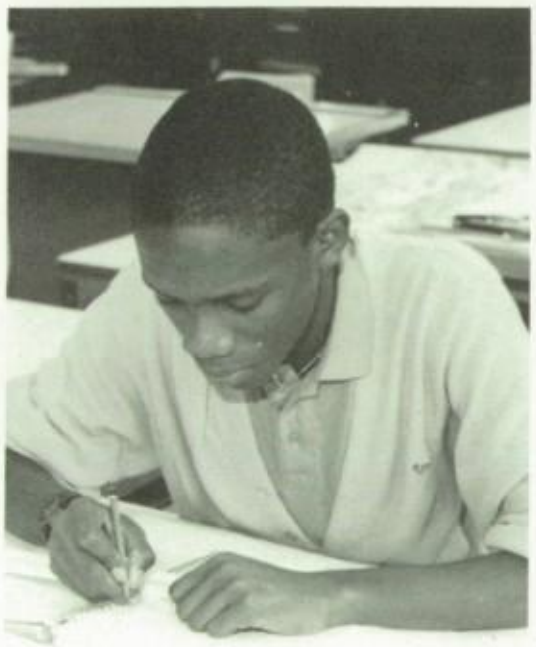
# SHOPS

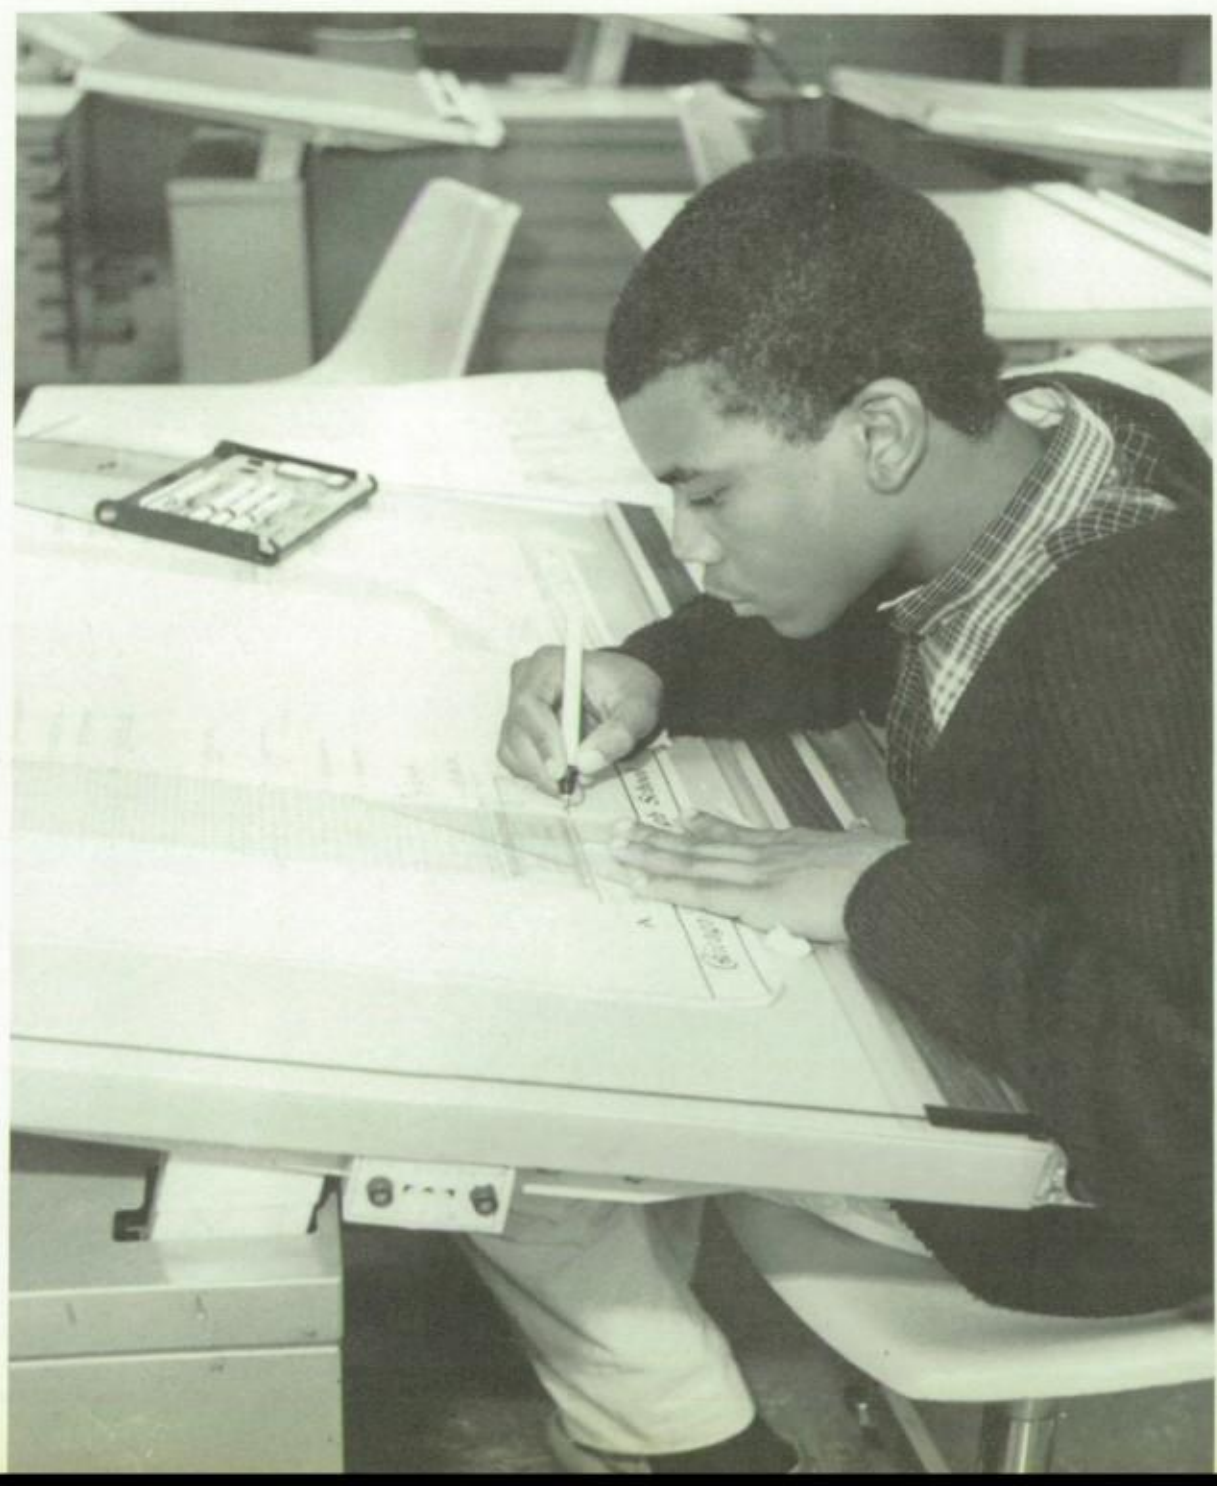
# ARCHITECTUAL DRAFTING

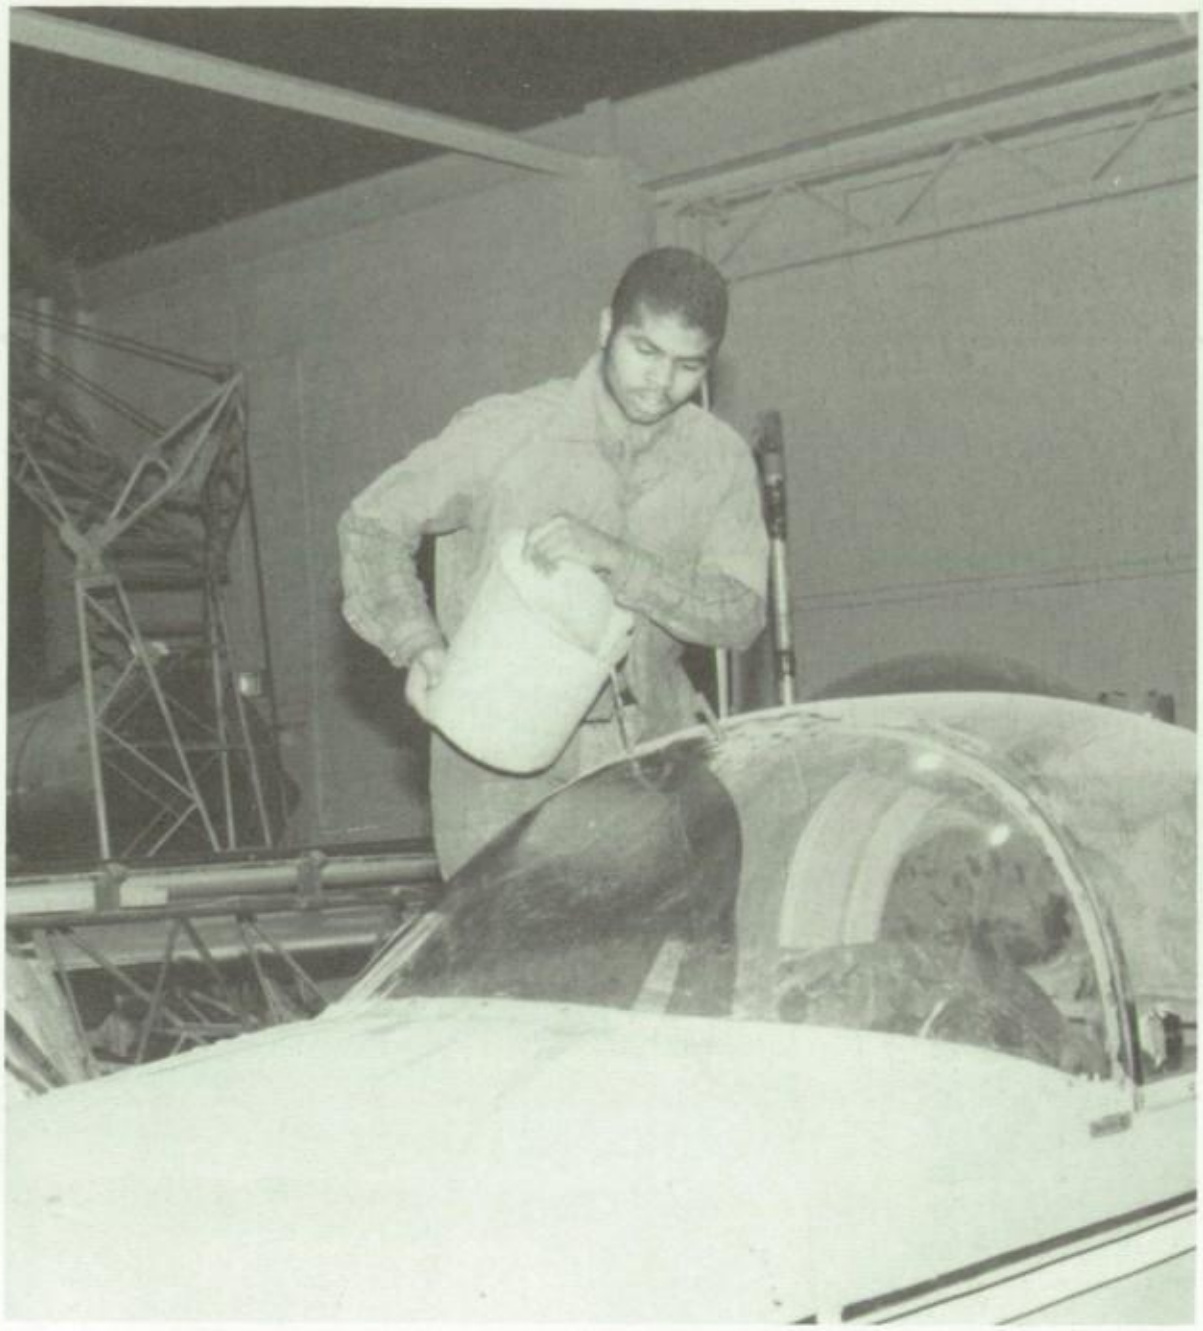
'You must be precise, accurate, and able to understand the world around you,' says the instructor, Mr. Geenan. Much like Machine Drafting, Architectual Drafting follows the same basic drafting and designing rules. Students explore the new field of computer aided drafting for solving many of their detailed problems.

When students leave this class, they have a knowledge of blueprints, plumbing and heating diagrams, construction techniques, study models and creative designing of single family and multi-use buildings.

Scholarships are awarded each year to institutions such as Notre Dame, University of Illinois, Tennessee State and Cornell University. In order to become a professional in the field, students must be serious, practice drawings and know how to solve problems without the teacher.







John Ferrell washing down CVS AA-1 American Vankee prior to inspection.

This is part of a plane under construction.

# AVIATION

'We will have the first man on the moon,' these were the words of President John F. Kennedy in 1962, twenty four years ago. Since then, over thirty men have been to the moon. They all started with a curiosity about flying. Learning how the airplane works is the first part of flying. Learning how to maneuver, overhaul the engines, and simulate flying is a part of the aviation shop. Students find out that the engine is very similar to the automobile, but the body of the plane is much different.

Technical things such as drag, air velocity, weather and dexterity are a part of flying the craft. The different kinds of planes are studied, such as gliders, passenger, jets, cargo and private air craft. In studying them, some students have a chance to actually make a plane from sheet metal.

This year the class invited the Chicago Fire Department helicopter to land in the parking lot for observation lifts. This caused a great deal of interest with the student body. It was fun!

President Reagan has formed the Young Astronaut Program to try and rekindle the spirit of scientific adventure in elementary and high school students. This class prepares students to pursue any of the many aero space-related careers that will be open in the future. All astronauts had to start at the beginning, learning about the airplane before the rocket.

M. Walton and B. Davis are working on a Continental W-670 engine of 250 H.P.

# CARPENTRY STUDENTS WIN SCHOLARSHIP

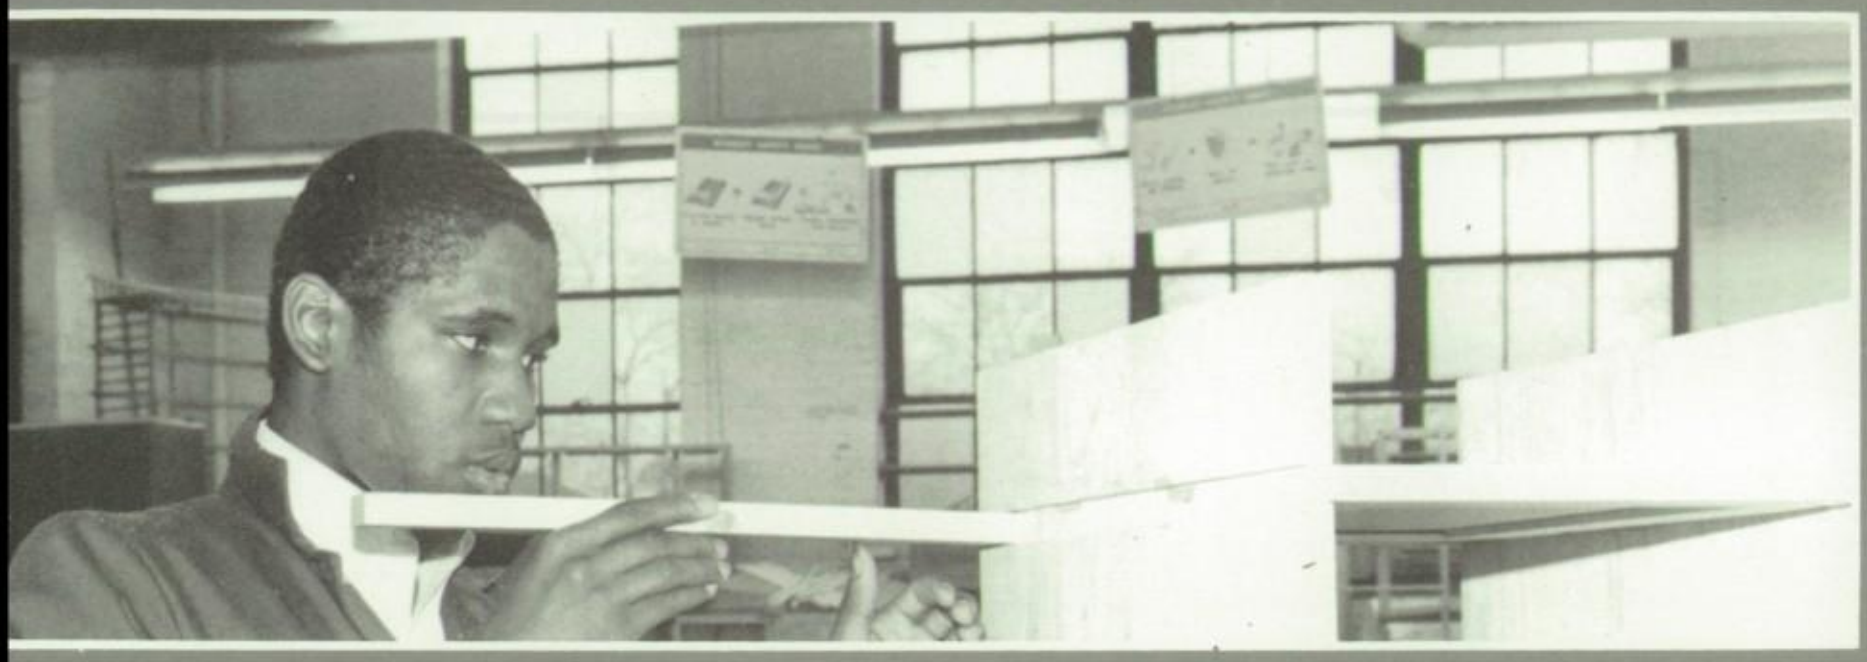
Washburne Trade School has announced its selection of CVS students Shawn Edwards, Patrick Rouse and Jerome Flemming as participants in its preapprenticeship carpentry program this fall.

Upon completion of the program in June of 1986, each will become a first year indentured apprentice in carpentry according to Director Ralph Cusick.

The three seniors will complete their daily coursework at CVS in the morning, and will attend Washburne at 3233 West 31st Street, from 1:30 to 4:00 P.M.

First place award winner from the Craftsman's Fair.

This is another example of the work done in this class.



James Coles is measuring to make a frame and panel for a dresser desk.

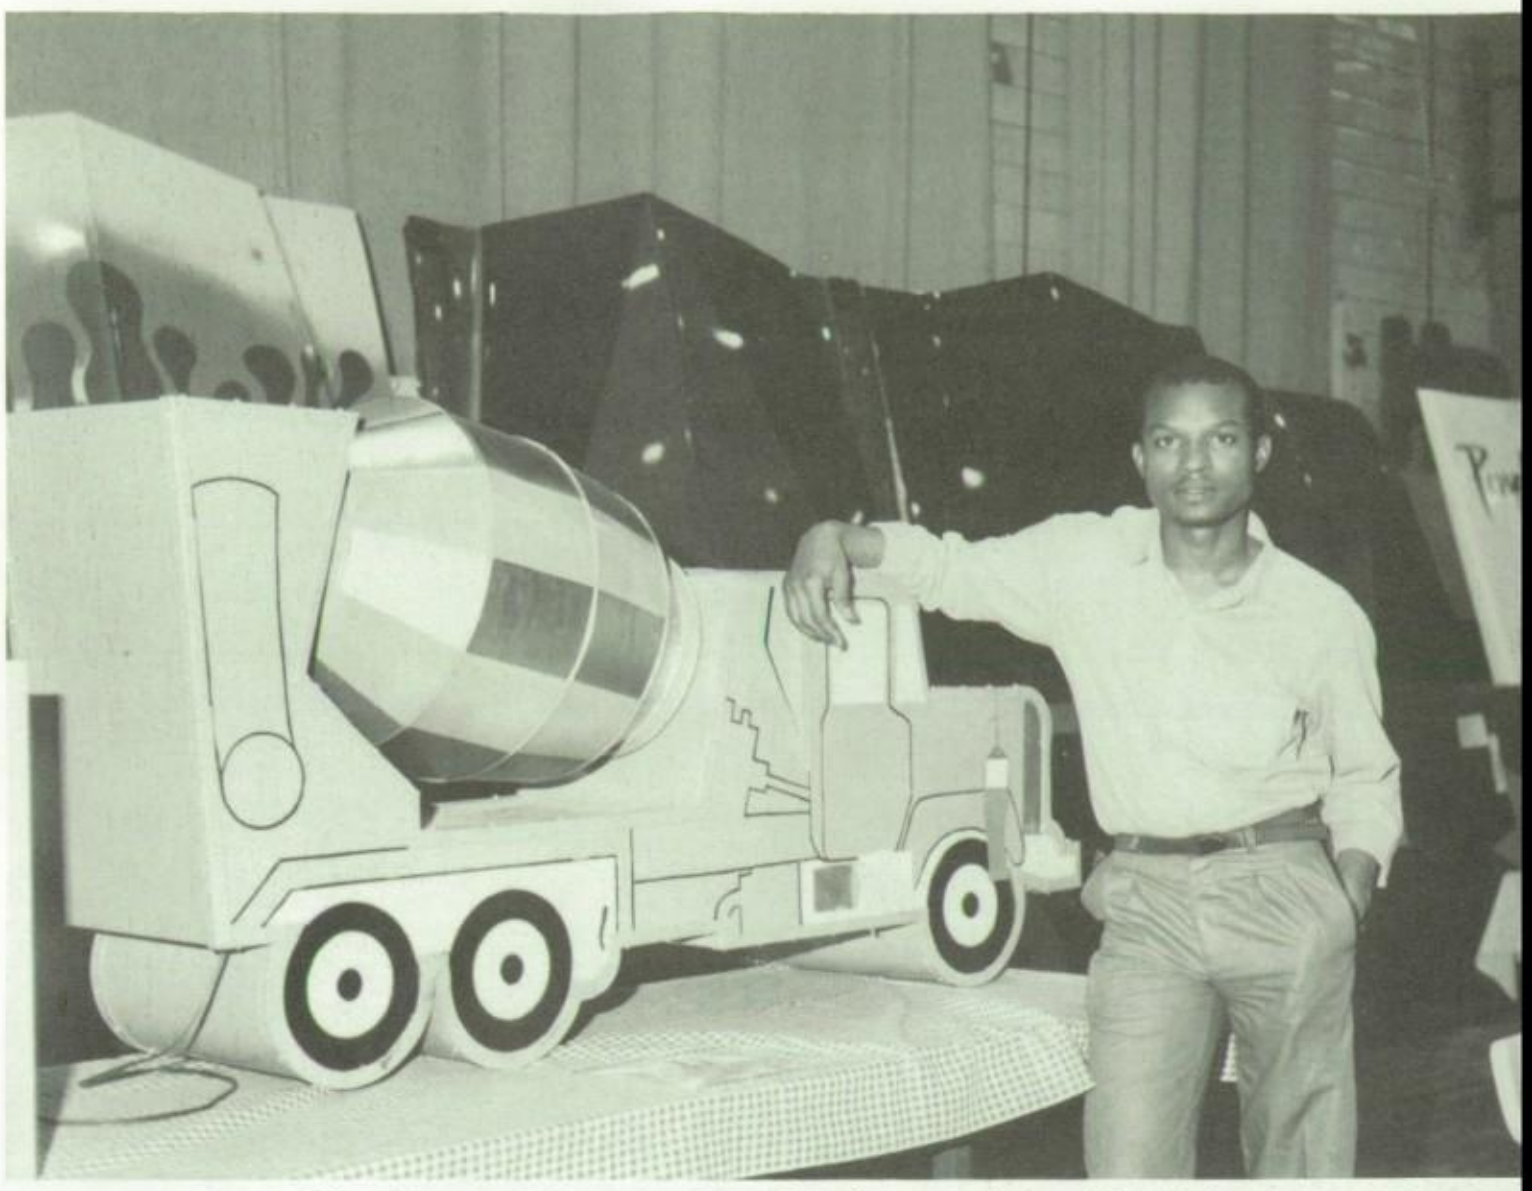
Mr. Jenkins instructs Admiral Falkner on how to attach upright supports for adjustable desk made out of Red Oak.

# CABINETMAKING

Cabinetmaking gives students the opportunity to construct furniture while giving invaluable experience in woodshop. For some students, a life-time hobby in woodcraft begins at C.V.S. For others who are interested in a career in cabinetmaking and who are willing to persevere in the pursuit of excellence, an apprenticeship with a major company is the reward.

Students who learned these worthy skills may take pride in their accomplishments. Special awards are given for the beautiful and perfected pieces of furniture displayed at the Craftmen's Fair each year. Their work is so impressive until faculty members want to purchase the furniture.

First Place Winner in the Craftsman's Fair made by Devolin Page. The wood is walnut.

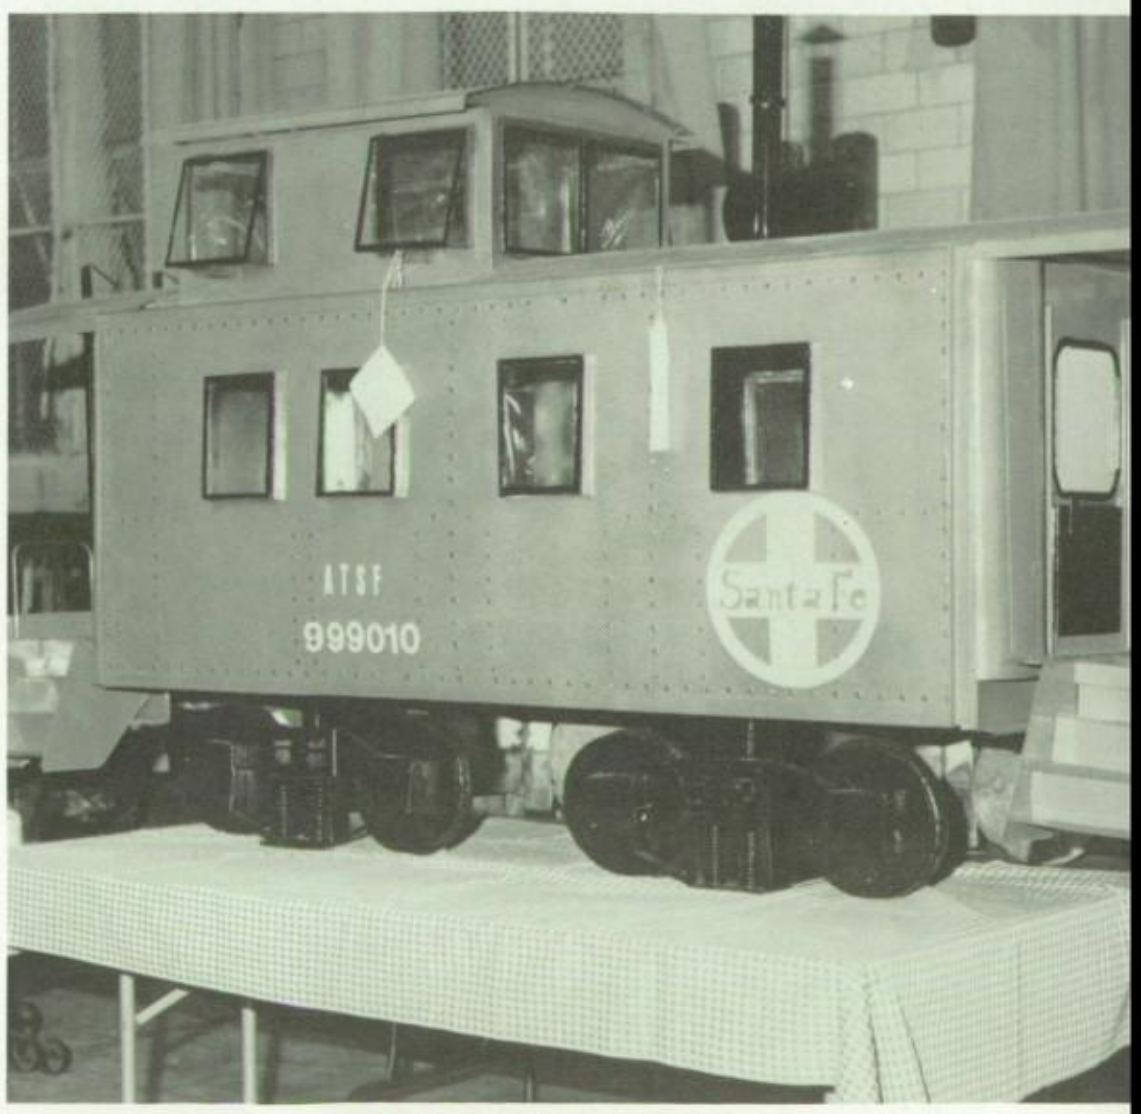


Adrian Keys stands beside his Grand Award winning sheet metal project.

# SHEET METAL

Rolling, stamping, hammering, welding, and other methods are used in this class to get the final shape of the great projects made. This class produces either the Grand Award Winner or First Prize in the Craftsman's Fair each year. The students learn to be perfectionist and do an excellent job. Gutters, air ducts, roofing, and anything else that must have a metal surface is made by these students. One year they made a submarine, another year it was a robot from Star Wars, this year it was a caboose and a cement truck that works.

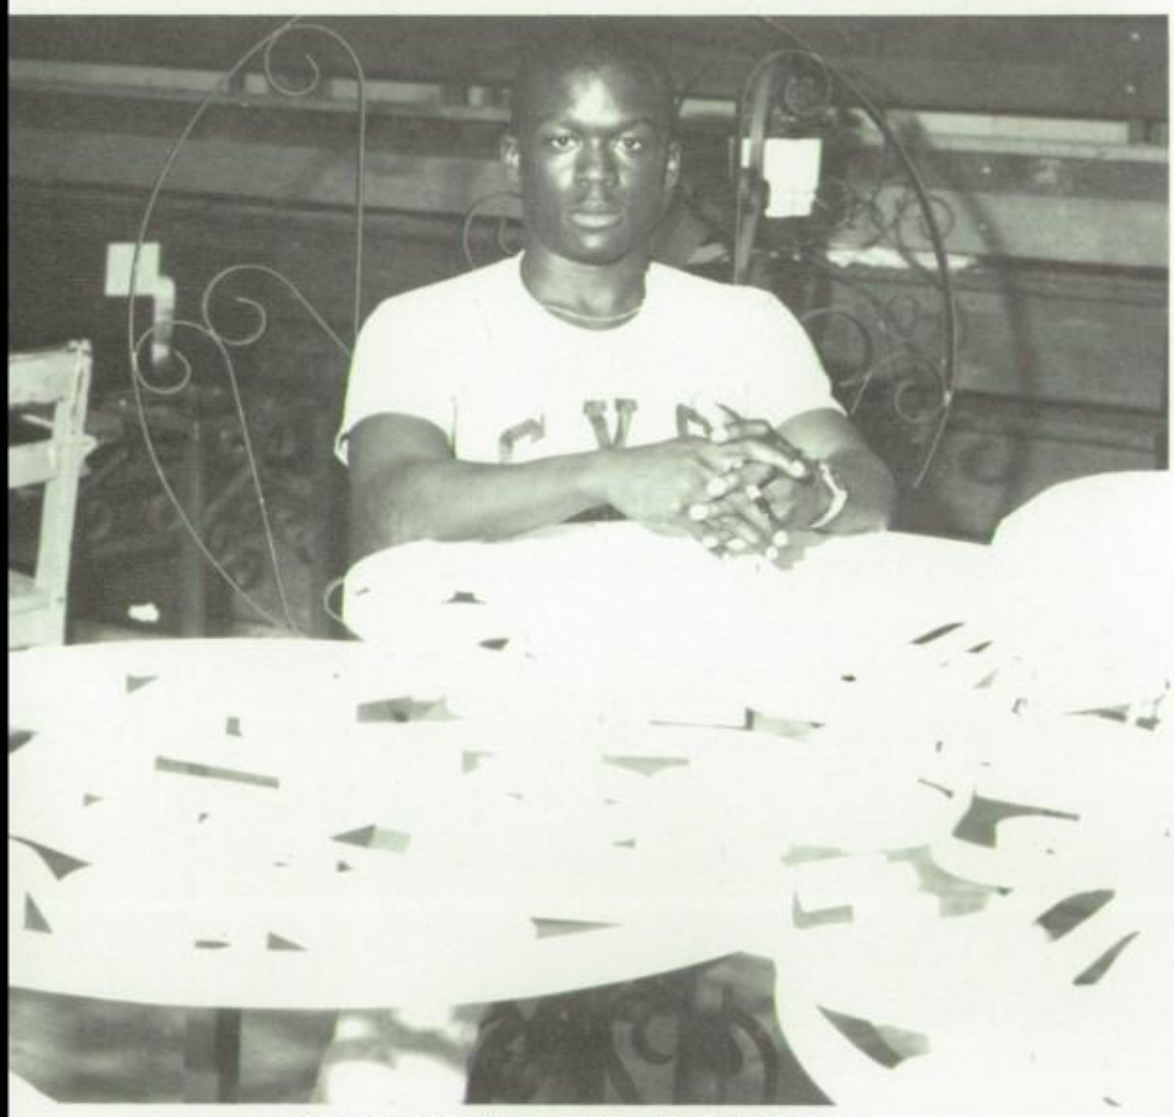
One need only past the window to see the projects in operation. Mr. Owens and Mr. Williams have a rare trade that must be preserved by new people learning how it works.



Clarence Carter did an excellent job on this railroad caboose.

# WELDING

Jeffery Gayles made this for the patio.



Reginald Gee displays his table and chairs.

## WELDING

Welding, taught by Mr. Shroeder and Mr. Miller is one of the rare trades offered in the Chicago Public Schools. Students are fortunate to have this opportunity; it is difficult to find replacements for this trade once teachers retire.

Students learn arch welding and oxy-acetylene welding. Students must use extreme care when welding because temperatures can reach as high as 6000 degrees. Heat resistant gloves, clothing and glasses are a few of the required garments worn in welding.

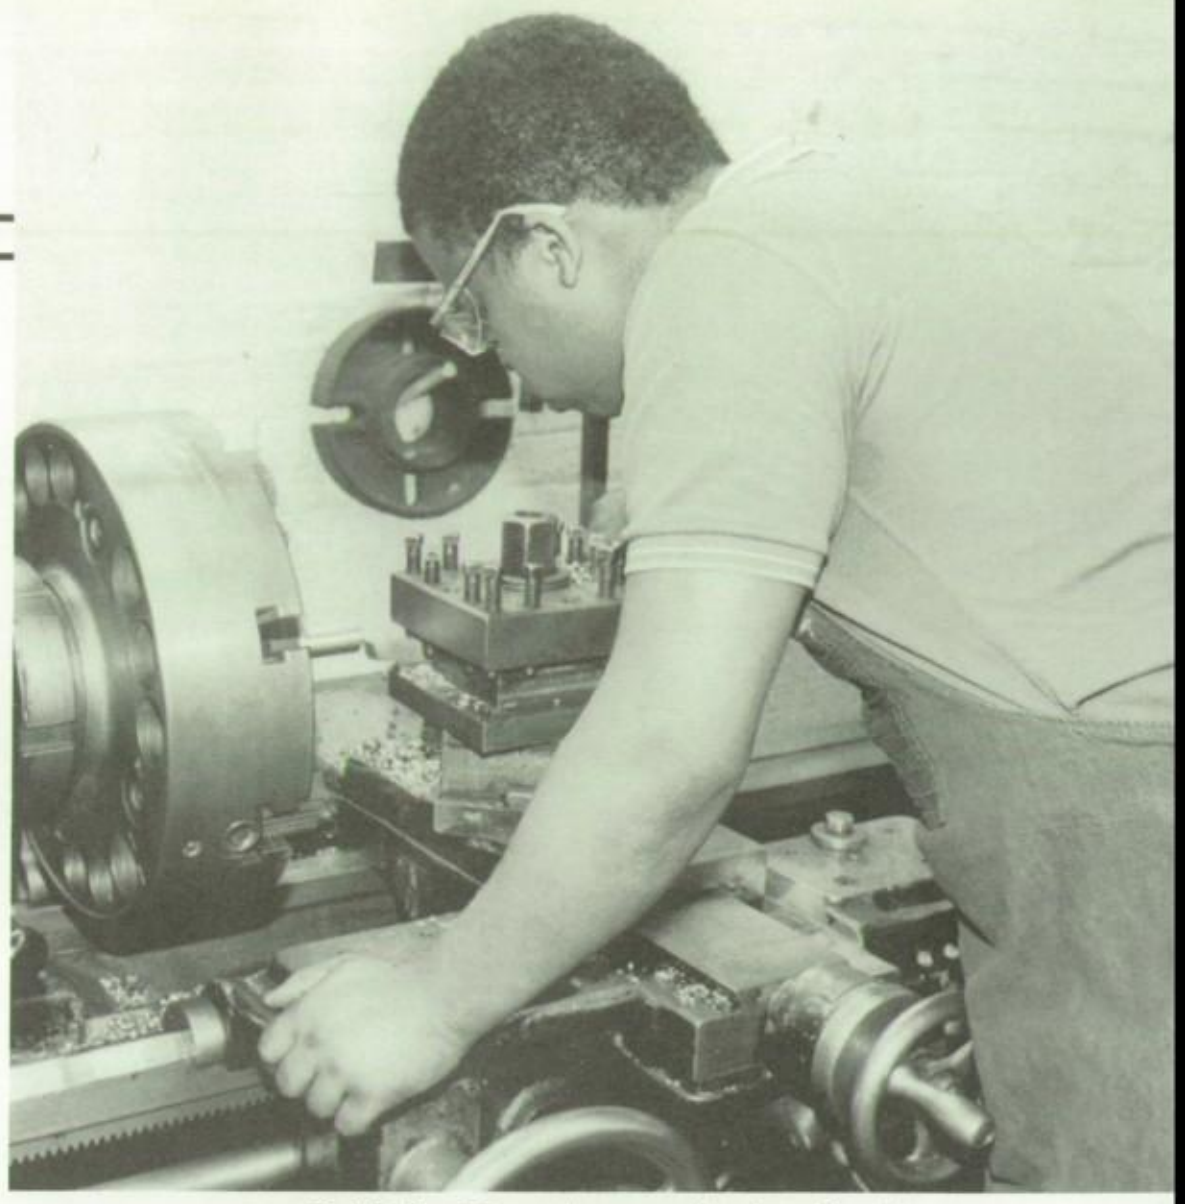
The hard, dirty work has great rewards that are received from people from all over the city and state. The students in this shop learn to produce useful items that can actually be used in the home or garden. Wrought iron tables, cabinets, swings, and wine racks are made and displayed in the Craftsmen's Fair where many awards are won each year.

# MACHINE SHOP

If you want to know how to make a hammer, a screw driver or a nut and bolt, stop in or register for the machine shop located on the Anthony Wing. Students learn to use machines in cutting, drilling, grinding and shaping metals with power-driven machine tools. These tools shape metal by cutting, shearing, hammering, or pressure. Machine tools can do to metal what a carpenter's tools can do to wood.

Machine Shop plays an important role in all most every metal product produced by man. Mr. Saunders allows his students to make small objects such as key chains, hammers, screw drivers, and knobs. The ones who major in this shop are able to judge wisely, think clearly and work in industry with metals.

Sean Steel is machining a wood splitting wedge in class.

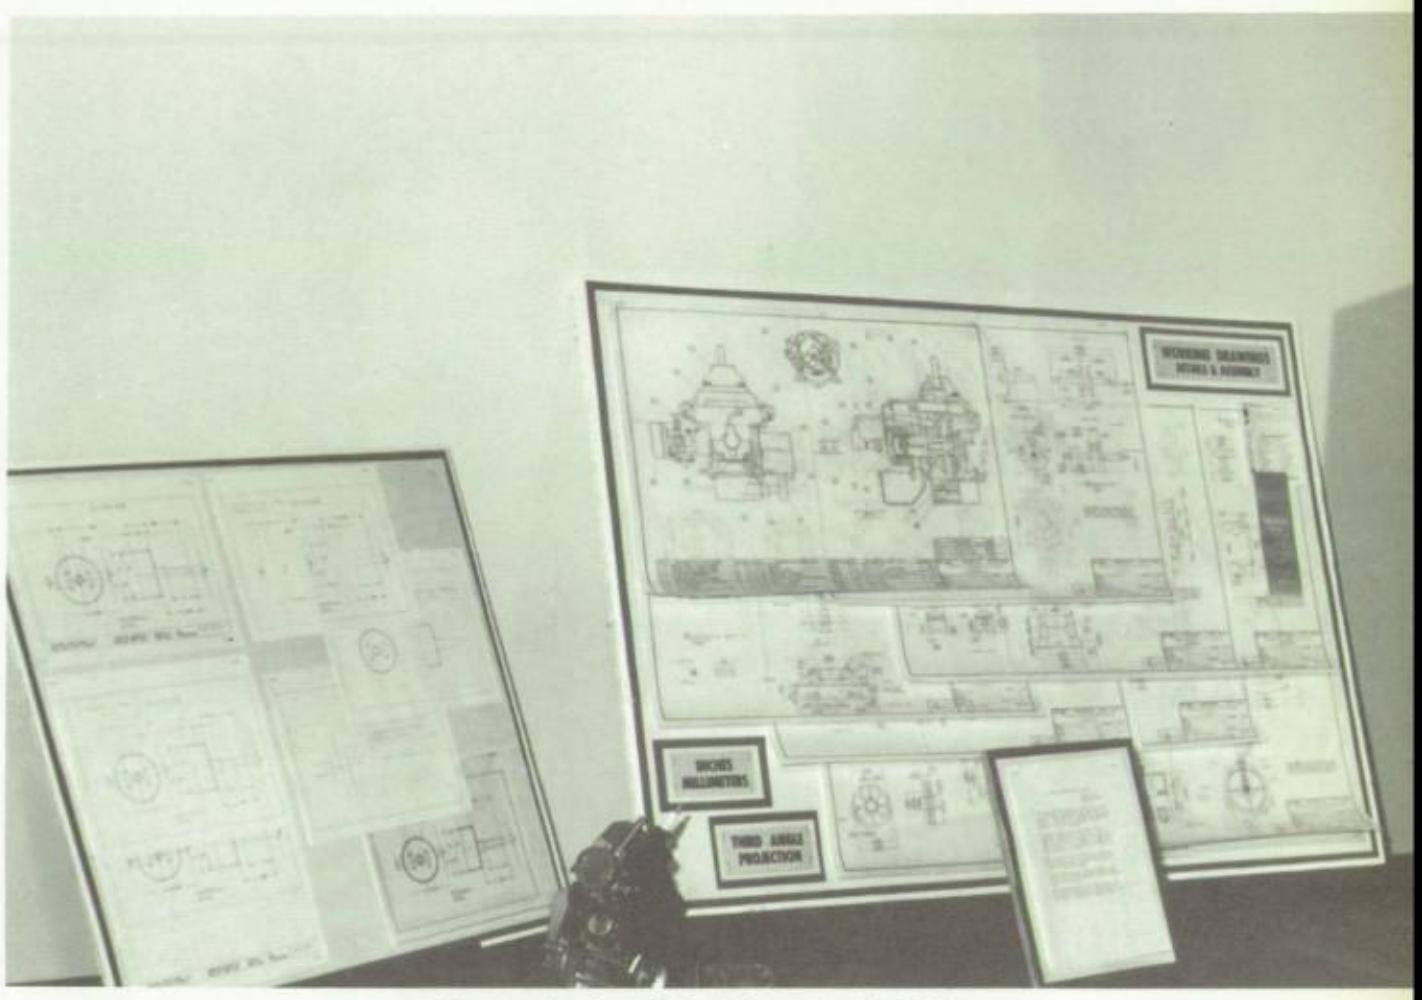


Dwight Franklin works on machine for a flycutter

Using the lathe to machine an arbor to hold 100 gear key chains, Muhammad works slowly.

# MACHINE DRAFTING

Kimberly Paul proves machine drafting is not just for boys.

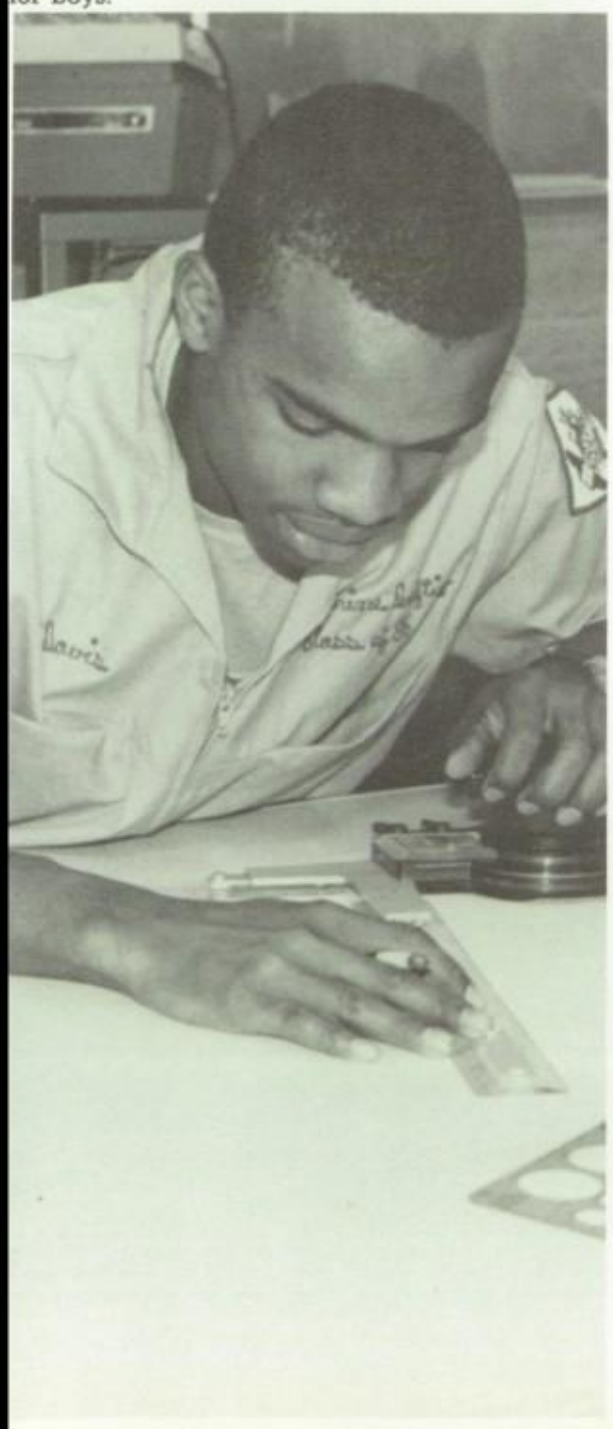


This is the Grand Award won by E. Sadler.

Imagine a freshman in Drafting I two years later in Machine Drafting classes with Mr. Cassello. The change is tremendous. Learning how to draw the perimeter and circumference of a drill press is only part of the things learned in this shop. The drawings are professionally done and when students leave for college, they can compete with college sophomores with skills learned in Machine Drafting.

Students spend 1200 clock hours of mechanical drawing and the new C.A.D. (Computer Aided Drafting). With C.A.D. much of the work is done by the computer, but the student must have the knowledge before it enters the computer.

Some colleges and universities offer special incentives for the students in this shop. IIT and Chicago State offer awards for the Craftsmen's Fair and special contests during the academic year. Scholarships are also offered from Morrison Institute, University of Illinois, and the Massachusetts Institute of Technology.

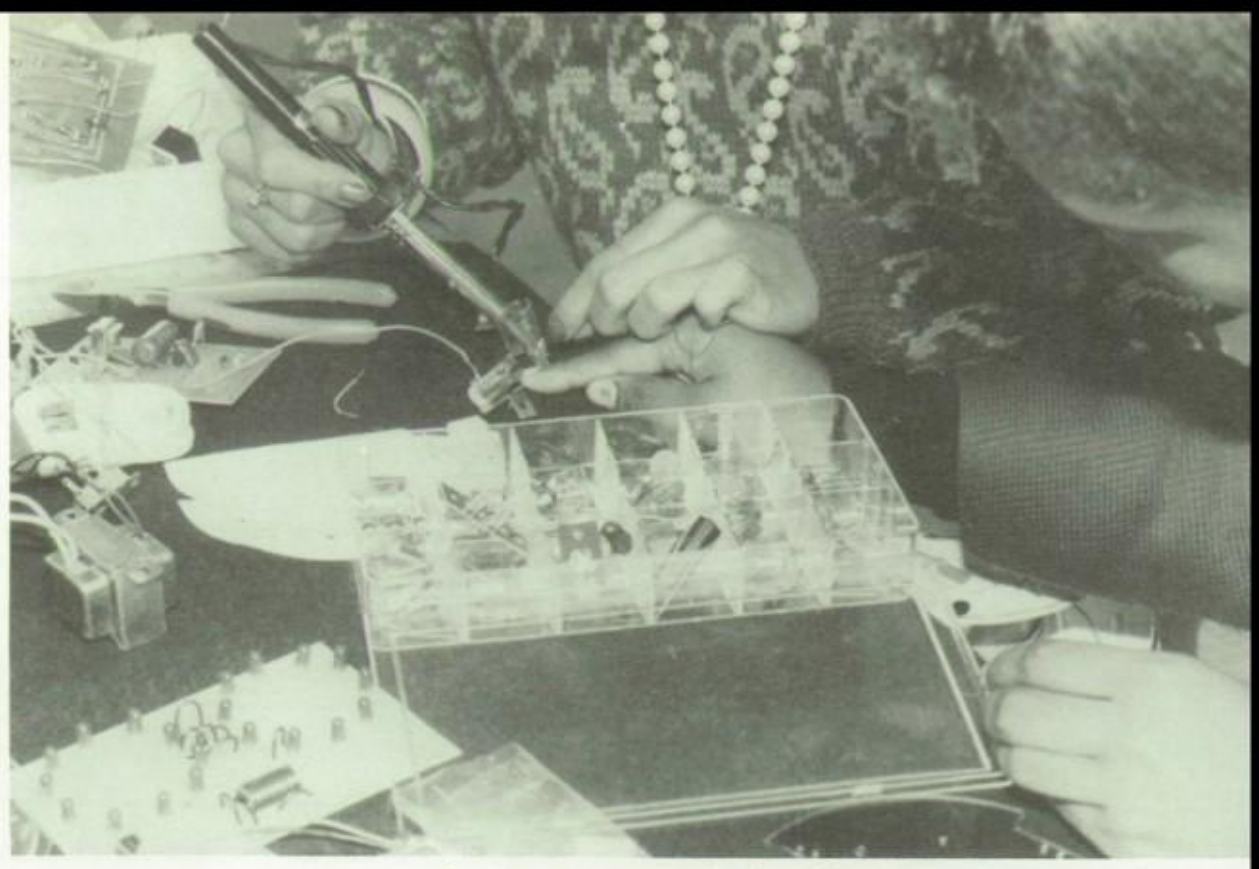


Darnell Lee has everything to work with to produce his drawing.

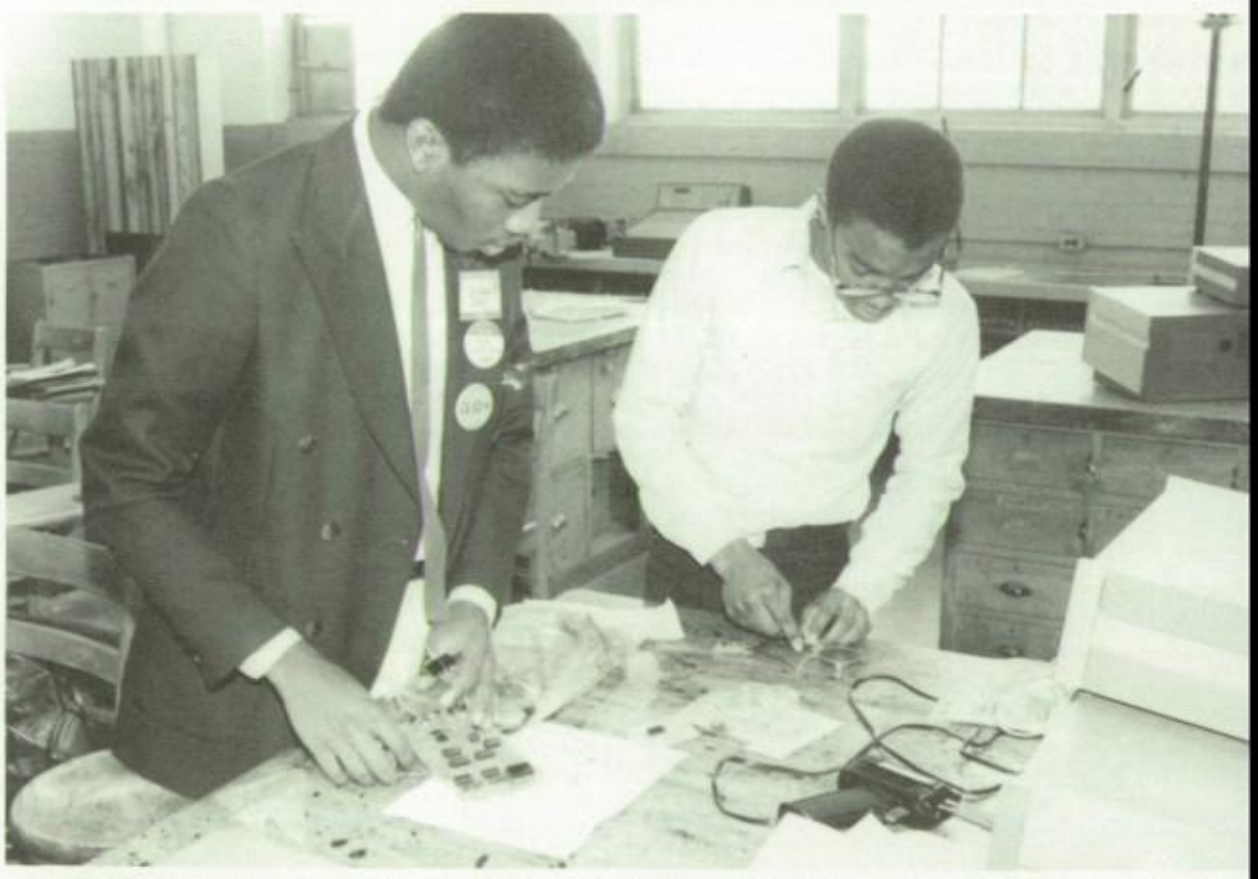
# ELECTRONICS

Electronics is a branch of science that services, creates and builds electrical equipment that we use in our daily lives. Where would we get entertainment if the television set decides not to work? Who do we call to repair our Apple Computer? Also, where do the inventions come from? There are numerous jobs related to this shop a student might want to look into further. Computer service technician, computer programmers, computer operators, and many others that started with an in depth knowledge of electronics.

Mr. Werner teaches this shop and always has students who are in the top fourth of their class. These students must be good in math and take a close look at their other grades. Juniors and seniors in Electronics know that they are rare and can secure employment as soon as they graduate. If they don't want to work for someone, they can start their own business of television and computer repair. Several students could go into business while attending college.



Circuits can cause a lot of trouble.



Electronics has progressed over the years to become successful among many C.V.S. students.

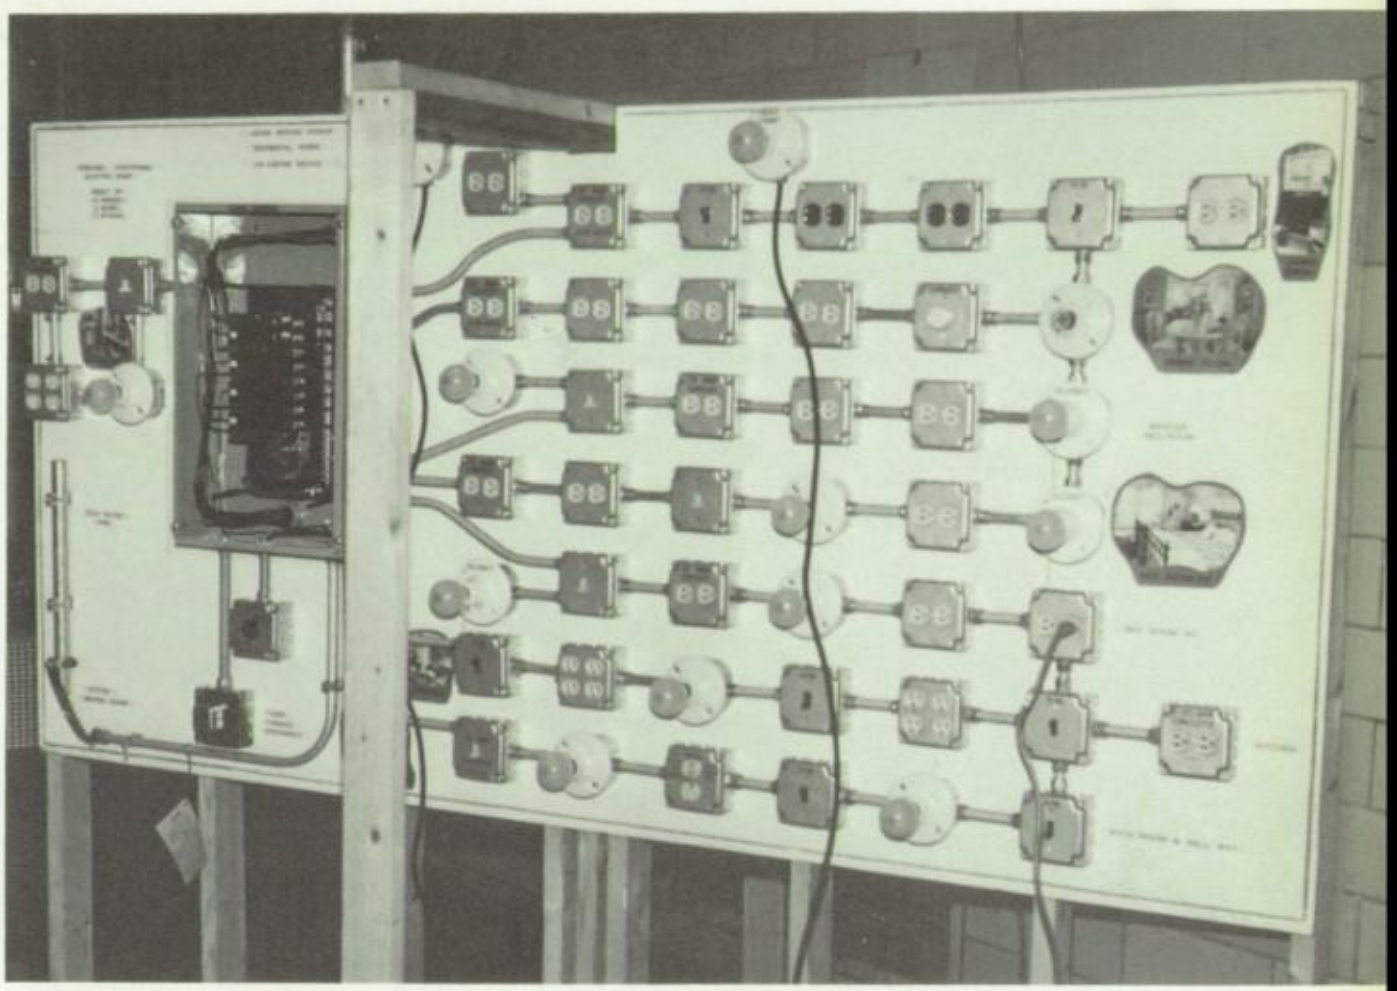
# ELECTRICITY

Students at work in class.

The elegant way to light a building economically!

This is only one of the practical problems students in Electricity Shop have to solve. The building may not be the State of Illinois Building with Fluorescent lamps in the six story atrim-lobby, lit by decor lamps on gleaming space frames but it might be a bungalow on the southside that must meet city electrical codes.

The glamour, in the day-to-day job of lighting hallways, offices, service areas and homes is the electrician's manner of passing the day. Students learn to wire homes and use the best equipment for circuit breakers, piping and switches. The safest, quickest method is the best. Students don't take short cuts when electricity is concerned because property and human life depends on everyone doing a good job.



Electrical circuit used in training.

Problems presented in the Craftsman's Fair.

# HORTICULTURE

The display at the Craftsman's Fair was watched by Michael Richardson.

Flower arrangements for fall, took several awards.

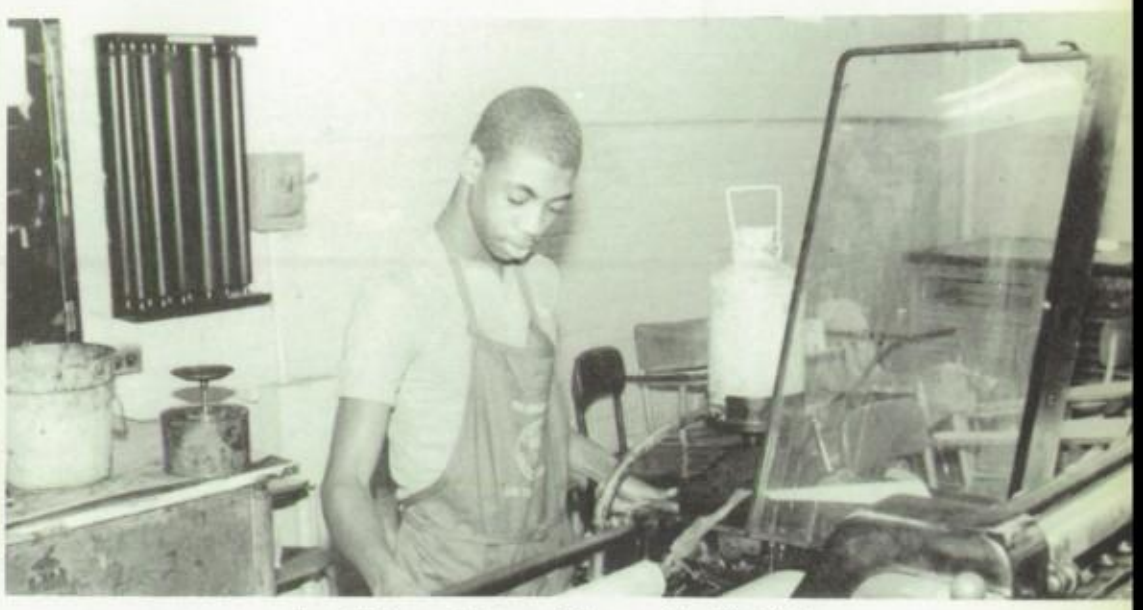
Flowers for dinners! Flowers for lunches! Flowers for weddings! Flowers for the office! Flowers for an outdoor banquet featuring the Superintendent of Schools, Dr. Manford Byrd, Jr. The Horticulture Department under the leadership of Mr. Sarantopolos has blossomed and become one of our most popular shops. Students can see a future in making people happy and things beautiful. There is the possibility of starting a business and making money while going to college. Horticulture can also be a hobby for anyone.

Horticulture students submit their projects, which might be a waterfall with flowers, a Japanese rock garden, or an Oriental arrangement, to the Craftmen's Fair and the Industrial Arts Exhibit at the Museum of Science and Industry. They win awards every time. Students learn to make arrangements that are well balanced, colorful, and in proportion to their assignment or problem. They also learn the names of plants and trees. Knowing the plant diseases and preventive measures are a part of the course. Horticulture has a lot to know and a lot to show.

L. Sargent and S. Catman prepare for a banquet.

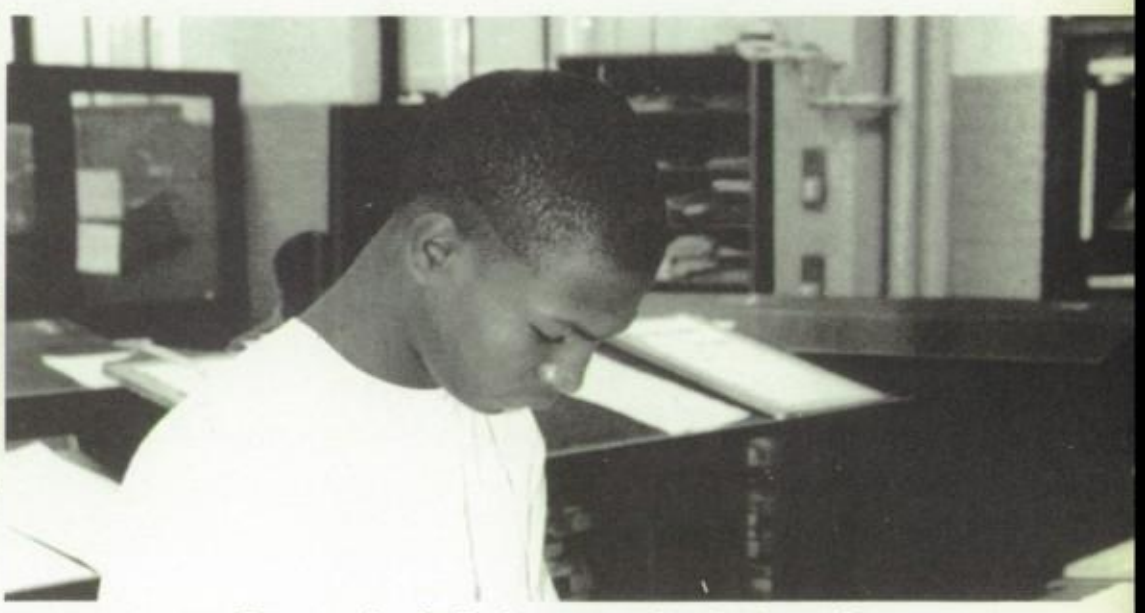
# GRAPHIC ARTS

James Heard and Tranzle Maclin are working on the Chief 17.

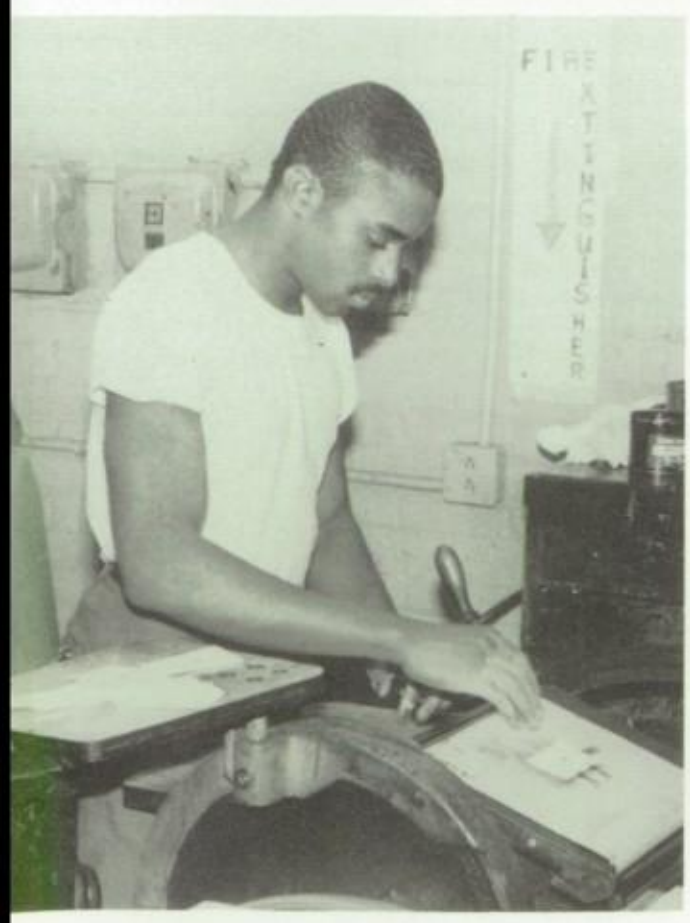


Sam Holman likes working on the Heidleburg.

The paper cutter is a standard and Phillip Vork is working carefully.



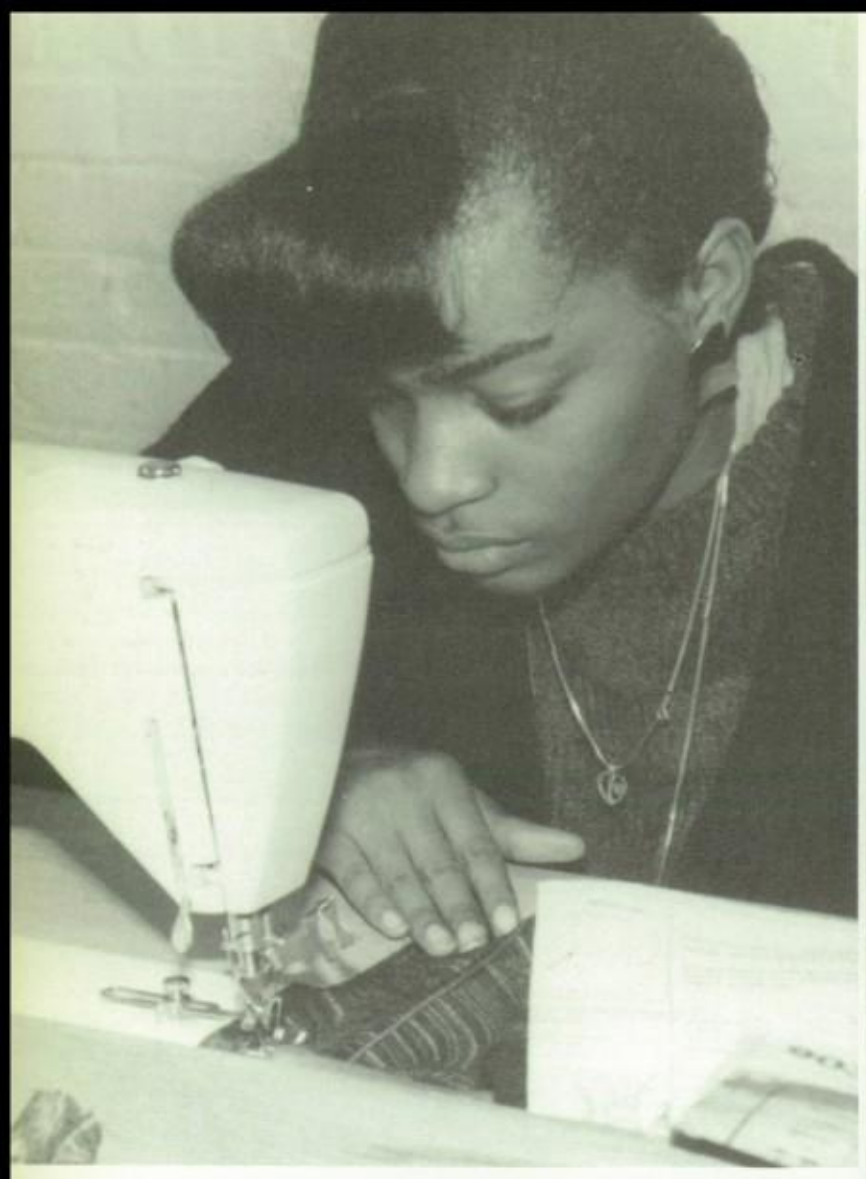
Paste-ups for the Trademaster as done by Irving Scott.



The Platem Press is perfect for business cards demonstrated by Barnett Pettis.

ASSIGNMENT: An agency writer is writing copy for a sales brochure. One layout calls for 3¼-column inches of 8-point Weiss, 1-point leading, 13 picas. If this type averages 9 words per 13 pica, how many words must the writer produce so the type will fill the allotted space?

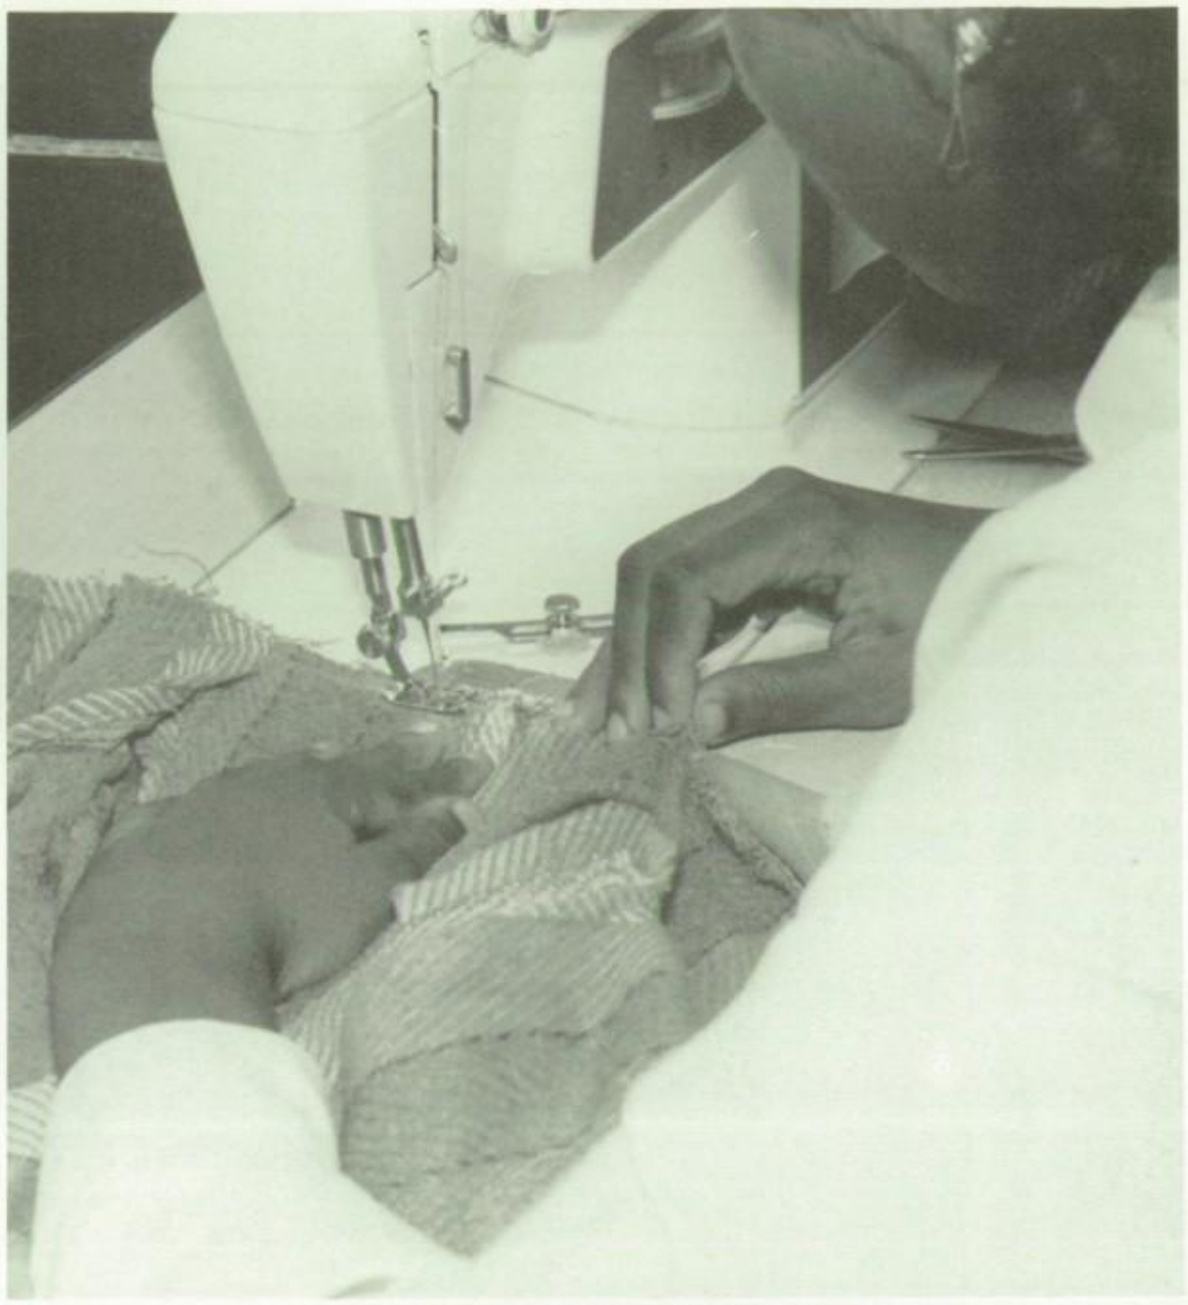
So, you thought Graphic Arts was just printing cards and posters! The above assignment shows the amount of knowledge students must have in order to do the proper job of type setting and layout for this class. Mr. Lahori, Mr. Roberts and Mr. Robertson work together to produce many of the final projects in the print shop. Students should be good in math and spelling to produce good professional work. The school newspaper is now being published through the Graphic Arts department and they have done an excellent job. It saves money too!



Shoron Williams—Clothing—Applying interfacing to waistband

# FASHION DESIGN

Fashion Design combines custom dressing making and tailoring classes. Tailoring is the more advanced class of dressmaking and pattern drafting for both female and male students. The C.V.S. curriculum includes all fundamental processes of tailoring, garment alterations and garment design Fashion Design opens doors for employment stores, self-employment and others. The training is of lasting value, not only to those who enter industry but also to future homemakers. Spring fashion show gives the students the opportunity to show off their garments, and they are judged and awarded prizes for them in the Craftmen's Fair and Industrial Fair.



Annette Deon, Jr.—Clothing—Stitching blouse

Phyllis Caprick, Jr.—Clothing—Stitching pants

Yvonne Gilmore—Clothing—Picking out. (If we do it wrong we have to pick it out).

Clothing from Fashion Technology classes for the Boutique.

Tanya Johnson shows the correct way of stitching.

# FASHION DESIGN TECHNOLOGY

Fashion design is the most unique major in the school. Fashion Design require a lot of hard work and time. The requirement for Tailoring is 2 yrs. Drafting and act average. The requirements to remain is that major is to master skills needed in assembly time production and students are required to participate in the Fashion Shows. The garments are chosen by the designers in each class.

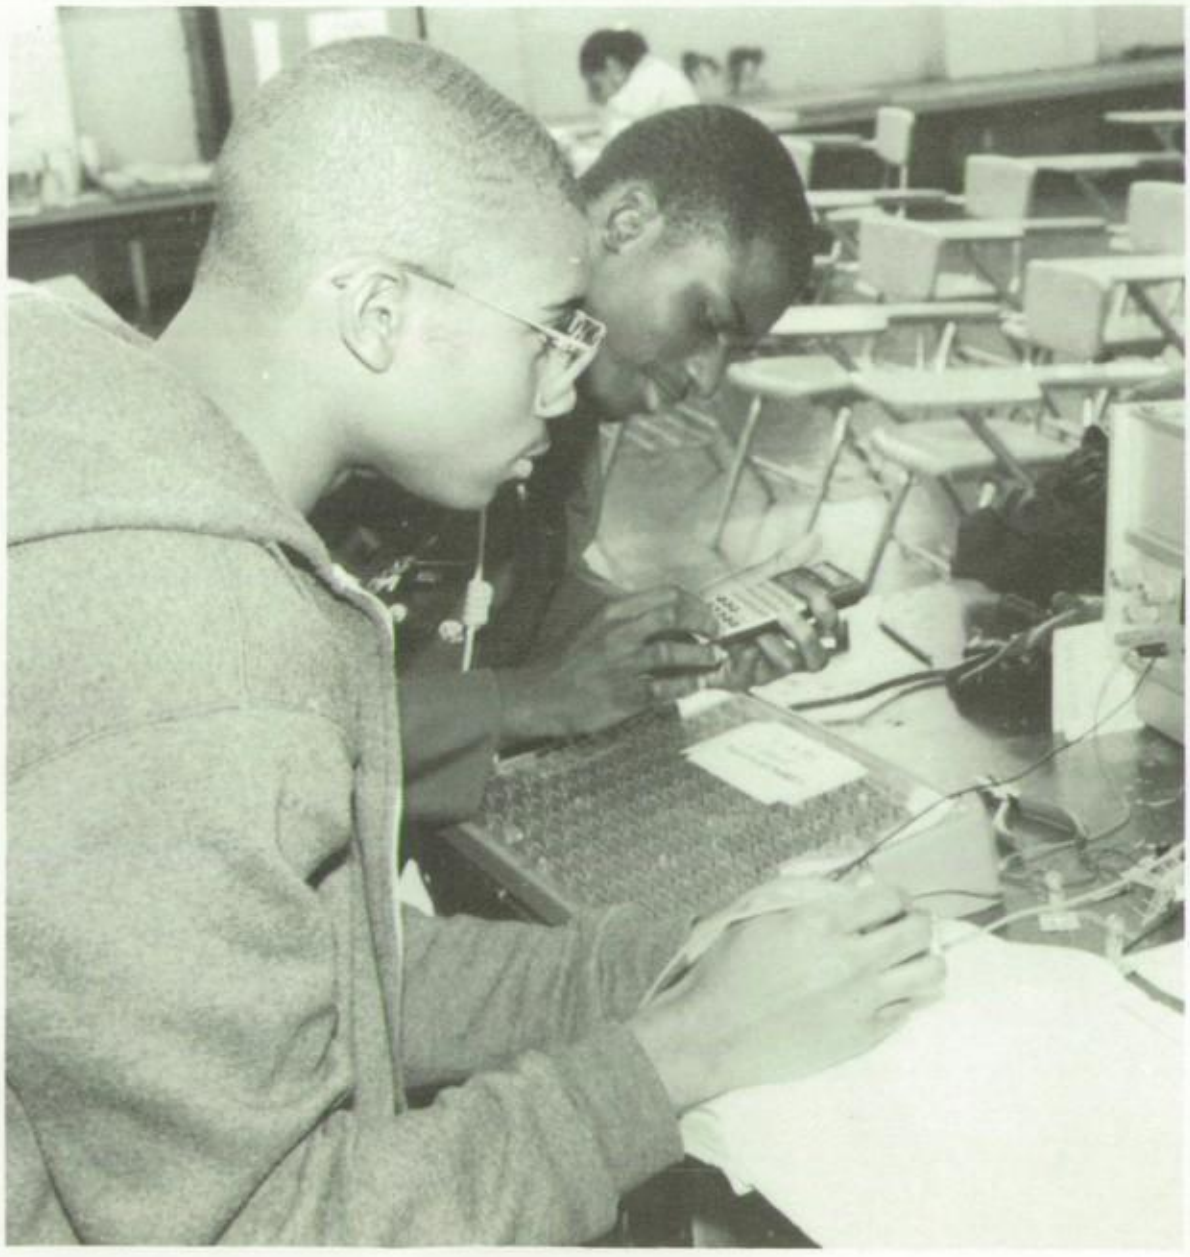
Fashion design Technology is a wonderful field to join. So make Fashion Design your choice.

# COMPUTER MAINTEN-ANCE

In January 1985, the junior class in Computer Maintenance had just built some digital clocks with binary supplies. Mr. Robinson thought they were good enough to submit in competition in the Craftsmen's Fair and Industrial Education Fair. Occasionally, projects from this class can qualify for the District Science Fair. The instructor has plans of his classes building microprocessors and learning to program them.

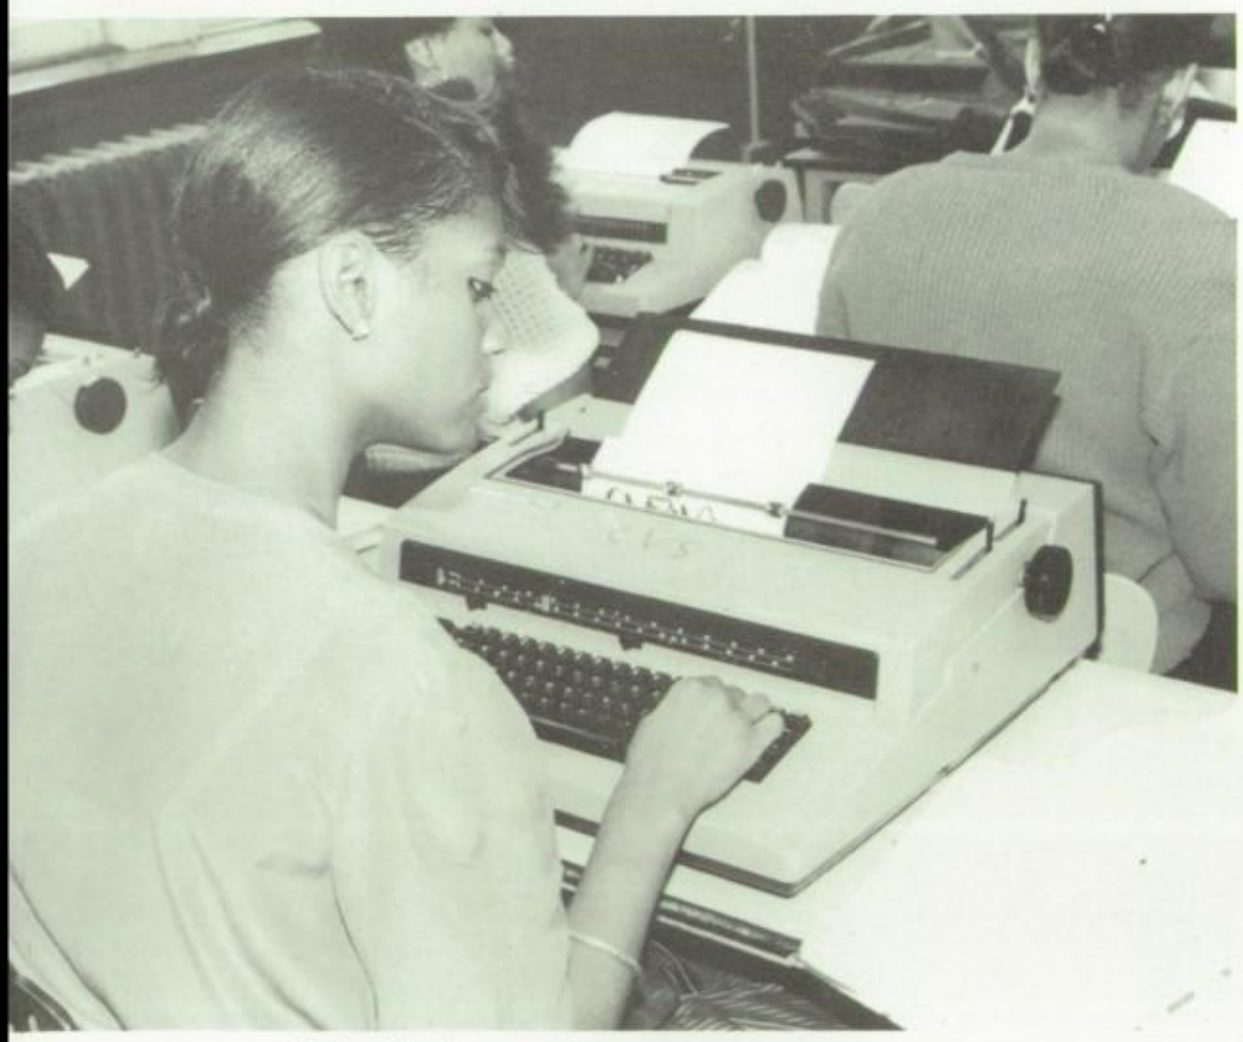
In order to be in the Computer Maintenance class you must be in the top 20% of your class. This means good grades in all classes. During the senior year, students are placed on jobs or counselled for college or the military service. Ninety per-cent of the students fall into these categories. Students leaving this shop are armed with tools they can use the rest of their lives and make a living at it.

Soldering the computer parts takes patience.



Carey Baker and Joseph Kroger test some of their electrical equipment.

Levetta McAllister practices for accuracy.



Shelon Fletcher types her assignment at 55 wpm.

# TYPING

Typing is a business class that is offered to students who are interested in the business field. The major will determine the years of required typing. There are three classes of typing—Typing I, Typing II, and Typing III.

Typing I is taken in the sophomore year. Word Processing majors take two periods of typing while other majors take only one period of typing. Typing I requires 20 wpm minimum and 40 wpm maximum.

Typing II is taken in the junior year and requires 40 wpm minimum and 60 wpm maximum the seniors taking Typing III. All classes are expected to be able to perform the basic skills such as master of the keyboard, speed and accuracy, typing personal letters, tables, memorandums, longreports, magazine articles, and business letters. The typing students also learn to prepare presentable resumes and other legal formats. Typing students as well as other business students are required to dress businesslike every Wednesday.

Mrs. Green gives a trophy to a senior.

# ACCOUNTING

The principles of accounting have taken on a different look since the computer has become so involved with office procedures. The computer can make this job of numbers much easier.

Students must still learn how to operate an account, debits and credits, ledgers, cash and internal control, sales and purchase accounts, inventories, cost accounting and much more. They must also know how to prepare the annual reports for stockholders of companies. Many students get jobs with businesses during their classes at CVS. They are able to actually run the offices of real estate, insurance or maybe a photographer's studio.

These students must work hard to keep their grades at an 'A' or 'B' in order to stay on top of things. Accounting is helpful when organizing a family budget.

Working at a bank was rewarding.

The Sponsor and student enjoy the rewards.

McGee found working at Continental Bank enlightening.

Mrs. Green congratulates and gives him a plaque.

Business students learn what the world is about.

# STENOGRAPHY

Stenography at C.V.S. provides students with knowledge, skills, and attitudes necessary for successful performance on the job and future promotion. The stenography students take two periods of shorthand and two periods of typing and extended time in the areas of machine operating. The student learns to take dictation and transcribe at a high rate of speed. The goal is to reach 120 w.p.m. in shorthand and 60 w.p.m. in typing. It is good to have typing skills, but having shorthand skills are a greater advantage. Secretaries with shorthand skills are in demand everywhere.

Touch shorthand is still used in court reporting.

Netra Bailey makes sure she practices for her classes.

An extensive vocabulary is needed for steno.

Independence, USA... You won't find it on any map. It's the feeling of well-being that comes from establishing some real financial independence to make sure your family's future is secure.

Of course, it's not easy to find Independence, USA. You should use an expert guide to show you the way. Like the Independence Bank of Chicago, the bank that's on your side.

At Independence Bank, one of the largest minority-owned banks in the nation, we treat everybody like they're "somebody". We're dedicated to providing you with all the personable, knowledgeable, truly helpful banking services you need to reach your own independence.

So, if you dream of getting some financial independence, you're our kind of person. And we're your kind of bank.

Independence Bank of Chicago, Member, FDIC.

**Independence Bank of Chicago**

Main Facility · Independence Bank Plaza · 7936 S. Cottage Grove Ave. · Chicago, IL 60619 · 312/487-4700

This Advertisement Prepared by

Independence Bank of Chicago
Job No. IN 3183 AC—Magazine/Newspaper

Edina Ziegler and Sonya Johnson type material at record speeds.

# CLERICAL OFFICE PROCEDURES

Office careers provide more opportunities for employment of young people than any other type of career. According to the Bureau of Labor Statistics, there are more office jobs than there are in other occupational classification.

Clerical Office procedures provide the students skills and competencies needed for employment in a wide range of entry-level office jobs. Office procedures deals with words like processing, micrographics, and reprographics with emphasis on all office jobs opportunities. At the completion of Clerical Office Procedures, one should be guaranteed a successful office career.

Becoming familiar with office machines is no large task for Deannia Robinson and Deirdre Smith.

The foods class is ready to serve a treat.

Robert Butler and Michael Richardson use safety when baking.

# FOOD SERVICE

Perfect party idea! Step by step to terrific Soul Cooking! Great new recipes for delicious one-dish suppers! Shrimp in Tomatoes with Herbs, or just plain fried chicken with French fries. Learning to cook and serve food with Mrs. Irma Walker's class has great rewards daily. Yes, daily because students are allowed to eat their great creations.

They learn things like arranging silverware, setting tables for banquets, and the difference between dinner and salad forks, etc.

Students can go further in school to become chefs and work in restaurants or large hotels. Julia Child and Craig Claiborne started with the easy things first. Students enter various contests including the 'Bake Off Contest' sponsored locally then state-wide.

So, if you want to please a lot of people with your cooking and knowledge of set-ups at parties, see Mrs. Walker, but don't wear loose clothing or hair without a net!

Biscuits for breakfast is Sheryl Ross' favorite surprise.

Pie crusts for two hundred pies keeps Edna Harris, Georgina Taylor, and Pamela Taylor busy.

# R.O.T.C.

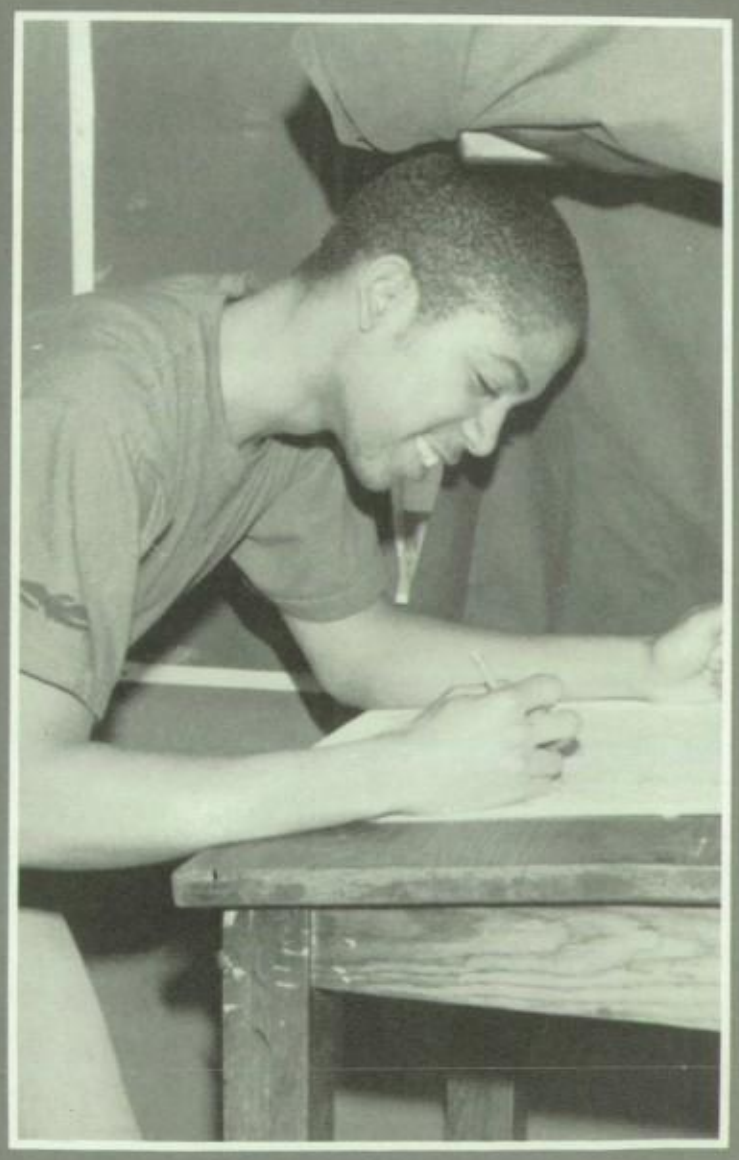
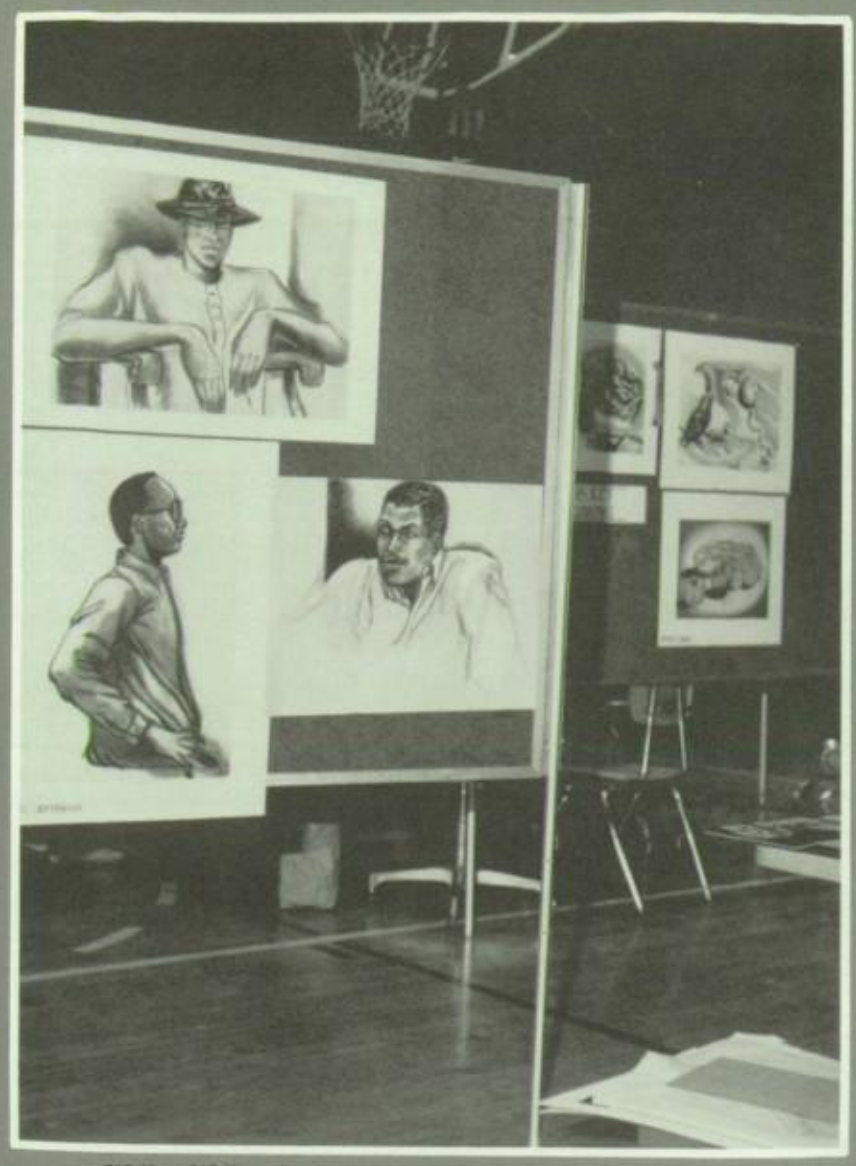
# COMMERCIAL ART

Sketches from a live model are displayed at the fairs.

Sculpture is a part of the commercial art class.





Willie Willingham improves how shadowing techniques.

Open the cellephane on your donut in the lunchroom, then drink your milk from the carton. During lunch, open your potato chips and read a few lines from your History book. Then, after school, visit McDonald's where you might try a 'Big Mac.' When you have done all of these things, the commercial artist has made them all more pleasing to the eye. The wrappers and cartons all had to be designed by someone, the commercial artist.

Students learn to draw well first, then they go into other areas of art such as printing, photography and sculpture. The techniques used vary from air brush, sketching, painting to video production. Students learn layout and paste-up which is helpful when trying to find a job.

Local, state and national awards have been won by the Commercial Art Shop and students are now earning a living doing what they know best, drawing and painting. Mr. Johnson shows his students how to set up a freelance workshop and how to deal with agencies. Working with advertising agencies is demanding and a supervisor must O.K. all work.

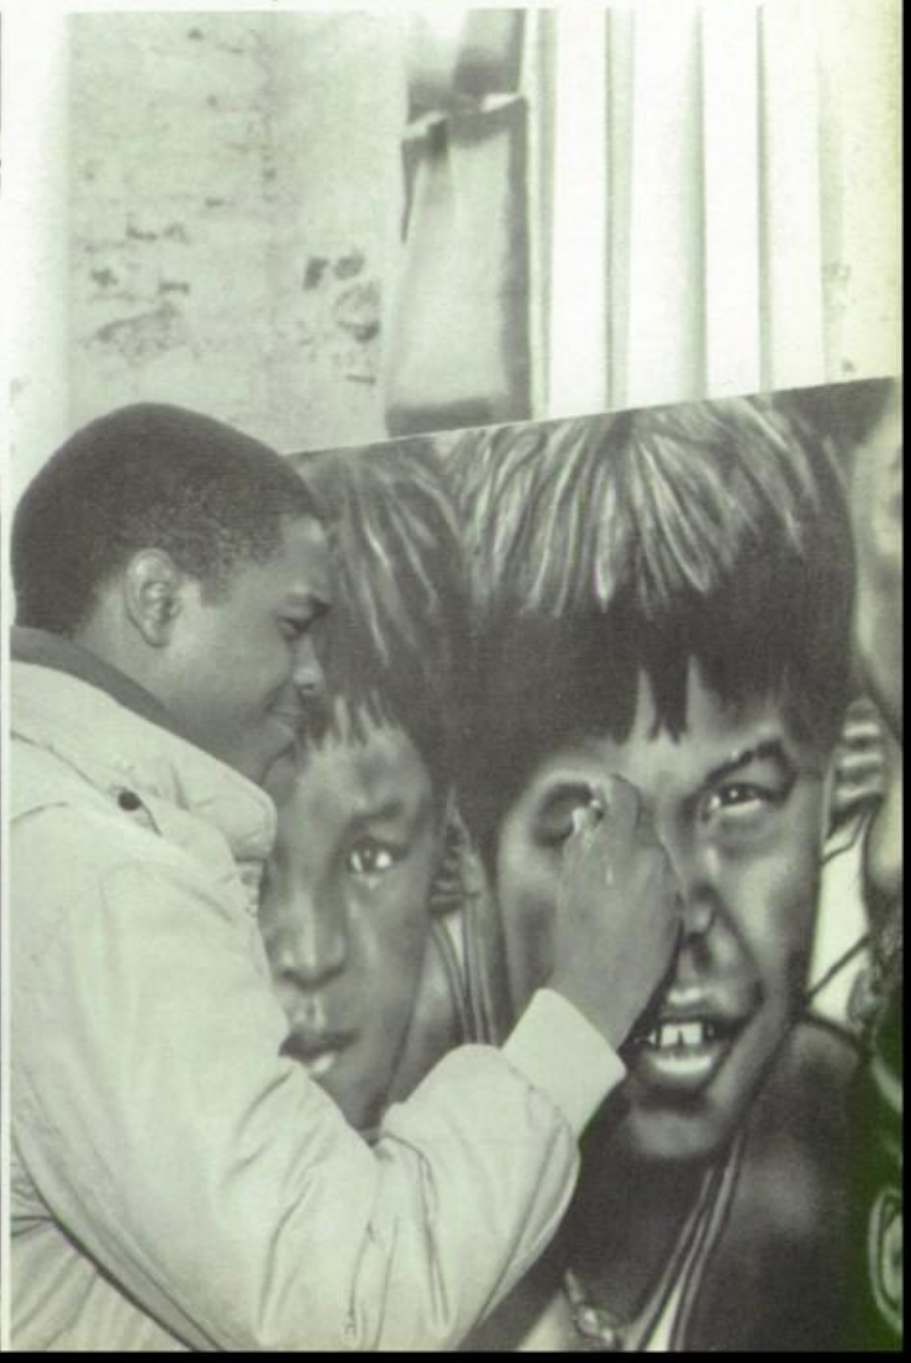
Commercial art is needed because it's all around us everywhere.

# COMMERCIAL ART

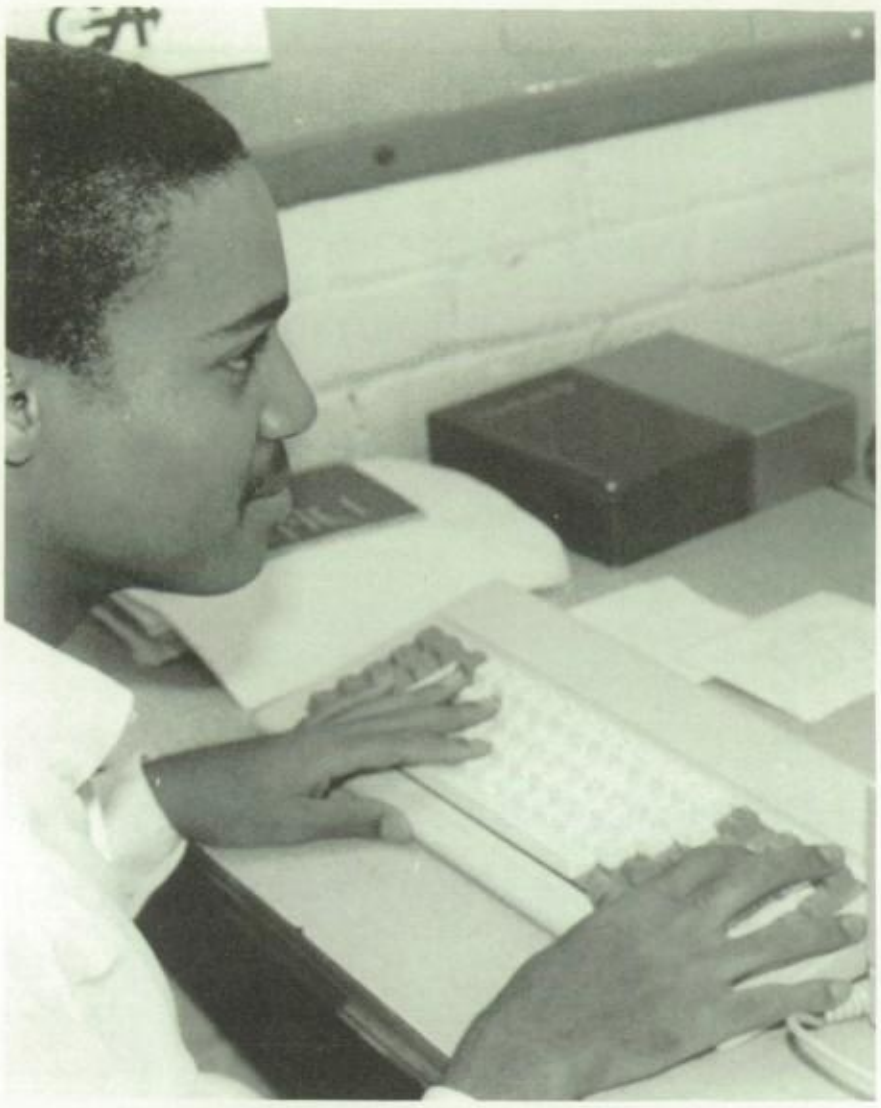
Illustrations of books, record albums and department store ads are show here.

Fashions and movies are good subject matters for commercial art.

Richard Ames puts on finishing touches with an air brush.



# DATA PROCESSING

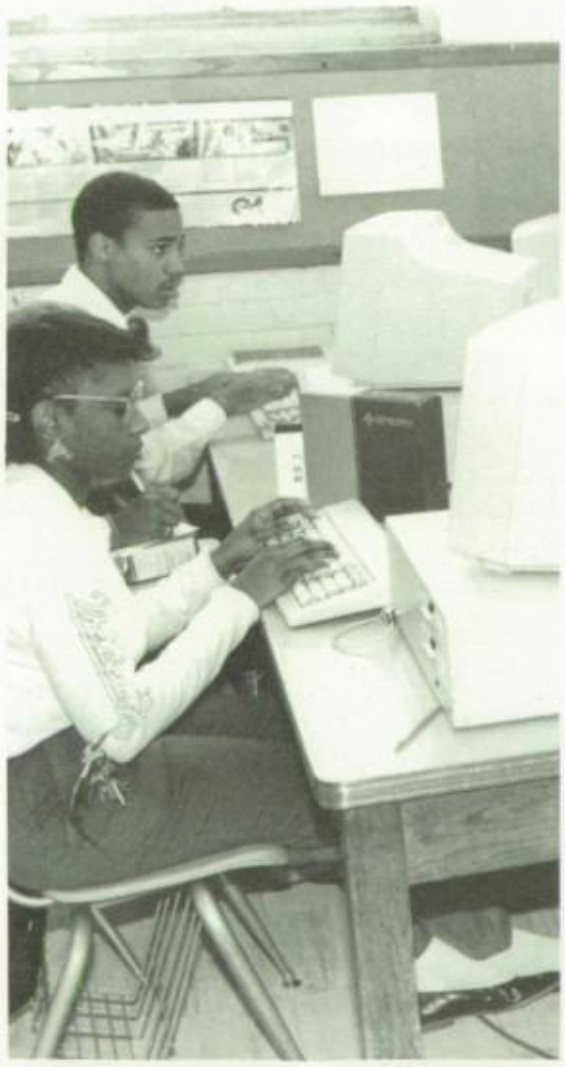


Derrick Daniel checks his program for errors.

Complications are no obstacle to Cynthia Harris.

Data Processing became a shop at CVS during the '83-'84 school year. Ms. Scott wants her students to meet certain requirements before they sign up for her class in person at the end of their freshman year. They must have a 'B' in Algebra sign up for Geometry and maintain a 'B' average in all classes.

This shop covers several languages in the basic computer and Fortran, Cobol and Pascal included. Recently, due to the upgrading of the high school computer courses, the class has received modern machines. In Data Processing, the computers must be programmed in a step by step method with perfection. A program is a sequence of instructions that tell the computer what to do. Each step is known as statements. Statements begin with line numbers usually 10 and increase by 10. By doing this, additional lines may be inserted later. You can see there is no room for slack in this class. You must work hard everyday. Jobs are waiting for each student who completes this shop!



The Data Processing class are the best CVS has to offer!

Myra Marsaw thinks hard before she enters data.

Reborta Huges shapes a figure for her plastics project.

# PLASTIC SHOP

The world is fast becoming a plastic society. Have you noticed the television set, microwave oven, interior of automobiles, or even the trim on cars; all of these things are now plastic. Yes, plastic is an important factor in our society today. In this shop, students learn to make many different types of objects so they can get a feel for the material. They have a chance to create their own designs when it comes to their semester project.

Key chains, small tables, and even lamps are made in this shop for the various exhibits. They learn how to fuse or glue pieces of plastic together, color it, and cut various shapes. Mr. Echols wants students who are good in chemistry and math and who are looking for a challenge.

Students are shown the many possibilities for employment at the Industrial Education Exhibit and Craftsmen's Fair because many plastic products are shown.

Jim Langston takes time for perfection.

N. Murray, J. Taylor, P. Waler, T. Nash Row 2: N. McGee, L. Lloyd, A. Riley, A. Baggett, Kenneth Woods, Conductor Row 3: N. Jones, D. Rice, A. Currin, S. Bates, L. Daniel

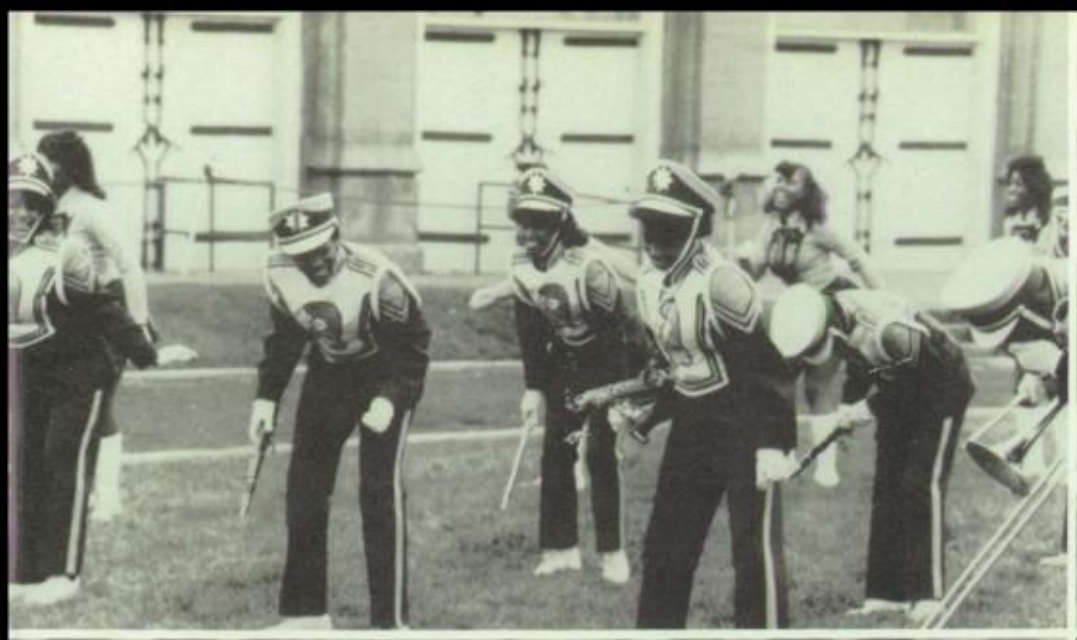
Mr. Woods also directs the mixed chorus.

# VOCAL—MALE ENSEMBLE

Mr. Woods has worked hard for several years trying to put together the Male Ensemble from CVS. The group of boys have special voices that are selected by the director and tutored to the right tones and pitch. They have sung a capella for some occasions but usually with piano. Their voices are especially beautiful during special holidays and special events.

Male voices are heard at all ages and throughout the spectrum of social events. Church, weddings, funerals and other special events. Male voices are famous in England and Vienna where the Choir Boys have gained world-wide recognition for singing angelicly. The student body and staff are happy to have the Male Ensemble this year.

The Male Ensemble performed at the Christmas Show.



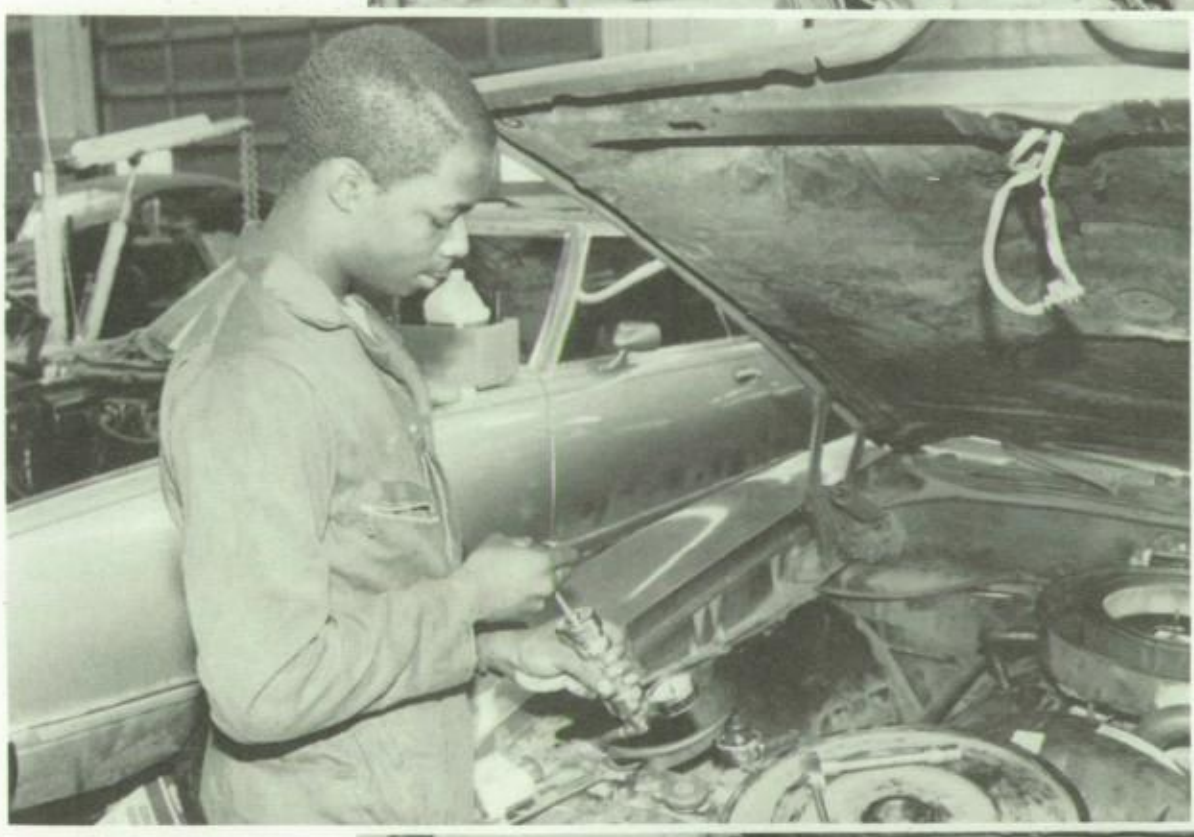
Cavaliers
Cavaliers

# AUTO MECHANICS

Auto Mechanics gets students prepared for the future of the rapidly changing automotive industry. During class time, students learn to repair transmissions, replace spark plugs, points, condensers, distributor caps, brakes and align front wheels. They are taught how to check oil pressure, antifreeze emissions controls, windshield washers, belts and tires.

Students at age sixteen may enter a program in which they work as service station attendants on a half day basis. They earn shop credit, wages, and valuable work experience.

Small adjustments to the carburator is made by Julius Dukes.



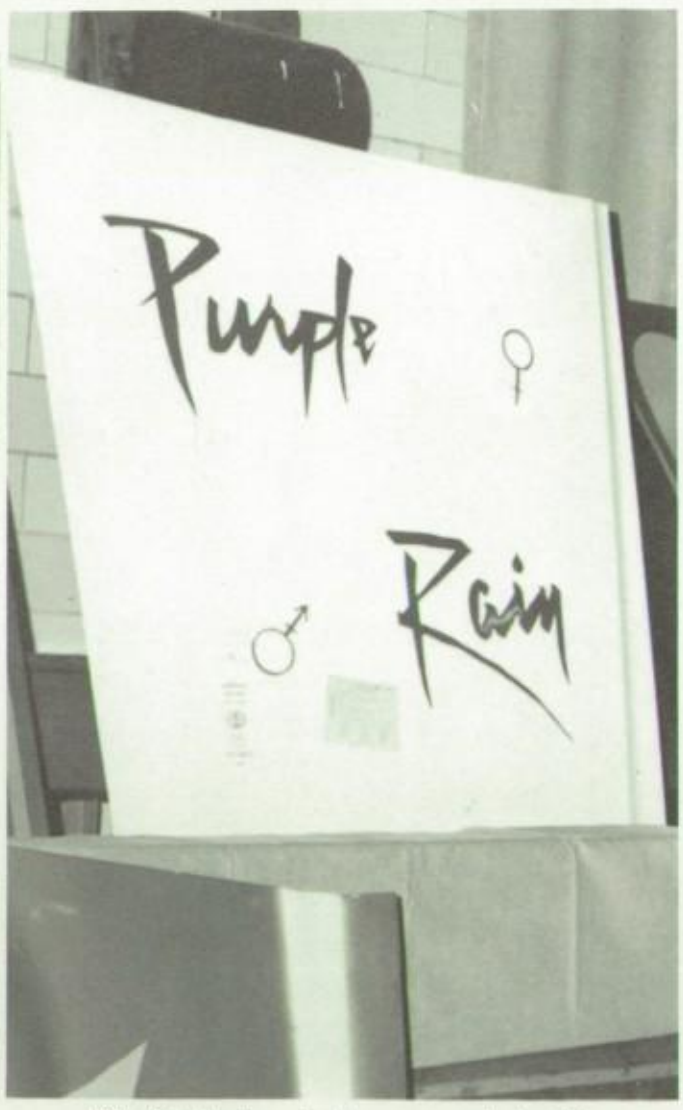
Alan Adams is testing the engine while it's running.

Sean Spearman checks the oil.

C. Gordon and C. Harris might ride in this Go-Cart one day.

Buffing is important between painting for

The body shop gives a sanding job to complete the process.



The finished product won awards for M. Hamilton and J. Stanley, D. Lyn and B. Sharp (Purple Rain).

# AUTO BODY SHOP

Auto Body Shop is a shop within a shop. It is more than just painting automobiles. This shop trains the students in many of the requirements for starting his own business one day.

The interior and exterior of the automobiles is taken into consideration and given great care. The repairing of dents, customizing and rebuilding wrecked cars.

The auto body majors participate in the Craftsmen's Fair and the Industrial Education Exhibit at the Museum of Science and Industry. Mr. Roedel and his students have won top awards in the city this year and even the mayor of Chicago was impressed.

# ORGANIZATIONS

# SENIOR 3.0 CLUB

# FRESHMAN 3.0 CLUB

The seniors who have maintained a 3.0 average during their high school career benefit greatly. Some of the seniors are able to excel in sports, science, drama and still be a well rounded student. For example, Donnie Robinson, a senior football star, won a scholarship from South Chicago Bank to any college of his choice. He plans to major in Electric Engineering or Aviation at either Tuskegee University or the School of Avionics in Tulsa, Oklahoma. Donnie was not aware of the award until the night of the Football Banquet where he received it. He gives thanks to his brother Kevin Simmons and to Coach John Potocki. So, being a 3.0 Club member is not boring books all of the time, but fosters well rounded individuals. Dr. John Hayes has a great group to sponsor.

SENIOR 3.0 CLUB Seated: S. Davis, L. Glenn, D. Abdullah, M. Sanders, J. Rivers, B. Johnson Row 1: D. Smith, D. Smith, M. Coney, D. Robinson, A. Merritt, W. Riley, S. Johnson, Dr. J. Hayes, Sponsor. Row 2: E. Boyd, J. Hodges, A. Davy, D. Bozeman, T. Leggs, D. Lee, J. Hollis Row 3: K. Flowers, A. Davenport, R. McNeil, W. Andrews, A. Falkner, V. Holmes, J. Shareff, R. Brown.

Big numbers, Big Projects! Big Rewards! Yes the freshmen class in 1985 was unusually large, 1600. They participated in all of the school's activities and they received more awards than any class in the school. We have over 160 freshmen in the 3.0 Club. This means that we have students who are willing to put their best foot forward. Take for example, the Science Fair. Freshmen dominated the fair and came up with most of the awards. Crystal Patterson was the winner in 1985. The 3.0 Club, sponsored by Mr. Arburtha, has produced many young scholars.

FRESHMAN 3.0 CLUB K. Butler, V. Johnson, C. Benton, R. Walker, T. Harvey, T. Wilson, A. Johnson, T. King, T. King, A. Adams, L. Eskridge, C. Arnold, N. Gill, V. Johnson, R. Redmond, F. Porter, K. Forte, T. Johnson, L. Billups, B. Manning, V. Hale, M. Smith, T. White, L. Howard, C. Thigpen. R. Atwater, J. Render, A. Riley, E. Powell, T. Stroud, T. Peake, D. Dagan, W. Campbell, R. Al-Amin, R. Johnson, P. Frazier, L. Horn, D. Jackson, T. Haire, J. Smith, S. Sabur, D. White, A. Perry, F. Kimberly, K. Harper.

# 3.0 CLUB

# 3.0 PLUS CLUB

Seated: D. Houston, P. Johnson, K. Taylor, T. Muldrow Row 1: R. Oliver, T. Middlebrook, D. Stuckey, D. Harris, S. Williams, C. Thomas, C. May. Row 2: B. Veal, Y. Bridges, T. Williams, A. Reed, T. Washington, L. Anderson. Row 3: L. Roddy, P. Francisco, T. Truss, A. Williams, R. Barksdale, B. Smith.

The 3.0 Club began during the 1984-85 school year under the leadership of Mrs. Willie Crittendon. It was expanded to become the 3.0+ Club is to give recognition to those students who may not qualify for either the NHS or the National Beta Club but have achieved a "B" or better average. It is our feeling that a student who has earned a "B" average but may have received a "D" in one class, could balance it with an "A" and should be recognized.

It is our hope that the incentives given to the 3.0+ Club will inspire other young ladies and gentlemen to strive harder for academic excellence. Presently, there are about 250 Cavaliers in the 3.0+ Club.

3.0 PLUS CLUB

T. Grade, S. Fingers, A. Hill, R. El, S. Roberts, C. Alexander, M. Williams, D. Southerland. Row 2: K. Purcell, K. Paul, V. Shegog, L. Riley, D. Hall, J. Tobias, P. Meyer, S. Hayes. Row 3: R. Shelley, G. Gore, C. Blumenberg, D. Mitchell,M. Morris, B. Thompson, T. Norment Row 4: M. Wheeler, A. Thomas, S. Freeman, J. Eldridge, S. Patterson, M. Eskridge, R. Hannah, D. Crutcher.

# NATIONAL HONOR SOCIETY

## F.B.L.A.

Excellent academic skills and extra curricular contributions are the characteristics of the NHS. In a special ceremony, the exceptional students were duly noted for earning the highest academic honors in the school. These students who have earned a 3.5 grade point average at the end of their sophomore or junior year, serve as examples to the underclassmen. Mrs. Betty Richardson is the sponsor.

Future Business Leaders of America are top business students ready for action. The purpose of the club is to give the students a chance to compete in contests with others, so that they can know where they stand in a city or statewide range. The members compete in various competitions throughout the school. All members must have at least a "C" average, and be willing to work hard, in order to measure up to the clubs standards. This club is sponsored by Mrs. Kennerly, and has a minimum of 20 members and maximum of 60. In order to raise funds for competitions, the club has fund raisers selling taffy apples, candy, etc. All finances are used for club purposes.

F.B.L.A. Seated: S. Moore, K. Burt, K. Guy, D. Taylor Row 1: J. Brazil, R. Davis, T. Walker, B. White, Row 2: C. Armond, A. Heard, V. Bertrand, C. Moncure, D. Minton.

# HERO

# MATH

HERO Seated: P. Wells, V. Jones, T. Riddick, V. Calhoun Row 1: A. Berry, L. Sargent, T. Tisdale, R. Guffie, Row 2: K. Lewis, V. Brand, A. Dumas, A. Lewis, J. Slappy Row 3: C. Jackson, J. Prince, S. Ross, E. Harris, T. Love.

Home Economics Related Occupations involves the community and business organizations as a resource and viable link in the preparation of young women and men for employment. This organization permits the students to gain entry level skills under the supervision of participating business. For membership, see Ms. Greyer, the sponsor.

MATH CLUB Seated: W. Margagh, Sgt.-at-arms; C. Childress V.P; V. Wrencher, Pres; E. Stubblefield, Secretary; K. Jones, Tres. Row 1: Mrs. Bethel, sponsor; A Bradley, T. Hamilton, M. Jordan, C. Sawyer, J. Wilson, D. Harper Row 2: Mrs. Kelly, co-sponsor; W. Roberson, L. Myles, P. Shaw, T. Rice, R. Williams, B. White, Row 3: T. Newby, C. Blumenberg, L. Holmes, L. Williams, G. West, B. Stephen, M. Coney Row 4: N. Jackson, L. Freeman, C. Burks, D. Chambers, R. Conell, K. Madden, E. Boyd

The Math Club tries to instill a deeper interest in math, provides tutoring for those students who are having difficulties and participates in city-wide math contests. The math contest is sponsored by the Illinois Council of Teachers of Mathmatics who recognize and award students in the different categories of the math program. Math Counts is another commitment of the Math Club, which is coordinated by the Board of Education, Chicago Urban League and the CNA Insurance Company. Mrs. D. Bethel, the sponsor, said, "under this program, the students monitor the District 19 Math Contests for elementary schools.

# CHEERLEADERS

# CVS DANCE TROUPE

Let's hear it for the girls, the Chicago Vocational Cheerleaders. This triumphant group of young ladies lead the apprehensive crowd to cheer for football and basketball players during each of the teams seasons. With their pyramids splits, Cartwheels and backward flips, that electrify the crowds and give a sense of team spirit to all cavaliers. The cheerleading squad's captain is Diane Mitchell and co-captain is Barbara Veal with Ms. M. Benson as sponsor.

CHEERLEADERS: Row 1: Sheila Latham, Shawn Mohan, Row 2: Kenya Vance, Patrice Harris, Row 3: Miyoka Brown, Jackie Graves, Donna Rixey, Row 4: Tanya White, Chaniyya Lutfi Row 5: Diane Mitchell, Dionne Collins, Row 5 (bottom) Michelle Ross, Sheila Teat

The dance troupe works hard at dance routines for competition with other schools. They prepare the arrangements and movements themselves and work hard until it is perfected. The troupe performs solo acts as well as group formations. In addition to their competitions, they perform at assemblies, talent shows, play day, freshman orientations and many many other activities. Auditions are held twice a year—once in May for CVS present students and once in September to give incoming freshmen a chance to join. Both males and females may join the troupe. Students must maintain a high "C" average, good attendance no dicipline problems and present a signed contract by parents to join.

See Ms. C. Mitchell to join.

DANCE TROUP: Row 1: Julie Brazil, Captain, Malimda Cooke, LaDonna Phillips, Lisa Johnson, Co-captain, Row 2: Sharea Newman, Srephanie Williams, Latreta Jones, Shannetta McWrath, Row 3: Andrea Price, Lois Kelly, Ann Richardson, Row 4: Lashaunessye Williams, Malissa Hall, Deidra Guerrero.

# MAJORETTES

# POM PON

Majorettes L. McAllister, L. Higgins, M. Ewing, R. Taylor, Y. Turner, Capt; J. Hatchett, Co-Capt. N. Nicholson, B. Durham, L. Slaughter, F. Neals.

Twirling for success is the number one goal for the CVS Majorettes. This jubliant squad can be seen in parades, games, exhibition shows and other school activities. So, when you see a shimmering, radiant light, you'll know that its the Cavalierion Majorettes. They are directed by Capt. Yvonne Turner and co-captain, Juanita Hatchett. Their sponsor is Ms. J. Sterling.

POM PON B. Sterling, Sgt.-at-Arms; Ki Paul, Co-Capt; T. Norment, Capt; E. Fisher, Row 2: E. Ziegler, V. Davis, B. Hudson, D. Parson, V. Gregg, S. Hollis, S. Barnes, T. Davis, E. Johnson, Sec; T. Walker, Row 1: A. Reed, A. Walden, L. Hill, P. Hike, J. Harding, M. Stewart.

The Pom squad danced, cheered and generated enthusiasm and school spirit to the beat of the marching band. They executed moves that they learned during the summer vacation. You can catch the performances of these vivacious young ladies during half-time of the basketball and football seasons or dancing and marching with the majorettes and marching band.

# V.I.C.A.
# VOCATIONAL INDUSTRIAL CLUBS OF AMERICA

Vocational Industrial Clubs of America is designed to help students prepare for leadership in the world of work. The members of V.I.C.A. set high goals for themselves and often achieve them. Patricia Harris has become a state leader and functions a the treasurer, while Valencia Jones functions as the regional chairperson. We are proud of C.V.S. students showing their leadership capabilities.

Mr. Ceretto is the energetic sponsor.

Vica Club before leaving for Springfield.

## VICA is on the move in Chicago and Springfield!

CHICAGO VOCATIONAL had twenty students participating at the Prairie Capital convention Center, in Springfield, Illinois

Officers: Patrice Harris—State Treasurer
Douglas Dowd—State Historian
Commercial Sewing from Ms. Lee's Classes

- 12th Place—Susan McKenzie

Aviation Mechanics
- Gregory Foreman 4th & 6th Place

Architectural Drafting
- 21st Place

Commercial Art
- 11th Place Ronald Misher
- DNF Charles Gancy

The state Treasurer and Historian will participate in the National Skills Olympics in Phoenix, Arizona June 1985.

# TICKET SELLERS

# TRADEMASTER

Trademaster—Seated: E. Ziegler, N. Williams, J. Ilburn, D. Smith, L. Bradley, V. Jones. Row 1: Y. Gilmore, S. Moore, J. Hatchett, T. Nesbit, C. Alexander, R. Oliver Row 2: L. Higgins, J. Catchings, S. Brown, D. Davis, D. Harrison Row 3: T. Walton, S. Redmond, R. Lillard, R. Williams, S. Hall, T. Muldrow. Row 4: C. Lake, A. Melton, D. Williams, C. Lee, K. Thompson

The trademaster is the school's publication. The newspaper is the task of hard-working students and a dedicated sponsor, Mr. McGrath, who publish monthly publications that inform the student body with accurate, important, and useful news. The trademaster's aim is to print timely and interesting articles that will capture the students' attention and encourage them to read the entire paper. All members are required to have a minimum of a "B" average, be dependable, be able to work in a populated environment, be a hard worker, and must have taken a journalism class. See Mr. McGrath for membership.

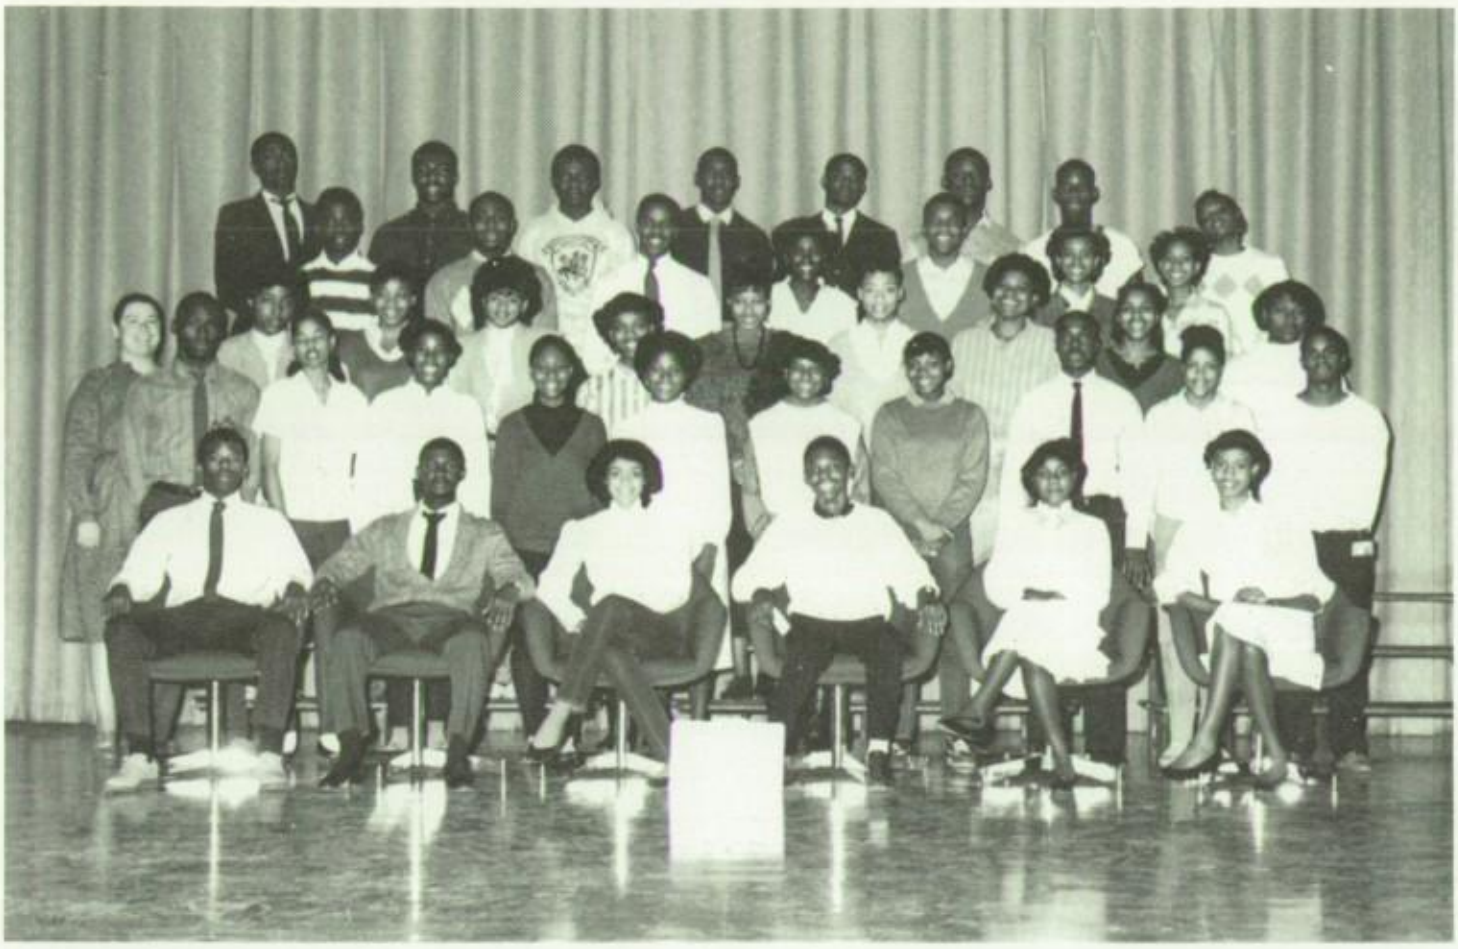
Ticket Sellers—Row 1: D. Houston, S. Hollis, A. Reed, L. Phillips, M. Davey, N. Dillard, A. Robinson, E. Poole. Row 2: S. Pryor, C. Clemons, M. Sanders, P. Harris, J. Martin, G. Taylor, J. Dansby, M. Wilson Row 3: A. Walker, G. Davis, K. Summerville, K. Clay, D. Fisher, J. Taylor, K. Thompson, A. Foster

The Ticket Sellers is a group of honest, reliable and responsible students organized by the sponsor, Ms. Montgomery. The ticket sellers are issued tickets for the various activities and functions in the school and required to sell the tickets and turn the money to Ms. Montgomery. This group renders this service throughout the school on a regular basis. Interested persons can see Ms. Montgomery to obtain requirements for becoming one of the few, the proud, The Chicago Vocational ticket sellers.

# LAW CLUB

# PEER SUPERVISION

A good legal background is good to have no matter what profession one might choose. The Law Club tries to provide its members with a legal inquiring mind. Studying the rights of individuals and the outcome of certain trials is the business of the law club. Mrs. Fyfe the sponsor, encourages the students to become lawyers or at least to know their legal rights.



LAW CLUB Seated: D. Abdullah, K. Boyd, T. Norment, S. Pryor, M. Bradford, K. Berger, Row 1: M. Delano, M. Anderson, S. Davis, S. Clark, B. Veal, D. Harris, R. Oliver, R. Williams, S. Green, T. Washington, Row 2: Mrs. Fyfe, S. Hayes, D. Southerland, T. Burton, D. Smith, A. Burdette, R. Johnson, A. Mcneal, G. Tribble, A. Young, Row 3: D. Young, D. Macon, T. Legus, J. Wilburn, B. Hodges, R. Rndle, S. Devers

Peer Supervision help man the halls by checking I.D.'s and passes of students in the corriders while classes are in session and guard the doors to prevent students from leaving the school campus before the end of their day and stop outsiders from entering the building.

To take on the responsibility of a peer supervisor, one must have the personality to deal with the different attitudes of a wide variety of people and at least a "C" grade point average. Interested students should see the club's sponsor, Dr. Kemp in the attendance office.

PEER SUPERVISORS Seated: S. Davis, M. Coney, L. Glenn, V.P., S. Williams, Sec., Row 1; P. Porter, S. Winters, N. Williams, Marilyn Davey, Row 2: D. Pendleton, T. Walker.

# PAN-AFRICAN PEN PAL ASSOCIATION CLUB

# AFRO-AMERICAN ASSOCIATION

PAPPA CLUB MEMBERS
seated: C. Patterson, Dr. Marchman, Standing: L. Dixon, L. L. Yates, B. Patton

C.V.S. has the distinction of having the first PAPPA CLUB in the nation, though there are many clubs throughout Africa. The purpose of the club is to develop international communications ties between and amongst students of African ancestry. During Black-History Month, club members Charmione Patterson div. 849, Bernice Patton div. 851, Lakida Dixson, div. 721, LaShare Yates div. 735, Patrice Garrett div, 893, Patric Campbell div. 821, Deidre Guerreo, div. 719, and Nicole Landfair div. 892, visited several classes making presentations about their pen pal experiences. By next year there should be many more students participating in the PAPPA CLUB which would make our club the best in the world.

AFRO-AMERICAN CLUB MEMBERS
Seated: O. Moore, M. Taylor Row 1: Mr. Fisher, V. Butler, D. Collins, L. White, Row 2: S. Copeland, L. Rainge, L. Suggs, T. Buford, L. Smith, Row 3: G. Nall, L. Landis, M. Carter, S. Jones, R. White

New horizons have opened to the students at C.V.S. via the Afro American Association. The Association involves the students in assemblies field trips and forums. The members have fund raisers to make it possible for the giving of scholarships for some deserving seniors.

The association also bring in renoun guest speakers and exhibits from the DuSable Museum, sponsors the Know Your Heritage program during the Black History Month and the Black History Assembly at the close of the month.

The major goal of the club is to instill pride in the students for their heritage. Interested students can contact the sponsors, Mrs. White and Mr. Fisher.

# STATISTICIANS CLUB

The Stats Club keeps abreast of all athletic events at CVS. The objective of the club is to inform the student body of all standings from athletic activities during the school year. Members keep the student body informed of dates of games the opposing teams' statistics and results and personal statistics on each player. These students must have good computation skills and a love for sports. For membership information and an application see Mr. Flanagan.

# HOSTESS AND HOST CLUB

The Hostess Club serves at any and all special occasions at CVS. During the bi-monthly meetings, they discuss upcoming events, practice setting tables, being courteous, friendly, and co-operative. Black and white dress is the uniform this hard working group wears. They have served at many functions whenever guests come to the school and need food.

Host and Hostess Club
Seated: A. Alston, D. Guerrero, S. Rupert, S. Winters. Row 1: S. Grant, E. Ali, A. Webb, G. Taylor, Sponsor: Walker

# A.W.P. OPERATORS

## JETS

JETS Row 1: L. Anderson, C. Thomas, A. Carthen, D. Southerland, R. Barksdale Row 2: F. Pettiford, K. Boyd, C. Blumenberg, R. Hannah, D. Pendleton, T. Washington Row 3: R. Williams, A. Davy, D. Robinson, T. Leggs, D. Dently, M. Coney Row 4: J. Hodges, D. Abdullah, R. McNeal, M. Wilson, M. Sanders

The Junior Engineering Technical Society makes students aware of the many opportunities available to them in engineering and other technical fields. The members are exposed to the various phases of the engineering field by guest speakers, field trips and group projects. For the development of a technical mind see Mr. Purham, the sponsor about becoming a member of the Jets Club.

Seated: M. Coney, (Vice-Pres.), D. Wilson (President), R. Randle (treasurer), L. Johnson, S. Davis (Secretary), J. Akins, B. Johnson Row 1: V. Cunningham, P. Samuel, A. Burdette, A. Hill, T. Grace, L. Holmes, T. Anderson, L. Butler (Sponsor) Row 2: C. McGee, R. Ross, C. Patmon, K. Abdulah, A. Bolton, S. Fingers, Row 3: A. Wilson, A. McNeal, D. Robinson, G. Rhone, L. Glenn, D. Smith, R. Gross

The Word Processing Operators Club is composed of Word Processing students who have taken typing for three years and worked on the Word Processing computers during their senior year. This club is the cream of the crop in the Business Department. They type the school's attendance bulletins and other important work for Dr. Burnett and store the information. The Club is a growing organization with a bright future. They are all about the business.

Mrs. L. Butler is the sponsor and instructor of the Word Processing Club.

# SENIOR GIRLS COUNCIL

The Senior Girls Council provides service and hospitality to the school and visitors. They serve as usherettes for Open House, College Day, freshman orientation, induction ceremonies, senior graduation, assemblies and some school activities outside of the school. They also act as Big Sisters for the freshman girls.

Membership requirements for the SGC are a "B" grade point average, recommendations from three teachers, attend all meetings, pass the initiation, possess poise, confidence and high standards. Interested students may see Ms. Daane, the sponsor.

SENIOR GIRLS COUNCIL Seated: C. May, S. Freeman, K. Berger, L. Graves, S. Johnson Row 1: D. Houston, E. Ziegler, A. Hill, C. Mason, M. Bradford, B. Veal, D. Harris, Row 2: D. Stuckey, T. Davis, A. Williams, R. Barksdale, T. Grace, R. Randle Row 3: C. Blumenberg, T. Norment, L. Glenn, A. Thomas, D. Mitchell, C. Thomas

# SENIOR BOYS COUNCIL

The distinguished young men who serve as hosts and ushers and are seen on special days jackets with blue ties and dress slacks are the SBC. These young men exemplify exceptional leadership and scholastic ability. The qualifying points for membership say it all for the Senior Boys Council. A "B" grade point average must be maintained for the first three years of high school, an outgoing personality and high standards are necessary for membership.

The SBC usher at all important assemblies and the senior graduation. To become a man of distinction, see Mr. Doyle, the sponsor.

SENIOR BOYS COUNCIL Seated: R. Williams, T. Leggs, T. Washington, M. Sanders, D. Robinson Row 1: R. Carl, K. Boyd, R. Hannah, M. Coney, D. Abdullah, T. Bradley, R. Robinson Row 2: M. Wilson, A. Davey, M. Sanders, A. Merritt, Eric Smith, T. Williams, D. Bozeman, R. Davis, W. Andrews, R. McNeil, V. Holmes

# O.E.A.

# O.O.

O.E.A. Seated: R. Henderson (Secretary), T. Nevilles (Treasurer), P. Hoskins (V-Pres.) J. Mason (President), P. Johnson (Ass. Bus. Manager), W. Lovett (Business Manager) Row 1: V. Bridges, A. Trotter, Row 2: K. Walker, T. Middlebrook, A. Gleen, M. Williams, R. Daniels, K. Jackson. Row 3: T. Mister, A. Moriss, S. Young, C. Young, C. Riley, J. Burse, V. Arnold Row 4: D. Crutcher, K. Jones, K. Mahone, T. Johnson, M. Woods, L. Roach, J. Trice

Office Education Advisory Club enhances business skills in students and provides the opportunity for students to discuss any problems related to their jobs. The club emphasizes good job performances and a high level of personal qualifications such as honesty, conscientiousness, courtesy, enthusiasm, and a good personal appearance.

O.O. Seated: C. Mitchell, N. Harris (V-Pres.), M. Pitts (President), D. Stuckey (Secretary), C. Mason, Row 1: R. Parson, R. Hudson, L. Green, V. Christian, L. Hale, S. Lightfoot, Mr. Ring Row 2: L. Medlock, P. Meyer, T. Franklin, J. Tobias, R. Steele, N. Smith Row 3: J. Maxon, P. Francis, R. Williams, S. Johnson, W. Riley, O. Thomas, R. Childs

The Office Occupations Club meets every Tuesday to discuss occupational competencies, to improve attitudes and skills, and to gain information for the national competition. The members have won local awards and advanced to national competition. The club also sponsors fund-raising events to support their end-of-year banquet and their national convention.

# COMMERCIAL ARTS—MISFITS OF ART

## DRAMA CLUB

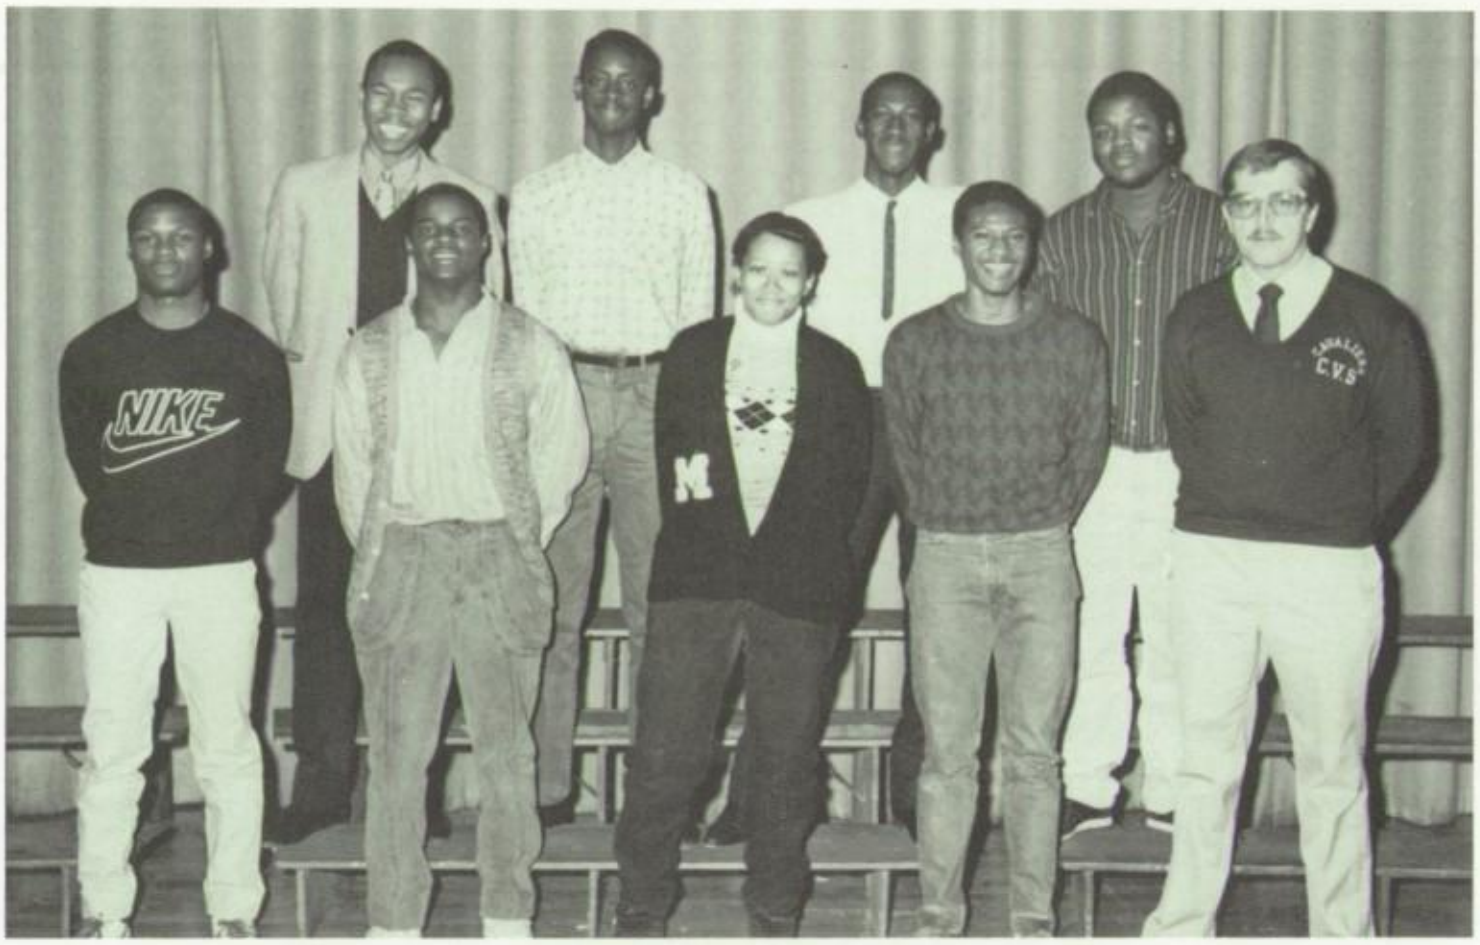
The Drama Club gives the student his first show biz experience. This is the club that launches movie stars. Students become experienced actresses and actors through the casts of the one acts they perform at the close of the school year. The Drama Club and drama classes put on several productions of popular plays for the student body. The members gain experience through required class work such as scenic designs, designing advertisements, applying stage make-up lighting of the set, costume designing, and puppets which expands his or her job market skills. If you want to be a star, see Ms. Czaja about joining the Drama Club.

DRAMA CLUB Seated: C. Lake, C. Aguero, R. Taylor, J. Hatchett, M. Anderson, D. Taylor, S. Davis, M. Davey, E. Benford Row 1: J. Graves, L. Whitehead, J. Watkins, N. Lawrence, J. Katherine, L. Hill, K. Suggs Row 2: M. Luffman, L. Slaughter, G. Thompson, K. Cardwell, C. Walker, S. Hall, K. Guy, R. Williams, T. Collins, L. Johnson Row 3: V. Gregg, T. Newby, D. Lanier, A. Carlos, B. Victor, L. Ghanujija, A. Joyner, G. Griffith, R. Frazier, V. Adams, E. Morrison, S. Richardson, A. Melton, D. Guerrero, S. Ghoston, F. Rash, D. LeShore, T. Trillis, C. Griffith

Making the world more pleasing to the eye is necessary for the commercial arts students to gain recognition among their peers and for employment. These students have come together to create and produce work that can be used commercially by stores, banks, and others. They want a high standard and strive to maintain it. This is the first year this group has been formed and they plan to continue each year. The requirements are to be a commercial art student, have a desire for the club, and be willing to work on special projects which calls for much of their time.

COMMERCIAL ARTS Seated: T. Williams, M. Bailey, J. Middleton, Far Left: C. AlGhani, R. Ames, K. Carmichael, D. Todd

# ICE



ICE L. Dukes, L. Johnson, M. Williams, J. Flemming, Mr. Erling, sponsor. Row 2: M. Bailey, D. Jones, K. Flowers, P. Rouse

Industrial Cooperative Education places top students from the senior class in a part time afternoon job that relates to their vocational major. The program's goals are to develop in students high levels of personal qualities, such as courtesy, enthusiasm, honesty, loyalty, and pride in personal appearance; a good on-the-job performance record; and a good attendance and punctuality record. The most successful trainees are the ones who are academically good, flexible, and willing to work.

# CWT

C.W.T. Seated: G. Gerund, H. Cornell, C. Stephanie, S. McGee Row 1: J. Barnes, S. Bailey, M. Lester, F. Varletta, A. McQueen, L. Johnson Row 2: S. Patterson, M. Akins, B. Porter, J. Rivers, S. Dover.

The Cooperative Work Training programs meet everyday at fourth period and during division with their sponsor, Mr. L. Lynn and he checks their progress. This program provides the students the opportunity of receiving on-the-job training while earning academic credit. The year is culminated by the much anticipated luncheon of the employees and the employers. The members dress up and go to some fabulous restaurant for a delectable lunch that awards a successful year.

# RED CROSS

# GRAPHIC ARTS

The members of the Red Cross strive to meet their blood drive goals, to give volunteer time to the hospitals and the sick, and to provide service where it is needed.

Their two major programs are the Christmas Stocking Projects in December and the Health Fair in the spring. Mrs. Begley sponsors this club.

L. Begley, Sponsor, S. Dover, Row 1: L. Begley, S. Dover, L. Smith, Sec. R. Christopher, G. Thompson Row 2: S. Thomas, N. Sheppard, F. Tyler, A. Washington Row 3: K. Jones, L. Landis, J. Tillett, E. Stubblefield, A. Walker

To acquaint the students with the opportunities open to them, Mr. Lahori, the sponsor, expressed his educational philosophy which is to acquaint them with the industry with field trips and guest demonstrators of new equipment in the printing industry. Students have learned to use computerized machinery for type setting, layout and design, and composition. The latest techniques in producing our CVS Trademaster are used. This club is really preparing to enter the work arena.

GRAPHIC ARTS Seated: T. Wilks, C. Andrews Row 1: N. Taurus, V. Jenkins, D. Williams, T. Pearson Row 2: W. Hollowell, C. Harris, S. Irving, G. Davis

# STAGE CREW

# NATIONAL BETA CLUB (Con't)

STAGE CREW Seated: K. Summerville, R. Boykin, A. Pope, Row 1: K. Summerville, B. Thompson, O. Dallas, M. Nole, J. Shareef, A. Foster.

The work of the Stage Crew plays a great part in whether a special event in the auditorium is a great success or a failure. This group makes the difference. Students are trained to handle the lighting and all of the machinery needed to set the scenes. They also know how to make the sound system function. Mr. Ferguson sponsors this fine group of experienced young men.

National Beta Row 1: V. Williams, Y. Gilmore, Row 2: L. McAllister, A. Robinson, C. May, C. Scott, Row 3: T. Washington, S. Green, T. Middlebrook, B. Veal, Row 4: E. Ziegler, S. Newman, A. Currin, A. Weatherspoon, D. Wilson.

Service is the name of the game for the Beta Club. Members are required to perform at least three services each year. The Club strives to develop leadership skills, character and serviceability in the students. They participate in the fundraising that help defray the cost of their national convention trips. This year the national convention will be held in Washington, D.C.

Interested persons with a 3.0 grade point average may see the sponsor, Mrs. B. Richardson.

# SENIOR CORRIDOR MONITORS

## S C M MEMBERS

This organization is formed from seniors who provide the school a measure of security. The members are demanding and strict with unauthorized people in the halls. They are also helpful to parents, visitors and students who need help finding certain places and need directions.

S. Mayes, M. Delano, M. Davis, S. Dever, T. Green, A. Hill, T. Leggs, D. Williams, D. Gordon, L. Patrick, D. Foster, C. Alexander, A. Reed, K. Purcell, L. Landes, A. Thomas, J. Robertson, D. Houston, D. House, C. Thompson, W. Ballard, K. Sermmervolle, T. Norman, M. White, T. Burton, K. Brown, S. Payer, B. Thompson, A. Dixon, W. Tunstall, J. Ricks, J. Blackmon, S. Lane, S. Copeland, A. Davenport, M. King.

The students display arm bands which identify them from peer supervision which is another group with similar duties. These students are called on by the principal and others in the school to help keep the halls clear. Mrs. Richardson has a waiting list for this organization and it has proven to be worthwhile and prestigious. The seniors really like supervising!

Seated: A. Foster, S. Pryor, D. Houston, D. Young. Row 1: John, D. Dently, C. Mitchell, T. Smith, R. Hannah, K. Carmicheal, L. Landis, S. Roberts, T. Johnson, S. Copelin, V. Butler, K. Sallis Row 2: T. Brown, S. Lane, M. Sanders, L. Winfrey, M. King, C. Owens, T. Morment, C. Climmings Row 3: J. Middleton, D. Pendleton, B. Davis, C. Davis, E. Garrett, T. Leggs, D. Gordon, D. Wilson, D. James, K. Summerville

# BETA CLUB

NATIONAL BETA: Seated: R. El, D. Stuckey, A. Hill, C. Mason, S. Hatyes, C. Mitchell, C. Zorich, Row 1: R. Barksdale, C. Sawyer, S. Starks, L. Terry, C. Collier, M. Anderson, S. Winters, R. Jordan, M. Bradford, D. Houston, Row 2: S. Hooks, C. Coleman, L. Williams, A. Carthen, S. Davis, P. Wells, J. Hatchett, M. Bailey, L. Perry, D. Veal 3rd Row: T. Nesbit, S. Johnson, D. Crutcher, L. Murchison, M. Falkner, J. Dansby, C. Childress, J. Taylor Row 4: B. Wilson, D. Taylor, C. Owens, D. Wadlington, L. Freeman, M. Marsaw, E. Smith, E. Stubblefield.

BETA CLUB Seated: Y. Turner, T. Grace, A. Thomas, C. Thomas, T. Haire, T. Walker, D. Harris, Row 1: E. Fisher, P. Shaw, M. Jordan, R. Shackelford, B. Stephen, C. Rhodes, L. Love, C. Stewart, C. Groce Row 2: S. Sargent, T. Buford, M. Stewart, K. Boyd, T. Walker, R. Williams, R. ELlis, P. Harris, L. Higgins, Row 3: T. Newby, K. Paul, C. Lake, L. Grave, T. Norment, K. Thompson, V. Blacher, Row 4: V. Gray, D. Abdullah, A. Davy, R. Brown, C. Baker, V. Holmes, J. Hodges, A. Melton, J. Thomas

Mrs. E. Richardson, an English teacher and sponsor of the honor societies here at C.V.S., sponsored a Valentine's Day heart pillow sale. She has been sponsoring the sale for the last 6 years.

The sale started Monday, February 3. All members of the Beta Club and Honor Society were selling the pillows. They came in a variety of sizes and colors, and they cost $2.50 for extra small, $4.50 for medium, $6 for large, $8.50 extra large, and 15¢ per letter.

Student placed orders with a Beta Club or Honor Society member or with Mrs. Richardson, room 249.

The proceeds went toward Beta club conventions. Each member was required to sell $25.00 worth of pillows. For the last 6 years this sale has been very profitable. Mrs. Richardson expected to sell many pillows again this year.

# QUEST

# LUST

Quest is one C.V.S.'s newest clubs this year. Quest is Quality Uniqueness Excellence Success and Talent. Quest was established to aid and tutor Freshmen students who are failing and to serve as big sisters and big brothers. Not anyone can join Q.U.E.S.T. You must be in the class of 1987, must have maintain a high 'C' average, must be cooperative, and you have and maintain good attendance in school and club meetings.

Quest Seated: K. Clay, C. Stiqures, T. Davis, S. Sargent Row 1 M. Davey, N. Bailey Row 2 N. Lawerence, E. Sanders, C. Jenkins Row 3 L. Johnson, P. Kennie, D. Daniel, S. Hall, R. DuBose

Lust is a prestigous social club that was formed in the 1983-84 school year. The president of this club, Johnny McGee explained the slogan, "Lusting for Success" and the purpose of the club. He said, "This organization is a group of people coming together to accomplish one thing one thing only—to have fun. Some members of the group were not available for the picture.

Lust Seated: A. Jones, J. McGee, A. Johnson, J. Shareef Row 1: T. Clemmer, S. Bell, D. Walker, A. Walden, E. Daniels, M. Davey, K. Taylor Row 2: A. Burdette, T. Wilks, S. Wilks, K. Walker, M. Hickman, D. Brown, D. Gordon, L. Smith Row 3: A. Foster, A. Dumas, T. Conner, M. Thomas, L. Lauderdale, D. Dykes, Y. Calhoun, S. Dover Row 4: D. Merritt, J. Young, C. Tucker, L. Kilpatrick, A. Myers, O. Gilbert, L. Riley, L. Wharton, C. Alghani

# LIBRARY AIDES

# COUNSELOR'S AIDES

COUNSELOR'S AIDES Row 1: C. Reed, T. Sanders, K. Poole, M. Morris, Row 2: D. Eddins, R. Johnson, T. Marks, N. Smith, J. Marshall

In the Counseling Department, the students either volunteer study hall time or work study time as Counselors Aides. These students are screened and assigned their duties by the counselors. While working in this position, students gain valuable information about career choices, and deadline dates for the various application and financial aid to higher institutions, Ms. Jacques is the chairman of the Counseling Department.

MEDIA CENTER AIDES Row 1: J. Wells, R. Ross, S. Maclin, P. Tripp, M. Davey, E. Hampton, K. Rajckett, L. Phillips Row 2: V. Wilkerson, D. Hall, F. Tyler, P. Chambers, L. Johnson, S. Williams, S. Smith, C. Harvey Row 3: K. Holbrook, M. Clavelle, C. Flemons, B. White, D. Harvey, A. Chamber, R. Tribble, R. Duboso, Row 4: D. Goodman, L. Freeman, D. Cornelius, R. Conell, K. Clay, C. Santos, I. Coleman, M. Thurmond, C. Fingers

The Media Center Aides assist the librarians in checking—in and out books to students, help students locate specific books or materials related to their assignments, and shelf books. Working in the Media Center benefits the aides because they learn how to research materials for their own personal use. They become aware of the valuable information housed in the Media Center. Ms. Avant, Ms. Mitchell and the other librarians make a congenial and interesting place of learning.

# THE JUNIOR ADVISORY COUNCIL

The 1987 Advisory Council and representatives from their class who made decisions for the 1987 class. They discuss ways of making their class stand out, becoming better students, academic recognition, tutoring, ways of making money for class projects and events, dances, and Jr. Prom. This year the Council has decided there that would not be a Jr. Prom or a class trip. Mrs. Montgomery, the sponsor, wants her class to be a success, too.

JUNIOR ADVISORY COUNCIL: Seated: C. Baker, S. Thomas, J. Taylor, A. Horton. Row 1: A. Carther, S. Winters, M. Anderson, L. Love, J. Hatchett, Marilyn Davey, B. Benford, Y. Gilmore, J. Harding, S. Brown, L. McAllister, Row 2: T. Nesbit, A. Robinson, D. Harrison, L. Surratt, Patrice Harris, N. Dillard, L. Higgans, L. Phillips, L. Johnson, P. Tripp. Row 3: J. Catchings, L. Yates, M. Watson, K. Clay, C. Figures, M. Thompson, C. Moncure, R. Coleman, E. Morris. Row 4: S. Hollis, T. Bonds, K. Thompson, T. Clay, M. Graves, A. Hunter, J. Mullins, R. Lillard, C. Lake

# THE SENIOR ADVISORY COUNCIL

The 1986 Advisory, Council is group of ambitious and zealous student representatives from the senior class who make important decisions for their class. The Council plans strategies and fundraisers to help defray graduation and prom fees. Mr. Doyle and Mrs. Roedel, their sponsors, work with the Council in order to produce a successful graduation

SENIOR ADVISORY COUNCIL: E. Zigler, Sec., T. Norment—V-Pres., K. Paul—Pres., B. Veal—Treas., 1. Rowe; T. Middlebrook, D. Huston, C. Thomas, D. Harris. 2nd. Rowe: 2 T. Leggs, J. Wilburn, J. McGee, T. Jackson, T. Washinton, S. Pryor. 3rd. Rowe: D. Dently, S. Freeman, M. Sanders, M. Delano, A. Foster. 4th: Rowe, B. Thompson, D. Young, R. Hannah, C. Owens, J. Thomas

# STUDENT COUNCIL

STUDENT COUNCIL

Student Council: Seated: D. Walker, A. Lowe, M. Barnes, C. Smith, S. Watkins, N. Williams, J. Harding, K. Glover, T. Selmon, L. Williams, R. Hudson, Row 1: D. Houston, E. Fisher, M. Jackson, L. McAllister, S. Devers, D. Standford, J. Gaines, D. Shirley, L. Anderson, D. Harris, T. Rice, K. King. Row 2: M. Wilson, E. Morris, F. Giordani, A. Rogers, Tonya W., S. Dawson, S. Smith, L. Higgins, Row 3: D. Higgins, T. Muldrow, L. Terry, N. Lawrence, P. Shaw, L. Surrant, R. Jordan, L. Yates, R. Parson, S. Pryor, Row 4: J. Taylor, G. Davis, D. Dently, J. Shareff, A. Davenport, H. Bradley, M. Dekano, Y. Clark, B. Stephen.

The CVS Student Council serves as a viable source for problem solving of the student body. They function as negotiators for the students to the administrators and faculty. They also visit nursing homes, deliver food for the needy at Thanksgiving, Christmas, and Easter and perform other community work. They sponsor fundraising activities to support many of their functions.

Student Council: Seated: M. Saners, T. Jackson, R. Hannah, J. Wilburn, D. Smith, E. Ziegler, P. Perter, Row 1: B. Benford, L. Love, M. Anderson, A. Robinson, J. Dansby, L. Williams, L. Phillips, T. Howard, A. Carthen, A. Jones

Activities include the Faculty Breakfast, Civic Awards Assembly and newspaper sales in the main foyer. The Student Teacher turn About Day and the Black History Assembly are a few of their programs. Members are chosen through their divisions and advisors. There are two representatives from each division; only one attends meetings at any given month. Division students usually choose students who have good attendance, interested in student government and willing to occasionally go beyond the call of duty.

# TECHNICIAN

## TEENS FASHION

The Teen's Fashion Club promotes the coordination, designing, and the modeling of fashionable clothes that the students have made themselves. The Club's aim is to make the student, who doesn't take Home Economics, more knowledgeable about fashion. The members go on trips to fashion shows and have guest speakers to inform students about careers in fashion. If you are interested in improving your self image and fashions, see the sponsor, Mrs. Preacely.

TEENS FASHION Seated: M. Moore, T. Oby, K. Patmon

The Technician staff welcomes new students every spring who want to help become a part of the history of CVS. Interested students are chosen from the student body, journalism classes, and referrals from current members of the staff. It is necessary to have a "C" average and recommendations from three teachers. They must also have a "B" average in English. New applicants are invited to a banquet in the spring and when accepted and start working during orientation in the summer. Producing the yearbook is a task that takes dedication on the part of each staff member and the sponsors, Mrs. Vance and Mrs. R. Jones.

TECHNICIAN Seated: K. Scott, M. Davey, K. Clay, Row 1: J. Dansby, A. Robinson, N. Williams, B. White, T. Wyatt, D. Pendleton Row 2: C. Lake, S. Moore, R. Williams, Row 3: E. Poole, P. Samuel, C. Owens Row 4: D. Cornelius, T. Faulk, B. Varnado.

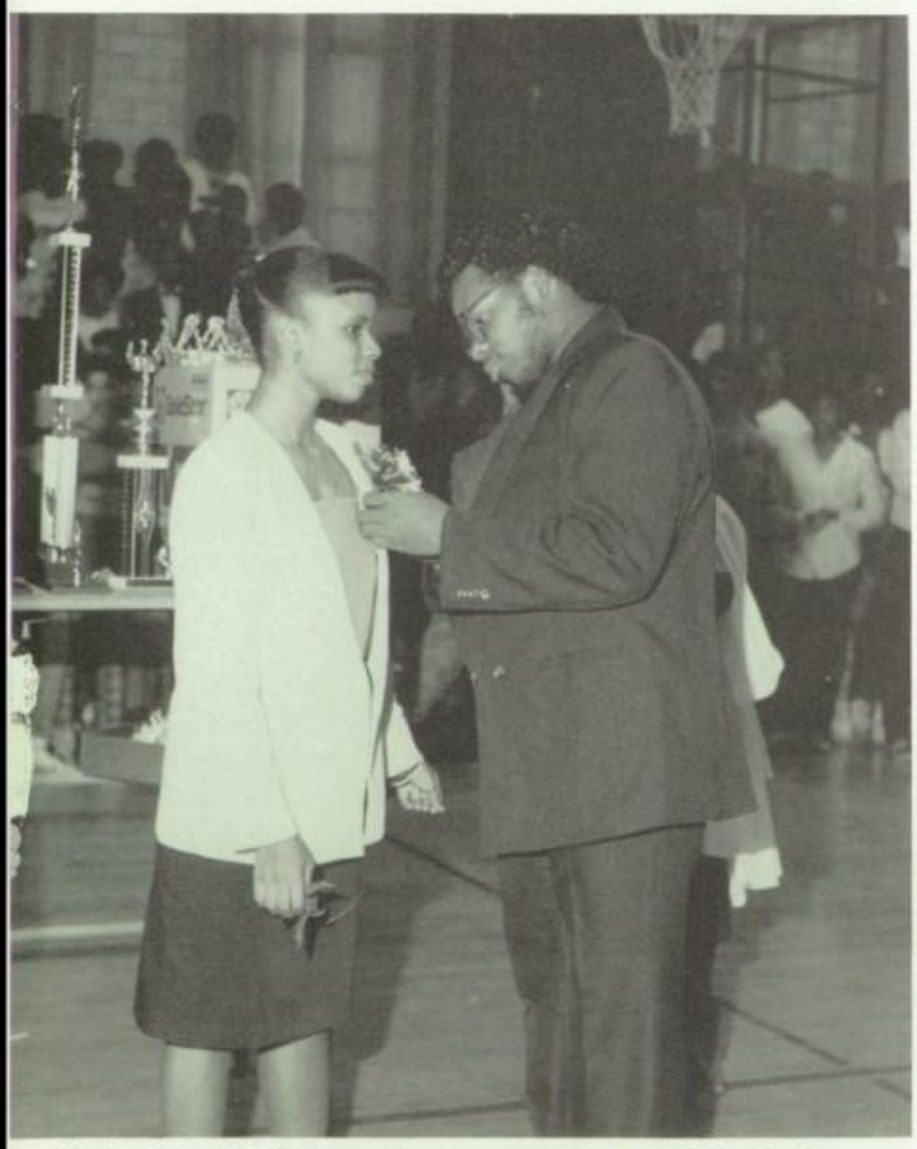
# TOP SCHOLARS IN THE STATE OF ILLINOIS

Chicago Vocational seniors Carlando Owens, Thomas Washington and Sonjy Johnson have been identified as Illinois State Scholars for the 1986-87 school year, by the Illinois State Scholarship Commission.

The three were so honored based on their college entrance examination score (ACT and SAT), and their class ranks.

Only 10 percent of the state's applicants are named as scholars. Each is awarded a certificate of achievement for their accomplishment. Carlando is the layout editor of the Technician.

Dr. Hayes, Mr. Arburtha, Mrs. Owens, Carlando Owens, Dr. Burnette, Thomas Washington, Mrs. and Mr. Washington



Marilyn Davy, Technician Editor, receives her award for Ms. Business Contest.

# COMMITMENT TO EXCELLENCE

Perhaps the most precious commitment a student can make is one of academic excellence. We, as future adults, must take special time out to focus on the future.

More often than not, we become so involved with the pleasure of "High School Life," that we forget to accomplish the things that most need our attention, and to preserve the most important someone.

As students of Chicago Vocational, we are multitalented. We are the executives, the athletes, the performers, the designers, the chefs, the artists, the journalists, and the engineers of the future. Let's reflect on what good we would be if we failed to achieve academic excellence.

Making this committment to excellence should be our daily focus. Life is far too delicate to waste. We need to take time out to find our inner being, set goals and take advantage of each day as if it were our last. We are blessed with a body that functions. Our minds are capable of solving any problem we choose to confront. We must use these assets to acquire the knowledge to live a successful life.

No matter how wealthy our parents are, how many friends we have, or what kind of career we plan to pursue, without an education our lives are incomplete. No one is going to force us. We must be the adults and the achievers.

Make the committment to academic excellence ... TODAY!!!!!!!

Thank you

Marilyn Davey
Editor-in-chief
Technician

# NATIONAL HONOR SOCIETY

President of the National Honor Society, Ronda Randle

# NATIONAL BETA INDUCTION

The National Beta Club has two inductions a year; one in the fall and one in spring usually in the evening. The parents are invited to dinner and a program. Dr. Loretta Thompson spoke at this year's induction. Her theme was, 'The quality of Leadership and how to obtain it.' Parents who attended the induction along with members of the staff were very impressed with the dynamic speaker. Dr. Burnett and other administrators are always impressed with the students who show excellent achievement in school. He congratulated them in his speech and pledged his continued support.

The history of the Beta Clubs shows how the club was evolved from a need to show recognition of students who had achieved excellent grades but did not have the 3.5 grade point average for the National Honor Society.

Students are nominated by their Division Advisors when they have the proper grade point average to join the club. This year a new dimension has been added, a parents Booster Club.

DeJuan Taylor, Randy Williams, Antonitte Hill, Angeleque Thompson.

Mrs. Richardson, sponsor

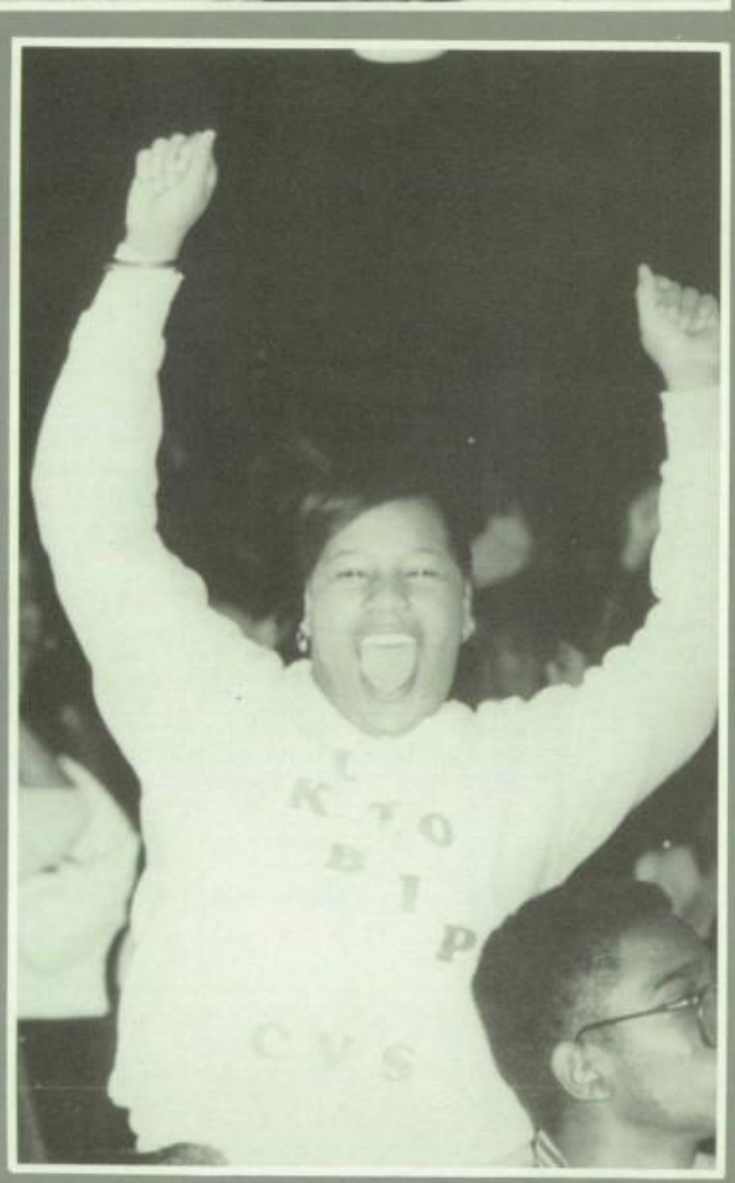
Earlene Poole receives award from Dr. Burnette.
President of the Parent's Booster Club—Shirley Scoot.

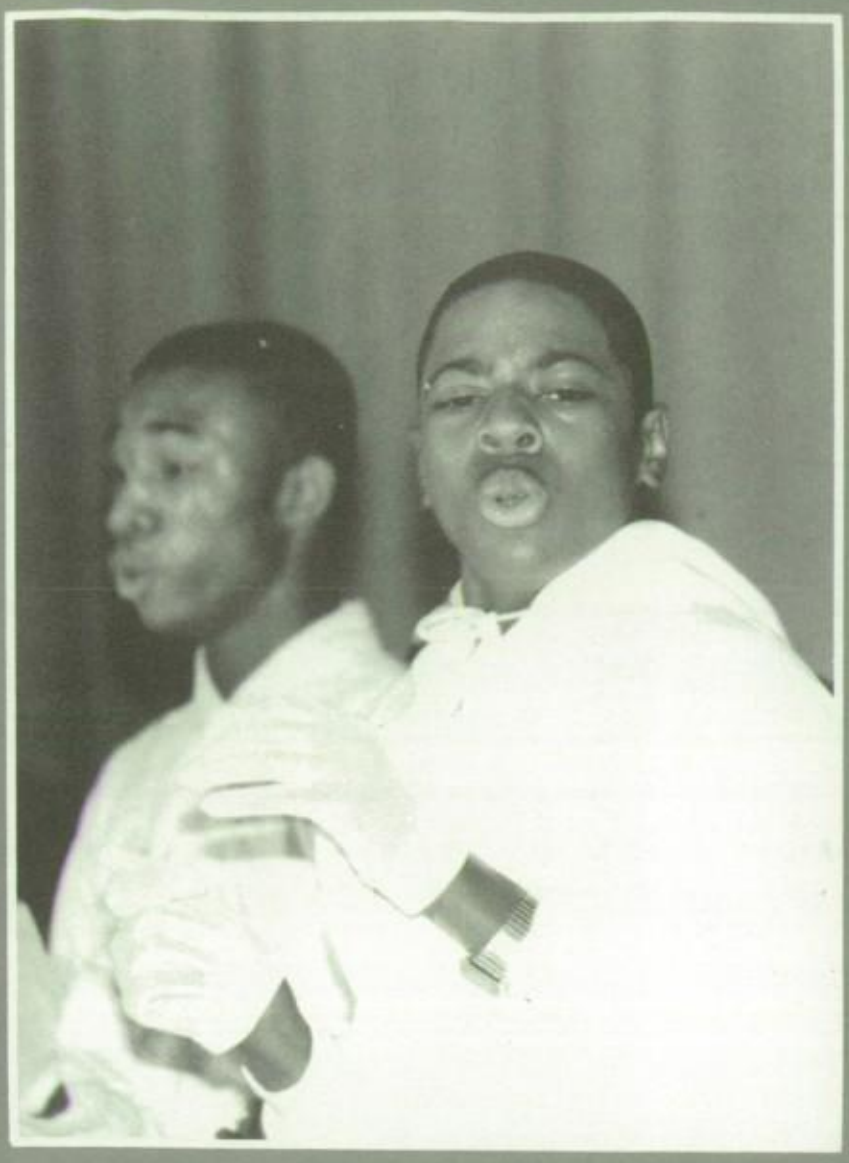
# SENIORS INDUCTION

Near the close of the end of the school year, the juniors who have been accepted for membership in the Senior Boys and Senior Girls Councils have to go through initiation. The pledges have to go through the same kinds of initiation as the college's fraternities and sororities do.

They wear aluminum foil in their hair, mix-matched gym shoes, leotards with holes in them, and on one day wrap their bodies in white sheets. This goes on for one week which they portray different characters each day. The fellows even have to dress as a woman with baby's bottles and all. They have to take orders from the outgoing members for that week of initiation. The initiation this is a small price to pay to be a member of the Senior Boys and Senior Girls Councils.

Luther Vandross never sounded so good.





A fan of the show, A. West.

# TALENT SHOW RATED 'BEST'

CVS' student talent show was held on December 6, 1985 in the auditorium third and fourth periods, sponsored by the music department.

The MC's, Theresa Clay and Cliton Davis were very good. They spoke clearly and kept the crowd interested when nothing was happening on stage.

The first act lip-synced to "The men all pause" by Klymax. They were very good. You could tell they practiced very hard. Their dance routine was great.

The second act sang "I miss you" by Klymax. The third act was very different and the crowd seemed to have enjoyed it very much. Lashawn Freeman did a tap dance routine to "I Got Steam Heat." This act was refreshing and her costume was beautiful.

The fourth act took the crowd by storm. Five young men lip synced New Edition's dance routine and Flair Down Pat. This group really smoked.

The sixth act, a young man got off on Luther Vandross' song "Wait for Love." That young man really sang that song. For awhile I thought I was really at a Luther concert. In the seventh act, two young ladies showed a lot of energy and step with each other very well.

The eighth act, a young man sang, "You Are My Lady," by Freddie Jackson. The last act was too live. This group lip-synced adding their own rap words and beat box sounds to Dougie Fresh's "The Show." The crowd got involved and really enjoyed it.

This talent show was the best talent show CVS has seen in a long time. When I left the auditorium, humming "The Show" and "My Secret." Part Two was scheduled some time in January. I think Part Two has a hard act to follow.

Reprinted from the Trademaster 1986

Lip Sync can be good!

# TALENT SHOW WAS TOPS!

The group Dougie Fresh sang "Dougie Fresh."

"I Miss You," by Klymax.

T. Strange has the new look and sound.

LaShawn Freeman taps to the crowd.

New Edition was live!

# LUNCHROOM

A New Look! The McDonald's setting comes to CVS. At the beginning of the school year, the lunchroom got new colorful tables and chairs like the ones at McDonald's Restaurants. It was hoped that the new setting would inspire the students to take pride in their lunchroom and keep it clean. The food was improved to make the students more favorable toward eating in the lunchroom and being content about 'closed campus.'

Students can eat breakfast as early as 7:00 a.m. where they can choose delicious hot buttered pancakes; a traditional breakfast of eggs, sausage, bacon and toast; hot or cold cereal with a variety of beverages.

At lunch, they also have several choices of healthy snack foods: hamburgers or hot dogs with French fries; or a hot lunch menu.

The Lunchroom staff works hard to try and satisfy the students and faculty. Chances are they will never forget, one or two pancakes? One sausage? Two sausages? And 'No chocolate milk today.'

# DRAMA

Being the only Drama teacher doesn't bother Mrs. Czaja who makes the dream of acting come true for many CVS English students. She keeps a 'mother tyrant' or a 'pushy friend' attitude with her classes. She really gets close!

Drama classes perform many plays for students and teachers during the year. Awards for best actress—actor, best supporting and of course best play.

To prepare for an act, a student must study the personality of the character. Then he must read over his act five to ten times to get familiar with the play. An outline of the characters movements helps with rehearsal in the mirror. Drama is a copy of life and the actor must convey this to his audience.

Since Drama is a part of the English curriculum, students are taught grammar, writing, and speaking principles. Everyone who thinks they can handle it is welcome. You must care about people, life, like to read, be observant and have a 'C' average. The benefits are great, you will be able to speak and express yourself better which is necessary in all situations.

# DRAMA

17 Groups Performed these plays—

JUNE 1985 'Visitor From Forest Hills,' by Neil Simon

Won at the District 19 Competition on June 4, 1985 as 'Best Play.' The stars were Kimberly Paul who won as 'Best Actress,' Trent Leggs 'Best Actor,' Curtis Alghani 'Best Supporting Actor,' and Katherine Beger. Diane Mitchell worked as coordinator and director. The play's story line revolves around the efforts of a father and mother to get their daughter out of the bathroom on her wedding day.

Also performed at school: . . .

'Visitors from Chicago,' by Neil Simon, concerns two couples who started out together on a friendly vacation and ultimately got on each other's nerves.

'The Man Who Died at 12 O'Clock' by Paul Green involves a young couple's efforts to trick a drunken old grandfather into giving them what was rightfully theirs.

'A Marriage Proposal' by Anton Chekov was a 'farce' considering the selfish and underlying motives for marriage.

'Bedtime Story' by Sean O'Casey, concerns a young man's first encounter with a woman of questionable reputation which brings about his ultimate doom.

'Sorry, Wrong Number' by Lucille Fletcher, involves an invalid woman's efforts to report a murder plan she has accidentally overheard. Ironically, she was reporting her own murder.

'Waiting for the Bus' by Aamon Delgado, depicts the needs of the elderly to choose between the fantasy of a secure make-believe world or the reality of the indifferent, sinful world.

'The Trysting Place' by Booth Tarkington, displays the comical aspects of lone relationships in the different age groups, and the lack of understanding resulting from insecurities and self interests.

WITE OUT
WATER COLORS
WHILE YOU WERE OUT MESSAGE
XEROX PAPER
YARN
ZIPPERS

The above merchandise is listed for your information and guidance. It is by no means conclusive. In addition, the CANDY BARR stocks, for your pleasure, about 95 different candies, 9 assorted flavored cookies, 38 types of delicious chewing gums, 6 soft drink flavors, pickles and FREE MUSIC. Contrary to popular belief, candy is not a detriment to your health. Drop in and have some, soon.
